## CLOSING YACHT RACE DELAYED UNTIL MONDAY

Stiff Breeze Over Course Forces Postponement of Windup Cup Event.

### CONTEST STANDS EVEN

ABOARD U. S. DESTROYER GOLDEN-BOROUGH, off Sandy Hook, N. J., July 24 (via wireless).—The fifth and deciding contest of the international yachting series scheduled for today was postponed because of heavy weather.

Both Yachts, Resolute and Shamrock IV, were at the starting point when the official regatta committee held the signal postponing the contest.

The races will be sailed on Monday, it was stated.

Due to the twenty-five-knot wind the two yachts came to the starting point under small canvas. Resolute did not open her upper sail and had no fore-sail set. Shamrock had two working topsails.

Immediately after the postponement signal was hoisted a large fleet of excursion vessels and private yachts of every description, which went to the starting line in the hope of seeing the deciding race of the series, started back toward the harbor.

WIND TOO MUCH FOR FRAIL SLOOPS.

The regatta committee decided the high wind would be too much for the frail racing craft, which yesterday night too well.

Great disappointment was expressed by the spectators as the wind was just what the old salts had been hoping for.

However, each skipper notified the racing committee that he was willing that the contest be postponed.

Friday morning the chances of the America's cup crossing the Atlantic in the safe keeping of Sir Thomas Lipton looked considerably more than a possibility.

A remarkable sailing day that at times checked from mid-morning to a tropical squall, and a wonderful exhibition of handling the Resolute has changed all that.

With two wins each, Shamrock and Resolute next will meet for the deciding match Monday, and a cursory view of the races to date makes it appear that the big trophy is still in the grasp of the New York Yacht club.

ACQUAINTANCE SURE WIN.

With even ordinary luck the Resolute should have settled the matter before this. An accident robbed her of victory in the first race and when, on the second occasion, the race was called off after two-thirds of the course had been covered, she had a lead of half an hour.

On the third occasion they met Shamrock won handsomely. But the wind was not what she needed. She was favored with many a substantial puff of wind that was denied her opponent.

Resolute won the fifteen-mile windward and leeward event on Wednesday on almost time allowance. She has, therefore, virtually proved the victor in the first, second, fourth and fifth starts.

Yesterday's performance was a triumph for Resolute and Shamrock was never in it.

The outstanding feature in Resolute's success is the way she is handled by her skipper, Charles Francis Adams. He has captained William Burton, the Lipton, captain, in every point of the game. There have been times when the latter was made to look foolish.

At the same time there is a strong opinion here that the Resolute has been radically wrong with the handicapping.

The Englishmen have stated that this is the last time they will come to America waters to race under the existing rules, and there are some who are of the opinion that the water who believe they are quite justified.

Monday's race will be a fifteen-mile beat to windward, and the same distance to leeward home before the wind. The boats have met in this type of contest three times already and on each occasion Resolute has won hands down.

Therefore, it is not surprising that some always to be reckoned with in the night race, the American should cross the line Monday without calling on her allowance.

STRUCK NOW STANDS EVEN.

Resolute, by winning yesterday's race, set the series on an even basis, each yacht having won two races.

Charles Nicholson, designer and builder of the Shamrock, said today he was satisfied with the new boat which was built on the new bow which was built on the Shamrock after being sent over from England.

The designer was frank to admit that in taking in the club top rail and setting a working topsail when a squall was seen approaching during yesterday's race, Shamrock was gambling on the Resolute's top hammer giving way before she could finish.

Nicholson blamed a wind pocket which was encountered shortly after the start for Shamrock's defeat yesterday.

The summary of the race Friday follows:

Yachts. Owner. Start. Finish. Resolute—R. W. Emmons. Shamrock—Sir T. Lipton. Elapsed Corrected Time. Resolute 3:37:32 3:31:12 Shamrock 3:41:10 3:41:10 Resolute wins by 30.3 minutes elapsed time; 39.58 corrected time.

BLOOMINGTON, Ind., July 24.—The Indiana university football team will play the Mississippi university eleven at Bloomington Oct. 9, it was announced Friday by Ewald O. Stehm, director of athletics at Indiana.

The game will take the place of that scheduled with Rutgers college at New Brunswick, N. J., which was canceled because of the length of the trip.

STRUCK TO WHITE SOX.

BOSTON, July 24.—Manager Ed Barrow of the Red Sox yesterday notified President Johnson of the American league that Boston withdrew all claim to Outfielder Amos Strunk, who was released by the Philadelphia Athletics and has been claimed by both the Red Sox and the Chicago Americans. Strunk played with Boston last year.

## Gaston Chevrolet in Match Event With Milton and Mulford

Gaston Chevrolet of this city, winner of the 1920 Indianapolis Motor speedway 500-mile automobile speed classic, announced today that he will meet Tommy Milton, world's speed king, and Ralph Mulford, in a special match race of 100 miles for a purse of \$10,000, over the Columbus driving park road course, Columbus, O., Aug. 1.

The purse is offered by the Columbus Driving club, under whose auspices the race is to be staged.

Chevrolet will drive a Frontenac car, a duplicate of the Monroe in which he won the victory over the Indianapolis track recently. Milton will drive an "eight in a row" Duesenberg, while Mulford will pilot a Mulford special, equipped with a Duesenberg motor.

Milton, Chevrolet and Mulford have been the leading light in several races staged throughout the country since Chevrolet gained fame on the Indianapolis oval, and the event at Columbus promises to be one of the most interesting of the season.

Inter-city Doubles Finals

CLEVELAND, July 24.—Roland Robertson and Charles Griffin have met the inter-city doubles tennis tournament at the Cleveland tennis club today. The winners of the inter-city doubles tennis tournament at the Cleveland tennis club today.

In yesterday's sessions Hall and Beckman defeated McElroy and McLean, 6-3, 6-2, 6-1, and Hall and Beckman won from Westbrook and Rolland, 6-0, 7-5 and 8-6.

Tomorrow's schedule follows: 9 a. m., Hargan vs. Deery, Lott vs. Lyons, 10 a. m., Miller vs. Bettes, Duffey vs. Kirk, 11 a. m., Hargan vs. Joe Kirk, 12 p. m., Robinson vs. Matthews, 1 p. m., Bill Nagel vs. McDevitt. This last match will be a best of three sets event, as both Nagel and McDevitt drew first-round byes.

Due to the shortage of courts at Willard, it will be impossible to play off all first-round matches tomorrow, as the tournament players must leave room for the outsiders in the afternoon, but play will be held every Sunday morning until the championship of the club has been decided.

Duffy, Thomas and Hargan are three players who have a chance to win the championship. There are several other youngsters who might come to the front and bump off any one of them without causing a big stir among the east side fans.

Bill Deery and Joe Kirkhoff are two players who might also take away the honors of the meet. There has always been strong rivalry between the Willard and east side players in the tournament, and it is expected that the tournament should bring out some real tennis.

East side players wishing to join the Willard team and play in the tournament should report at the courts tomorrow morning, as entries will be received until 12 o'clock.

ACTIVITY GROWS IN INDEPENDENT SERIES

Entries for teams in the independent amateur baseball tournament will close Aug. 5. Entry blanks may be obtained at any sporting goods store. On Aug. 12 a meeting will be held of the managers of all teams entered, at which time rules will be adopted and drawings made for the tournament.

The manner of conducting the tournament and all details of the arrangements and rules will be taken up at this meeting. Direct every team entered will have its part in arranging for the elimination series.

Every independent amateur team in the city should enter this series in order that an independent amateur championship may be established.

A number of the strongest teams have signified their approval of the plan and have entered the series.

These teams represented at the recent meeting in the park board offices should fill out application blanks. There is no charge in English waters.

"We never knew the winds were so variable. This is my first experience of sailing in these waters. Though we pointed very well in yesterday's race and we beat Resolute in reaching, we were Shamrock's mast a little and this, we think, helped a great deal in our windward work."

Nicholson said he was not satisfied with the new bow which was built on the Shamrock after being sent over from England.

## Rooters Tune Up for Indians' Game Tuesday

Loyal followers of the Indians have become worked up to such an extent over the great drive being staged by Jack Hendricks' team that they are contemplating an enthusiastic welcome to the club when it makes its return appearance at Washington park Tuesday in a series opener with the Milwaukee Brewers.

There long absence of the Tribe and its remarkable record of victories have caused the spirit of the local fans to run high and the rooters hardly can wait to rush out to Washington park Tuesday.

In fact there are indications that the biggest weekday crowd seen at the Tribe lot in several years will be on hand to greet the gallant Hoosiers.

The Indians will have a run-off day Monday and will be in grand form to start the home stay with plenty of action.
