

MORE M'CULLOCH DATES ARRANGED

Democratic Candidate for Governor on Chautauqua List.

Although the democratic campaign in Indiana will not be opened officially until Aug. 19, when Gov. James M. Cox of Ohio, democratic presidential nominee, will address the midsummer outing of the Indiana Democratic Editorial association, the speakers' bureau of the state committee is arranging dates for state candidates for almost every day previous to that time.

New dates were given out today for addresses by Dr. Carleton E. McCulloch, democratic candidate for governor.

Friday, Aug. 13, Dr. McCulloch will make an address at the Adams county fair at Decatur.

The next day, Saturday, he will speak at the Rushville chautauqua.

This day will be known as "democratic day," and Henry N. Spain, candidate for congressman from Marion county, also will be on the program at the chautauqua.

Wednesday, Aug. 18, Dr. McCulloch will speak at the old settler's reunion at Clay City.

Some misunderstanding exists regarding the date on which Franklin D. Roosevelt, democratic presidential candidate, will speak in Indiana.

The original understanding was that Mr. Roosevelt would be in the city Aug. 30, but State Chairman Bosse, who conferred with the nominee in Dayton last Saturday, is under the impression that Roosevelt would be here Aug. 31.

A telegram has been sent to the national speakers' bureau by Bert Hendren, manager of the Indiana speakers' bureau, to ascertain the exact date of Roosevelt's address here.

The Roosevelt meeting will be held in Tomlinson hall.

Practically every candidate on the democratic state ticket is making arrangements to attend the outing of the democrat editors at South Bend, Aug. 19, when Gov. Cox will formally open the Indiana campaign.

Arrangements are being made to care for thousands of persons.

War Marriages Find Way to Divorce Court

BOSTON Aug. 12.—Are war brides tiring of their husbands?

This is the question the sociologists are asking while keeping an eye on the Suffolk county superior court divorce dockets, where startling figures are arousing attention.

The three most likely candidates are M. Millerand, who by the autumn will have earned well-merited repose. Gen. Castelnau, one of the most devious and sly, and he cannot do so without this period the national will be called to Versailles and a new president elected.

Signs are not wanting that already

there is much intrigue on foot to appoint

a successor, should one be needed.

a successor, should one be needed.

But, according to a statement made by

the ex-premier, M. Viviani, Marshal Foch

will be elected president of France should

M. Deschanel be unable to remain in of-

fice for the full length of his term.

General Viviani is a popular parliamentarian,

and while he may be unable to control

his opinion, it is difficult to believe that

a national assembly which refused to

elect M. Clemenceau, for fear of what

he might do at the Elysee, would con-

sent to elect an avowed militarist like

Foch.

'PASS TH' BUCK' IS U. S. PASTIME

Educator Calls Americans Expert Responsibility Dodgers.

COLUMBUS, O., Aug. 12.—"America suffers from the vice of superficiality."

"We are temperamentally not equipped for patient, thorough-going work."

"We always are in a hurry."

"We are experts at shifting responsibility."

"Americans thrive on 'passing the buck.'"

This is the arraignment voiced by Dr. Marion L. Burton, president of the University of Michigan, in an address here on "What the Schools Must Do."

President Burton declared that "a new emphasis on the old-fashioned demand for accuracy" is desirable.

"We must teach our boys and girls that it is not a haphazard world in which they live."

"We must see that this question of accuracy does not drop down into the fibers of our national life."

"The great question is not so much what you teach as how you teach it."

"Nine minds out of ten accept polished passively."

"Only one in ten sensitively reacts."

"We must quicken our boys and girls until they respond to the problems that confront the world."

"We must make our teachers, well-paid teachers are indispensable."

"With the cost of living doubled, salaries of teachers should be doubled."

ORDER INCREASE IN TWO COUNTIES

Jasper and Jackson Affected by New Valuations.

Following action on the certification of

the reports of the Harness, Shely, John-

son and other county boards of review

which have not approved the horizontal

increases of the state board of tax com-

missioners, the state board has ordered

county-wide horizontal increases in valua-

tions for Jasper and Jackson counties.

Increases of 11 per cent on real estate

and 23 per cent on personal property in

Jasper county, were ordered.

Action will be taken tomorrow on the

reports of the Adams, Elkhorn, and

Shelby county who appeared in person

before the board and requested the per-

centage of increases in that county be

changed to provide a larger percentage on

personal property and a reduction on

valuation of real estate."

BALANCED ROCK NOT 'SIDESHOW'

Fence About Curiosity May Cause Lawsuit.

COLORADO SPRINGS, Colo., Aug. 12.—A "four-bit fence" has been erected around the Balanced rock in the Garden of the Gods, one of the most famous scenic spots in the Rocky mountain region, and extensive litigation is expected to follow between the town of Manitou and Curtis Goerke, who declares that the Balanced rock is property to which he has title.

Deputy sheriffs may be called upon to police the grounds surrounding the rock to insure tourists a view of the scenic wonder free of charge.

When tourists complained that Goerke

was charging a "four-bit" fee,

50 cents, authorities of the town of Mani-

tu immediately ordered him to discon-

tinue the fee, whereupon Goerke built a

fence across the roadway passing within

twenty-five feet of the scenic attraction,

and it is said, refused to allow tourists

to pass until they parted with the "four

bits."

Twice the obstruction was removed by

town officials, only to be replaced by

Goerke.

For suit for an injunction against Goerke

will be asked by attorneys for the town,

and will be filed in the state court at the

spot to stop the man from enriching him-

self at the expense of travelers desirous

of seeing the Balanced rock.
