Stately affairs of all varieties have languished during the vacation months, but the dance, that most popular of college diversions, has been almost utterly neglected.

Tonight, however, the Delta Tau Delta men of Butler college are going to give a "real" jazz party in their chapter house in Irvington, to which all Delts in the city have been invited.

Special stunts and a novel program have been arranged and Wagoner's jazz orchestra of the Rainbow division will add "pop" to the affair.

Among the chapters that will be represented are Purdue, Indiana, Cornell, Lafayette, Washington, Hillsdale, Cincinnati, Lehigh, Chicago and Northwestern.

Mrs. Housewife, Can You Answer?

Three questions on household topics will be asked each day by The Daily Times household expert, for the purpose of bringing up problems with which every housewife should be familiar.

Test yourself to see if you can answer them, then verify your knowledge by the correct answers, which will appear tomorrow.

DO YOU KNOW—Y.

1. What baking powder does to cakes and pastry?

2. How to keep cauliflower white while cooking?

3. How to stiffen a blouse or collar if you have no starch?

(These questions will be answered tomorrow by the Housekeeper.)

ANSWERS TO YESTERDAY'S QUESTIONS.

1. Asparagus in its wild state is a native of Africa, southern Europe and parts of Great Britain, where it grew in sandy marshes.

2. It is boiled in water until it is of the desired consistency.

3. To make the corners of a rug stay flat, sew triangles of pasteboard on the under side of the corners.

What to Use and Avoid On Faces that Perspire

Skin, to be healthy, must breathe. It also must perspire—must expel, through the pores, its share of the body's waste material. Certain creams and powders clog the pores, interfering both with elimination and breathing, especially during the heated period.

If more women understood this, there would be fewer skin and complexion troubles. If they would use ordinary mercurized wax instead of cosmetics they would have healthy complexions. This remarkable substance actually absorbs a bad skin, also unclogging the pores. Result: The freshest, healthiest skin is permitted to breathe and to show itself. The exquisite new complexion gradually peeps out, one free from any appearance of artificiality. Obtain an ounce of mercurized wax from your druggist and try it. Apply nightly like cold cream for a week or two, washing it off morning.

To remove wrinkles, here's a marvelously effective treatment, which also acts naturally and harmlessly: Dissolve an ounce of powdered salicylic acid in a hal. pint of water and use as a wash lotion.—Advertisement.

Crooked Ex-Mayor of Muncie May Be Freed

Special to The Times.

MUNCIE, Ind., Aug. 20.—Dr. Rollin H. Bunch, ex-mayor of Muncie, now serving a sentence of two years' imprisonment in the federal penitentiary at Atlanta, for conspiracy to use the mails to defraud, has been recommended for parole by the federal board of pardons.

A petition presented to the board contained the names of several prominent citizens of Muncie and the recommendation will be forwarded to Washington, where it will be acted upon at once.
