

\$300,000 LOSS TOLL TAKEN BY 50. BEND FIRE

Two Firemen Injured in
Flames at Sewing Machine Plant.

SOUTH BEND, Ind., Aug. 18.—Two firemen were slightly injured and damage estimated at more than \$300,000, was caused by fire in the sheds belonging to the cabinet works of the Singer Sewing Machine Company here today.

The first alarm was sounded at 12:10 a. m. and at 10 o'clock this morning it became apparent it would be late this afternoon before the firemen could cease their efforts.

The fire was under control shortly after daylight but the stacked veneer continued to smolder and workmen were put to work taking the piles away.

Shortly before daylight two firemen were caught by a falling wall, but were quickly rescued without serious injury.

The Singer Manufacturing Company maintains its own insurance fund.

The cause of the fire is undetermined.

2 KILLED, 5 DYING RESULT BIG EXPLOSION

MUSKOGEE, Mich., Aug. 18.—Two men known to have been killed, five others are believed dying and searchers are still seeking bodies of possible victims of three explosions which wrecked the rubber plant of the Brunswick-Balke-Coller Company here today.

Those killed and injured were caught in a fire which followed the explosions.

Company officials are checking their records to establish an accurate list of killed, injured or missing.

The fire burned for two hours before it finally was placed under control.

FIREMAN KILLED IN FIGHTING FLAMES

NEW YORK, Aug. 18.—One fireman was killed and seventy others overcome during the night in a three-hour battle with a flaming pit under a store in Fourteenth street.

The pit in which the fire started was a storeroom containing a large quantity of celluloid.

Many fighters used gas masks in combating the flames.

VICTORY COMES AFTER TIE VOTE TO TABLE BILL

(Continued From Page One.)

wrath of the anti. Turner's unshaken stand by his pledge was cheered again and again by the packed galleries.

The ratification resolution can not be reported to Secretary of State Coby until all chance of reconsideration is over so two days more of frenetic session remain before the ratification is absolutely complete.

It came at the close of ten days of the bitterest conflict ever held in the Tennessee legislature, during which suffrage opponents used every night and legislative trick to block ratification.

It was freely charged by suffrage members that the "interests" had banded together to defeat the amendment.

In fact Representative L. D. Miller of Hamilton county today charged that the same wise interests which had controlled the legislature were on hand to block suffrage.

He asserted that the same men who had lobbied whatever they wanted through were in Nashville then to defeat ratification and appealed vehemently to the house to prove its purity by its ratification.

Then it was that Speaker Walker made an impassioned appeal on suffrage, ending by moving "that the resolution go where it has belonged to the table."

There was instant turmoil.

The vote would determine the fate of suffrage.

When the roll was called women began to sob.

Most of the members cast their vote or no in a conversational tone.

When a ringing "no" came from a suffrage man who it had been feared had wobbled the suffragists cheered to the echo.

MISS PAUL ASKS CORY TO ACT NOW

WASHINGTON, Aug. 18.—An appeal to Secretary of State Coby to issue the proclamation declaring the suffrage amendment ratified was made this afternoon by Miss Alice Paul, chairman of the national woman's party, and Miss Maude Younger.

The women asked that the proclamation be issued as soon as official notification of ratification is received, in order that women may participate in August primaries now being held in many states.

Extract Cases Worry Bloomington Mayor

Special to The Times.

BLOOMINGTON, Ind., Aug. 18.—Mayor W. W. Weaver has appealed to Charles J. Orblison of Indianapolis, prohibition enforcement officer, for advice as to how to handle the lemon extract drinkers of this city.

He states that each day there are cases of intoxication before the city police court as a result of drinking extracts mixed with a bottle of pop.

George Alexander, who conducts a restaurant in a factory district, was arrested after officers had raided his place and found cases of lemon extract.

He was placed under \$500 bond for appearance in court.

SOVIET HURLED BACK INTO ROUT BY POLE DRIVE

(Continued From Page One.)

ment of the railway between Garswin and Selm (southwest of Warsaw).

Polish officers returning from the northern front report the Polish resistance stiffening there.

Russian soviet authorities have forwarded authorization for foreign newspaper men to visit Minsk. Many of the latter prepared to leave for that city tonight. No news had been received of the peace negotiations there.

Polish women soldiers are playing a conspicuous part in the Polish counter-offensive along the Warsaw-Danzig corridor.

Press advices to London from Warsaw said the Polish army which gave battle to the Russians advancing on Thorn contained large numbers of women who fought side by side with the men, displaying the utmost bravery.

The old trench systems dug by the Germans when they occupied Warsaw in 1915 have been put in condition to withstand attacks and will be used by the Poles if needed.

A dispatch to the Times from Danzig said the British commissioner was reported to have ruled that munitions ships en route to Poland would not be permitted to enter the harbor.

Several were said to be approaching at the time the ruling was made.

Another dispatch to the Times from Brussels said the Belgian cabinet had decided definitely not to aid Poland pending the outcome of the peace negotiations at Minsk.

At the same time the Belgians ordered back two munitions trains which attempted to cross the frontier en route from France to Poland.

Before the British labor delegates, William Adamson, member of parliament, and Harry Gosling, leader of the English transport workers, were expelled from France, they were said to have succeeded in reaching an agreement with French workers on a joint policy toward the Russo-Polish situation.

Their announced object was to organize in France a "council of action" similar to that in England, which has the authority to call a general strike, if necessary, to prevent war being declared on Russia.

Expulsion of Adamson and Gosling from Paris caused a sensation in British labor circles, leaders declaring the action of the French government was "silly" and "stupid."

POLE DELEGATES HAVE PEACE TERMS

BERLIN, Aug. 18.—Polish peace delegates have returned to Warsaw from Minsk bearing terms of peace, according to news received here today.

Nothing could be learned of the alleged terms.

Advices from members of the American mission in Warsaw, relayed by way of Posen, said the Poles had pushed the reds back about ten kilometers in the vicinity of the capital, recapturing Radzimin (ten miles north and east of Warsaw, on the River Rada). The situation in the Lemberg sector was described as "unimproved."

The Polish legation here claimed that (Ciechanow) has been retaken from the Russians. This was said to give the Poles an opportunity to cut off red forces west and southwest of that city.

A general strike in protest against the Polish-Russian war was progressing in upper Silesia, it was reported here.

Disturbances were said to have broken out in several places. At Katowitz, the

crowds were reported to have attacked French cavalry, killing one trooper and a machine gunner. Nine of the attacking civilians were killed and twenty-six wounded. The French were withdrawn.

Polish envoys at Minsk made a tenacious fight against disarmament, demanding mutual disarmament of both the Polish and Russian armies. It was learned from a semi-official source.

The Poles furthermore made vigorous protest against the Russian demand for free transport facilities across Poland.

M. Danilshewsky, according to a Minsk dispatch to the Manchester Guardian, informed the Poles the Russians did not intend to dictate peace, but were ready to listen to any Polish proposals.

He added that the Russians were demanding that the conference should lead to peace.

DEMANDS LANDLORDS CEASE ATTACKS

LONDON, Aug. 18.—The Russian armistice and peace delegation at Minsk has submitted proposals announcing soviet Russia's intention of respecting the independence of Poland, but demanding that the landlords of Poland give guarantees against renewed attacks on Russia, said an official statement issued by the Russo-Polish conference and received from Minsk today.

After preliminary conversations the Poles proposed that the conference adjourn to reconvene again Aug. 19.

The Russian delegates protested and insisted the negotiations be resumed on Aug. 18.

It was agreed finally that the parole should be rendered Aug. 18.

The conference was opened by M. Danilshewsky, and the Russians began to state their terms at once.

The negotiations referred to the official telegram from Minsk evidently took place Monday.

JOYOUS POLES CALL AT WHITEHOUSE

WASHINGTON, Aug. 18.—Cheered by the news that their countrymen are turning back the bolsheviks before Warsaw, a delegation of more than 100 Poles was here today for a call at the whitehouse.

The delegation will ask President Wilson to provide aid to Poland in its war against the Russian soviet.

They will be told, probably, it was learned here, that this country is now working along with other great powers to create a situation favorable to Poland; that, without the consent of congress, America can not extend armed aid, but that other tangible aid may be given.

Interest here lies in what this country is doing to create a situation favorable to Poland.

It was assumed in authoritative quarters that diplomatic negotiations were being carried on by the state department to bring the allied governments into some agreement with this government against recognition of the bolsheviks and against the dismemberment of Russia.

Supporting this view was the fact that the French reply to the American note, outlining this attitude, has not been given out for publication.

It is known this government is dissatisfied because France did not declare against dismemberment of Russia.

**Husband, Wife Found
With Throats Slashed**

WACO, Tex., Aug. 18.—Police today were investigating the deaths of Mr. and Mrs. J. H. Wafford, found in their home here with their throats slashed from ear to ear.

Indications, police say, point to murder and suicide.

INDIANA TAXES TO JUMP MORE THAN 3 MILLION

(Continued From Page One.)

paid in 1921 is \$5,983,935,393, which will yield a revenue of \$10,771,629,83.

This is in excess of the amount yielded to the state on the 1919 valuation by \$421,000,54, and exceeds the revenue produced in 1919 on the 1918 valuation by \$3,080,532,05.

It is thought by the members of the state tax board that with the increase of the total valuation of taxable property in the state only a few slight changes will have to be made in the state levies when the board meets at its fourth session Sept. 20.

However, if the board is compelled to increase the levy for the state highway commission from 3.5, the present levy, to 10 cents, then the state levy would be boosted from 18 cents to 24 1/2.

With a state levy of 24 1/2 cents a total revenue of \$14,321,211.69 would be returned to the state treasury.

It is regarded highly improbable, however, by state officials that the levy for the highway commission will have to be increased.

When the total valuation of property in the state increases, then the total revenue is proportionately higher, and the tax levy usually lowered.

However, while the total valuation of taxable property this year has increased by a large figure over that of last year, no action has been taken by the state board to lower the tax levy and the announcement is made that only slight changes, if indeed, any at all, will be made by the board at its fourth session, beginning next month.

GOV. COX TO WORK OUT A SCHEDULE FOR SPEECHES

(Continued From Page One.)

mented for pardon by the board of clemency.

The prisoners will be brought to the executive offices and questioned by the governor, the pardon depending upon the impressions they make.

Gov. Cox is a firm believer in paroling convicts who show themselves to be worthy.

Friends of Gov. Cox today were congratulating him on the enthusiasm aroused in the democratic state convention here yesterday by the governor's treatment of the league of nations issue.

The fact that the league has played a prominent part in all the governor's speeches since his notification is taken as his answer to charges that the league issue would be side-tracked for some domestic question as soon as the campaign is under way.

until just a few minutes before entering the courtroom.

WANTED NO "HORSE PLAY."

"I don't want anybody to play horse with me," said Justice Kiefer.

"I am not playing horse," stated Joseph.

After further argument in which several attorneys and the justice were speaking at the same time, the cases were continued until Sept. 1.

"I want a plea of some kind entered and the witnesses sworn," said Attorney Paul Wetter, representing the state.

"That will prevent a change of venue being taken."

Joseph said that he would be ready to try the cases this afternoon after entering a plea of not guilty for the defendants.

"No not today," said Justice Kiefer. "It takes time to get a good jury."

"We want a good jury of representative citizens," said Attorney Little.

"We might have to hold the hearing in the courthouse," suggested Justice Kiefer, as he glanced over his crowded courtroom.

The witnesses were sworn and ordered to report on Sept. 1 at 9 a. m.

"Shiner" Middaugh said nothing, but allowed Attorney Joseph to obtain further delay.

Attorney Joseph had a little chat with Justice Kiefer and during the conversation the justice said to Joseph, "You can't put it over on me."

"I don't do that kind of business," said Joseph.

"Well, it can't be done here," said the justice.

Shiner then made his departure from the courtroom under oath to return on the morning of Sept. 1.

2 Light Plants Sued for \$30,000 Damages

Damages aggregating \$30,000 were asked in two suits filed today in superior court against the Merchants Heat and Light Company and the Indianapolis Light and Heat Company.

The Poles furthermore made vigorous protest against the Russian demand for free transport facilities across Poland.

M. Danilshewsky, according to a Minsk dispatch to the Manchester Guardian, informed the Poles the Russians did not intend to dictate peace, but were ready to listen to any Polish proposals.

He added that the Russians were demanding that the conference should lead to peace.

The negotiations referred to the official telegram from Minsk evidently took place Monday.

6 BUILDINGS ARE DAMAGED BY FIRE

Incendiarism Held Responsible for Early Blaze.

Three barns, a shed, a residence, and a grocery were damaged by fire early today in a fire believed to have been of incendiary origin.

A horse and wagon owned by L. Joseph, which was in J. Rothseter's barn at 944 and 946 South Illinois street, were burned.

It was in that barn the fire started and it had gained great headway before being discovered.

More than a \$1,000 loss was caused by the fire at Rothseter's barn, and the flames spread to a frame barn at 940 South Illinois street, causing damage estimated at \$600.

The fire reached Sam Ruben's barn at 948 South Illinois street, and caused a damage of \$400, and spread to a shed owned by Bert Mandell, at 945 Maple street, causing a loss of \$25.

Prominent Man of Darlington Dies

Special to The Times.

DARLINGTON, Ind., Aug. 18.—Ebenzer P. McClaskey, 80, is dead at his home south of Darlington.

Mr. McClaskey was one of the best-known men in this part of the state, having served three terms in the Indiana legislature and two as sheriff of the county.

He had also been a township trustee and was president of the Darlington State bank since its organization in 1912.

One son survives.

McCray to Address Marion Rotary Club

Special to The Times.

MARION, Ind., Aug. 18.—Warren T. McCray, republican candidate for governor of Indiana, will address members of the Marion Rotary club at a meeting next Tuesday, Aug. 24.

Mr. McCray will speak on "The Relation of the Farmer to the Community."

ONE-HALF MILLION BUILDERS OF GOOD WILL

Dodge Brothers business has just reached and passed another milestone in its history.

In a little over five years more than one-half million Dodge Brothers Motor Cars have been placed in the hands of owners.

If this sales record represented the appeal of a price, the total would not be particularly impressive.

The important thing is that the car is not thought of in terms of price, but in terms of value.

How often you hear the car spoken of—and how seldom the price!

It is the quality of thought that surrounds it which makes this success noteworthy.

Because people think well of these cars, it is still impossible for Dodge Brothers to build enough of them.

Seldom has there been a finer example of the force of friendly thoughts.

It is an inspiration and an encouragement to build well—because the reward, in America, is so great and so sure.

With nothing but good will toward them in American homes—how could Dodge Brothers do less than they have done?

Nothing has checked or hindered for so much as a single week, the continued bestowal of this recognition, and reward.

The eagerness to own the car is greater today than it ever has been.

The reason is not far to seek.

Remember that the satisfaction of one-half million owners is not casual, but deep and profound.

Multiply them by the average family of even three.

Remember that all of these are warm friends.

Then think of that leaven of thought leavening the whole mass.

You will begin to understand, then, why Dodge Brothers have been building new buildings ever since the business began.

You will understand why the works in which the car is built are still steadily spreading and expanding.

You will get an idea of how much men can do when the homes of America are solidly behind them.

SEARCH OUT THE GERMS OF RHEUMATISM

Find Out What Causes Your Suffering and Go After It.

"What is Rheumatism?" is a question that has not yet been answered entirely satisfactorily. There are still different opinions as to its exact cause, but little doubt that its pains are real.

The medical profession is practically agreed upon one point, however, and that is that Rheumatism is more than a series of local pains, and that the real cause of the disease is deep-seated, and can not possibly be reached by remedies applied to the surface.

Some forms of this disease have been found to come from tiny germs

in the blood, which set up their colonies in the muscles or joints and begin to multiply by the million. You can easily understand, therefore, that the only intelligent method of treating such cases is through the blood.

S. S. S. is such a thorough blood purifier and cleanser that it can be relied upon to search out all disease germs and impurities and eliminate them from the system, and this is why it is such an excellent remedy for Rheumatism.

Go to your drug store and get a bottle of S. S. S. today and if your case needs special attention, you can obtain medical advice free by writing fully to Chief Medical Adviser, 602 Swift Laboratory, Atlanta, Georgia. —Advertisement.
