

UNION LEADERS AGAINST STRIKE

Order for Referendum on Rail Award Urges Acceptance.

CHICAGO, July 24.—Recommendations that the award of the United States railroad labor board handed down Tuesday be accepted by all railroad unions were in the mails today.

Union leaders in conference here prepared final instructions to the rank and file, urging favorable action, in an immediate ballot on the award.

The order's tone was against strike action.

Leaders of the outlying organization of switchmen which called a nation-wide strike last April voted last night to reject the award.

They objected because no provision was made for seniority rights of men who struck at that time.

John G. Grunow, president, was instructed to demand for settlement without yielding this point.

Federal action against the outlying organization was seen before the federal grand jury here Wednesday.

The jury will consider the outlying strike situation and the arrest of Grunow and other leaders for alleged violation of the Lever law.

The railway wage board continued hearings on the railroad expressmen for increased wages.

The company has indicated it favors an increase.

The board expected to complete hearings early next week.

Hold Two Boys During Sifting of \$1,200 Fire

Two small boys, one white and one a negro, are held in the detention home today following a fire that destroyed nine buildings near Columbia avenue and Seventeenth street at 4 o'clock yesterday afternoon.

The police say the boys started the fire.

Patrolman Purvis arrested five persons charging them with driving over fire hose.

The loss was estimated at \$1,200.

Mrs. Emma McKee, 1647 Columbia avenue, was the heaviest loser, the fire destroying a barn and a house.

The fire was discovered in the barn of Robert Wilson, 1651 Columbia avenue.

A shed in the rear of the home of Clarence Miller, 1648 Martindale avenue, was destroyed and seventy-five chickens burned.

Sheds and garages also were damaged.

A one-story frame shed at the Citizens gas plant, Prospect street and the Bell railroad, was destroyed by fire yesterday afternoon, the loss being \$500.

Frank Gibblin Quits Police Department

After thirty-three years as a member of the police department Patrolman Frank Gibblin resigned and was placed on the retired list today.

Gibblin was appointed before the metropolitan police force was organized and reappointed in 1891 when the new department came into existence.

He served on the force continuously with the exception of five months during 1914.

Gibblin was made a sergeant in 1898 and held this rank for six years.

In 1900 he became a desk man at station 4 on Prospect street, where he served until 1915 when he was transferred to the Union station.

Recently he has been detailed to the information desk at headquarters.

Gibblin was known for his ability to remember the faces of law violators.

Overtime to Be Paid to Deputy Assessors

Deputy assessors of Anderson township, in Madison county, will receive pay for overtime work, according to an engrossed senate bill which has been passed by the house of representatives.

Some opposition was given the bill, but passage was effected by a vote of 63 to 11.

Senator Alldredge, who introduced the bill, pointed out that more than \$800 in overtime was paid by the township in 1919.

Conditions were such in that township, according to Representative Swain, that work was delayed at the outset and that the assessor's staff was forced to work beyond the time set for completion of the work.

Richmond Folk Look Into Mayor's Conduct

RICHMOND, Ind., July 24.—For the purpose of "inquiring into the actions and conduct of Mayor W. W. Zimmerman," the city council held a special session Friday, which lasted from 2 until 7 o'clock in the afternoon.

Action was deferred, however, until a citizens' committee, which was appointed at a meeting of 200 business and professional men, have had sufficient time to investigate and unravel some of the mysteries of the badly tangled municipal administration.

As a result of the unrest and confusion in the affairs of the city, Harry Gilbert, president of the board of works, and City Attorney Byram Robbins have resigned.

Naughty Squire Law Passed by Lower Body

Engrossed senate bill No. 404, by Senator Duncan, amending the phraseology of a former act of the legislature regarding the penalty for violations of law by notaries public and other officers in banking institutions and similar organizations, was passed yesterday by the lower house.

The penalty consists of fines ranging from \$10 to \$100, and imprisonment of from ten days to sixty days in the county jail.

Negro Politician Found Guilty by Jury

Beverly Howard, negro politician, was found guilty of keeping a gambling house, fined \$10 and costs and sentenced to serve thirty days at the Indiana state penal farm by a jury in criminal court.

Howard was arrested July 31, 1919, when Lieut. Edwin C. Ball and a police squad raided his dry beer saloon, 1115 East Sixteenth street, and found a "craps game" in progress in a rear room.

In police court Howard was fined \$10 and costs and sentenced to serve ten days in jail.

BRANDS MAN WHO ATTACKED WIFE

Horsewhipped and Sent Him From State, Is Testimony

VANCOUVER, Wash., July 24.—Branding with a red-hot iron, administering a horsewhipping and shipping him out of the state, was chosen by Alvin Steigewald, a well-known Washington dairyman, as punishment for Walter Groth, an employee, whom he accused of attempting to violate the sanctity of his home, according to a statement made by the former to county officials.

According to the information gained by the investigators, Steigewald returned to his home and found his wife in tears, sobbing out Groth's name.

Steigewald claims to have taken his shotgun and hunted Groth.

He changed his mind, he said, about killing Groth, and determined to brand and horsewhip him and send him out of the state.

Attorney Yates, investigating the affair, stated that Steigewald told him he paid Groth's fare out of the state and that, realizing that Groth's wife and 14-day-old baby would be entirely destitute, took them under his protection and arranged for them to be found their relatives in Portland.

In The Land of Make Believe

Under present arrangements Paramount pictures will remain at English's until Aug. 23, when the stage will be given over to a stage production of Abe Martin.

Harry K. Burton of Indianapolis is financially interested in the venture, and the present plans call for a two weeks' engagement of the comedy at English's.

The Park will open its regular season on Aug. 9 with "Razzie Dazie," a girl show, and the house will be completely redecorated by time of the opening of the new season.

The box office drawing power of William Faversham as a movie actor was well demonstrated the last six days at the Ohio.

We think that Faversham did more to establish himself in the love and affections of the theater going public when he gave an all-star stage production of "Julius Caesar" some years ago.

The public has never forgotten his sincerity of purpose at that time, and he has carried the same purpose into the movies.

A number of people have informed us that they agree with this department in saying that Elizabeth Patterson this week has been giving as Mrs. Bunting, the hysterical lodging house mistress in "The Lodger" the finest characterization of the Walker season so far.

Nothing finer has been done in many months on the stage than the work of Miss Patterson—that's our opinion and the public as well.

Aldrich Bowker, who has been appearing each week with the Stuart Walker players at the Murat since the current season opened, leaves tonight for his farm near Nantua, N. H., where he intends to spend several weeks in complete rest.

Mr. Bowker last season was with the "Seventeen" company which made the transcontinental tour.

Dixie Hines of New York City sends us the following theatrical items from the big city.

Nance O'Neil will begin her new season in "The Passion Flower" in Philadelphia on Sept. 5.

"Little Miss Chirity" which is such a clever play that the Belmont theater was tendered for a production, will begin there next month.

Annie Hughes, the English actress, who has been a conspicuous player in American productions for the past ten years, returned to the United States this week.

Idea Payne will sail from London for his return to New York next month. He will arrange for the production of two plays from his pen before departing from London.

Langdon McCormick, besides his thrilling melodrama, "The Storm," will have a group of gripping dramas on the boards this year. "Roaring River," "The Night Watch" and "Thunder Mountain" are among them.

Robert Rendel, the English actor, whose personal success has been pronounced, as well as Helen MacKellar, who has won stardom in this play and Edward Arnold will complete the trilogy of leading players.

Mercedes Desmore, who is to appear this year in "Three Live Ghosts," has been invited to appear in a series of seven performances as well. She recently scored a distinct success in "Hedda Gabler" and "The Master Builder," when they were produced in New York.
