

POLES PLANNING TO QUIT WARSAW; REDS CROSS BUG

(Continued From Page One.)

After war and available for use against the Russian army.

Commandant Desvieux, military expert of the Matin, expressed the opinion that the Poles' only chance is to mass all available forces in front of Warsaw and then begin a series of strong counter thrusts.

SAYS CONGRESS SHOULD HEAR POLISH QUESTION

WASHINGTON, Aug. 4.—President Wilson should reconvene congress at once and lay before it the Polish situation if necessary to insure the United States' recommitment to help maintain the independence of the Polish nation, declared Senator King of Utah, a democrat, here today.

King asserted that the United States was a party to promises made before the armistice, and repeated in the armistice terms, to support Poland as a free state.

It would not do now, he said, to let those promises go unredemmed.

King disclosed the fact that in 1918 Lord Reading, the British envoy to the United States, on behalf of his government, urged President Wilson most earnestly to send American troops into Russia to fight the bolsheviks in concert with the allies.

But the president declined on the ground Russia might be driven away from the allied cause.

Senator Hitchcock, administration leader, said the president can do nothing about Poland without calling congress, except to express formally his sympathy or moral support.

CHARGE BRITAIN WOULD 'PORTUGALIZE' FRANCE

PARIS, Aug. 4.—The charge that Great Britain is trying to "Portugalize" France is in the leading editorial of the newspaper Paris Midi today.

It is the bitterest attack upon England since the armistice was signed and is supported by similar editorials in the newspapers L'Avenir and Intransigent.

"England wants to reduce us to the state of economic vassalage like Portugal," said the Paris Midi.

"If Portugal takes a decision contrary to English interests the British cabinet discreetly advises Lisbon and the Portuguese cabinet then annuls the decision."

"Lisbon yields because Portugal is the financial and commercial prisoner of England."

"True, France has 40,000,000 inhabitants, but it is also true that England rules many millions."

L'Avenir attacks England because of the coal agreement at the Spa conference.

Intransigent declares the English mission at Warsaw refused to aid the Poles, leaving the task to France.

RED CONQUEST GROWS TO WORLD PROBLEM

LONDON, England, Aug. 4.—Russia's conquest of Poland is swiftly growing into a world problem, it was admitted by officials of the British foreign office today.

Since the Boulogne conference it has been impossible for the British government to communicate with George Tchitcherine, the soviet foreign minister, and belief was expressed today in official circles that the faction headed by Leon Trotsky, the soviet war minister, has obtained the upper hand in the inner councils of Moscow and is pressing successfully for "a world conquest for communist ideals."

"With the Russian army still smashing its way through Poland and drawing nearer hourly to Warsaw, the British foreign office today stated to the International News Service that if the armistice negotiations between Poland and Russia are delayed a few days longer, it will result in the abrupt expulsion of the bolshevik trade mission headed by M. Krassin."

This is a direct threat to the soviet government at Moscow.

The sun and substance of it is that Russia just agrees to make a liberal peace with Poland at once and withdraw her army from Polish soil or the economic blockade now existing against Russia, will be drastically tightened.

Aside from the gigantic military operations now in progress on the Russo-Polish front, the most important development today was the revelation of the foreign office concerning political relations with Moscow.

SILENCE FROM TCHITCHERINE.

Up until the Boulogne conference the British government was able to communicate daily with M. Tchitcherine regarding trade matters and prisoners.

But since the Boulogne conference it has not been possible to obtain a word from the soviet foreign minister on any subject.

It is this strange silence which led to the conclusion on the part of the foreign office officials that the Trotsky faction had gained domination.

Russia, according to a dispatch from Helsinki to the Daily Express, has broken off negotiations with Finland and the Russian envoys saying they can get along without a Finnish commercial agreement.

The seriousness of the European situation is emphasized by the activities in both London and Paris.

Premier Lloyd George has arranged for an immediate conference with Premier Millerand of France.

The time and place have not yet been announced.

The soviet war office communique today showed that the Russian army is drawing closer to Warsaw on two sides.

The Bug river, where military experts expected the Poles to make a stand, has been crossed by the Russians at several places.

The Reds are approaching Siedlce, only fifty-three miles east of the Polish capital.

Berlin reports that the poles, assisted by French soldiers, are getting Warsaw ready to withstand a siege.

According to a Russian wireless dispatch, picked up at Berlin, the Russians planned to be in Warsaw before next Monday.

Already they are close to the "corridor" between Warsaw and Dantzic, marked out by the Paris peace conference.

This was the day upon which the Polish armistice envoys were to report at Minsk, if they were empowered by the

PROTECT THE GARDEN FROM ENEMIES

Every reader of The Times is entitled to a copy of the valuable book prepared by the United States Department of Agriculture and distributed by the Washington Information Bureau of this newspaper.

This book guards the home vegetable garden. It is written in clear language for quick action. It tells how to control the diseases and insects that prey on gardens. It is of value right now and you will want to save it for next year.

Write your name and address plainly on the attached coupon and mail as directed.

Dead Rattler Fangs Almost Prove Fatal

GERING, Neb., Aug. 4.—Maynard Beers, 12, nearly lost his life when bitten by a dead rattlesnake.

Beers had chopped off a rattler's head and buried it.

He poked his fingers in the ground and the fangs closed on his hand.

Polish government to enter into peace negotiations with the Russians.

No word has come through of such a meeting.

PAPERS SAY PERIL EQUAL TO 1914

LONDON, Aug. 4.—The perils confronting the world as a result of the crushing campaign of the Russian red army against Poland parallel those existing in August, 1914, according to the Globe today in its comment upon the eastern European situation.

The Westminster Gazette emphasizes that the allies are dealing with a powerful, unified nation, flushed with victory and commanding the greatest organized army in the world.

The entire press is agitated over the situation.

'ASKING NOTHING, SHE ONLY GAVE'

Women Adopt Resolutions in Memory of Mrs. Sewall.

Memorial resolution honoring the memory of Mrs. May Wright Sewall have been prepared by the committee appointed at the recent meeting of local club women at the Propylaeum.

The resolutions, in part, read as follows:

As representatives of the friends of May Wright Sewall, including her former pupils, the members of over 100 organizations of women, of others who have been associated with her in various kinds of civic effort, and also of those who were bound to her by strong personal attachment, we wish to make some expression of our appreciation of her and her work, and of the gratitude which we, as women and as citizens, owe to her.

First of all, she was a teacher, and it was as a teacher that she loved most to be remembered. Kind and often indulgent, personally she meant that the school work should be like the work of life, fixed and unending, in no way to be avoided. A task is either done or it is not done. The result is all that counts. Whether you have an excuse or not, is unimportant.

There are hundreds of women today whose lives testify to the impelling force of this stern rule—a force that grows with each year's experience.

She had distinct and the social gift. It might be only a cup of tea that she offered, but it stood for the bread and wine of wise and friendly talk, of wit and gaiety.

DEVOTED TO WOMEN'S ADVANCE.

She was passionately devoted to the idea of the advancement of women, and until she felt that equal suffrage was secured, all of her work, all of her time for relaxation, all of her thought, indeed, was directed and filled by her unceasing devotion to the political emancipation of women.

Realizing the power of numbers, she called together the various organizations of women in the city and united them in the local council of women.

From this nucleus sprang the Indiana Federation of Clubs, which was the first state organization of such nature.

Later she assisted in organizing the Indiana Union of Clubs, which was the first national organization of such nature.

In Indianapolis, Mrs. Sewall was one of the moving spirits and organizers of the Woman's club, and was also the founder of the Indianapolis Contemporary club, and most important of all, of the Indianapolis Art association.

HER GREATEST ACHIEVEMENT.

Her greatest achievement of her life was her share in the conception and founding of the International Council of Women.

The first quinquennial congress was the most brilliant gathering of women the world had ever seen.

Its success was principally due to her remarkable powers of organization, her trips to Europe to interest leaders there in the movement, and her tireless work.

This great and good woman is gone. Some of us regret that while she was here we did not make our appreciation and affection more plain to her.

She was utterly without malice, anger or suspicion.

She asked for nothing—she only knew how to give.

And, knowing this, we need only to realize that for a while it was our privilege to walk with this pilgrim soul.

The women signing the resolutions include Mrs. Mary Jameson Judah, Miss Katherine Huntington Day, Mrs. Felix T. McWhirter, Miss Maude Lucas Rumpel and Mrs. John Downing Johnson.

Removal of Marion Home Men Problem

SPECIAL TO THE TIMES.

MARION, Ind., Aug. 4.—There is much speculation here as to what disposition will be made by the government of the 1,200 veterans enrolled at the Marion branch, National Military home, 288 of whom are confined in the hospital and more than 800 are away on furloughs.

Just where these veterans will go when the institution is transformed into a national sanitarium for the treatment of sick and disabled soldiers of the world war, remains problematical, but they may be distributed to other homes.

A complete new set of officers will be placed in charge of the new institution and no one seems to know what will be done with the present officials.

The facilities for hospital service are to be greatly extended by the erection of new buildings and additions to the old.

Archbishop Mannix to Land at Liverpool

LONDON, Aug. 4.—Archbishop Daniel Mannix will be permitted to land at Liverpool on his arrival from New York, it was learned officially today.

The movements of the prelate, whose statements in America indicating sympathy with the Sinn Fein angered the British officials, will not be interfered with unless he becomes "obnoxious," it was stated.

If he seeks to visit Ireland, however, he will be halted.

AIRPLANES WILL RAID MEXICALI

De La Huerta General Tells Plans to Quiet Cantu.

CALEXICO, Cal., Aug. 4.—An attack on Mexicali by five planes sent out from San Luis, Sonora, is under official contemplation as part of the De La Huerta military campaign against Gov. Estaban Cantu of lower California, according to Col Roberto Cuevas, who arrived here today from Hermosillo and went into immediate conference with Manuel G. Parades, De La Huerta's consular agent at Calexico.

Col. Cuevas, who went through the recent campaign that overthrew Carranza, is here, he said, to lay plans for the military expedition to move on Cantu from Sonora.

It is he who will likely lead an army of 2,000 cavalrymen and the squadron of airplanes with which the government is threatening to attack from the east.

According to Col. Cuevas, the five planes are being sent from Chihuahua. They will be flown to San Luis, just across the Colorado river from lower California, where a base will be established for raids over Mexicali and Ensenada.

Such an air force would likely be much formidable more than Cantu's small Curtiss planes, of which he has two or three.

WASHINGTON, Aug. 4.—The Mexican government has informed the American embassy at Mexico City that every possible precaution will be taken to protect Americans in Lower California and Mexico and to safeguard their property in the vicinity of the border, the state department announced today.

Seriously Hurt When Horse Runs Into Car

SPECIAL TO THE TIMES.

EVANSVILLE, Ind., Aug. 4.—Louis Sibley, son of Charles Sibley, manager of a hotel here and former postmaster, was probably fatally injured today when thrown from a horse.

He and three others were racing through the fashionable part of the city when Sibley's horse ran into a moving street car.

The horse was killed and Sibley thrown.

He is suffering serious internal injuries.

Mule Kicks Life Out of Miner at Burnett

TERRE HAUTE, Ind., Aug. 4.—Kelth Haines, 22, a coal digger at Burnett, Ind., was killed instantly Tuesday when he was kicked above the heart by a mule as he was leaving the mine.

His wife, with two other women, was killed by a Big Four train in April at Burnett.

Disarmament Riots Expected in Germany

BERLIN, Aug. 4.—Riots were feared in Berlin today as workmen, many of them armed, gathered for a meeting in the Lustgarten to protest against the new disarmament law.

Leaders of the demonstration declared the law was aimed at the workers exclusively and advised their followers to bring arms to the meeting.

AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured in figures, what a terrible array they would present! Through childhood, widowhood and motherhood, home, school, office, and business, women are often suffering with backache, pains in side, headaches and nervousness which are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—can undoubtedly correct.

Women who suffer should not give up hope until they have given it a trial.—Advertisement.

Elks Play Big Brother Role

Movies, Picnic, 'n Everything for Five Hundred Joyous Orphans.

"I just love Elks; they have the best ice cream!" declared a demure miss of 4 today at the annual outing of the Elks for the orphans of Indianapolis.

For twenty-five years lonely little hearts have made Elks day a "red letter" on their calendar, counting the days until it comes again.

Approximately five hundred tots from the Indianapolis Orphans' Home, German Protestant Home, Children's Guardian Home, Sisters of the Good Shepherd and Colored Orphans' Home enjoyed the unfolding of a panorama of delights.

First came the parade to the Circle theater, headed by the Newsboys' band, where Constance Talmadge, in pictures, gave a special performance for them at 8:30 this morning.

There was the ride to Riverside park, where merry-go-rounds, shoot-the-chutes, scenic railways and all the other amusements were given a trial.

At noon there came the most important event of the day—the "eats"—and plenty of them; fried chicken and ice cream and cake featuring conspicuously in the menu.

A few short speeches were made at the close of the dinner.

All kinds of contests and athletic events will be staged in the afternoon and the winners get prizes.

In the evening cars will take the picnicers home. Each child will also get a present.

George W. June, veteran Elk, originated the annual picnic for Indianapolis orphans twenty years ago this month.

This year's program was in charge of Leonard M. Quill, chairman of the executive committee and H. G. Spellman, vice chairman.

The committee in charge of the program are as follows:

Parade—P. E. Painter, chairman; Frank Shellhouse.

Transportation—Mike Jefferson, chairman; Frank Brown, James Trotter, W. Taylor, Claude Wallin.

Amusements—Cliff Richter, chairman; John Kanter, Arthur Robinson, George W. June, Fred Pister, Frank Baker.

Refreshments—H. G. Spellman, chairman; P. E. Painter, Fred McNeely, Jack Quill, Frank Cullinan, Dale Stout.

Prizes—Hubert S. Riley, chairman; Al Donahue, John Orman, W. G. Taylor.

Gifts—Red Halloran, chairman; Charles Slipher, Ralph Lemke, George J. Marott, James—Charles Grossart, chairman; Joseph Euer, William Howard, Joseph Clarke, Joseph Foy.

Public Safety—Charles W. Jewett, chairman; Jerry Kinney.

Medical Staff—Dr. J. C. Kincaid, chairman, and Drs. Gauderding, Sims, Pith, McCool, Batchfield and Owens.

Police Force in Jail

LEONIA, N. J., Aug. 4.—Residents of Leonia sought a new police force today. The former force was in jail in Newark. It was arrested for carrying a revolver.

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and for pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark of Bayer Manufacturers of Monocellulose of Salicificacid

At Last, Relief From Rheumatism

Now is an Excellent Time to Get Rid of its Tortures.

Victims of Rheumatism should take advantage of the warm season which is so favorable to the proper treatment for this painful ailment.

Rheumatism is more than a mere local disorder confined to the locality of the painful parts. It can not be rubbed away, because it is a deep-seated disease that has its source in the blood supply. The tiny pain demons, the millions of little disease germs that cause the disease must be

reached and eliminated from the blood before real relief can be had.

S. S. S. has been successfully used for Rheumatism for more than fifty years. It is the most thorough, and reliable blood remedy because it searches out and eliminates all disease germs which infect the blood.

Go to your drug store and get a bottle of S. S. S. today, and begin to take a rational, sensible treatment for Rheumatism that will show results. For free expert medical advice regarding your own case, write fully to Chief Medical Adviser, 603 Swift Laboratory, Atlanta, Ga.—Advertisement.
