Vincennes Will Not Hold Fair This Year

Special to The Times.

VINCENNES, Ind., July 26.—For the first time in many years there will be no county fair in Knox county this year, but in its stead the farmers' federation will give a day's outing to be held at the fair grounds on Sept. 4, which, according to an announcement by E. C. Ward, president, will eclipse all previous events held by farmers in this locality.

There will be live stock shows, corn judging contests and talks by representatives from Purdue university.

Good music has been arranged for and plans have been made by which farmers from other counties will come to Vincennes to participate in the event.

Need Regulation, but Board Has Not Time

The movement and prices of coal should be regulated, but the public service commission does not desire the job, according to E. I. Lewis, chairman of the commission, who contends that body has not the time to attempt to handle the coal supply.

Mr. Lewis said there must be some regulation, but that he was not sure whether state or federal regulation would be better.

He quoted figures to show a constant increase in the price of coal.

Removes Wrinkles and Refreshes Tired Faces

As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent-tonic lotion should be used these days. Dissolve an ounce of pure powdered sassailla in a half pint of witch hazel. Bathe the face in this and see how quickly the wrinkles and furrows will disappear—and how much younger you will look! There's nothing better for sagging cheeks or double chin, or for enlarged pores.

Use this simple lotion during the heat of the day and you will find it wonderfully refreshing. You will lose that wilted, tired look. The ingredients of course are perfectly harmless. Be sure to ask the druggist for powdered sassailla.—Advertisement.
