Weakness, Pains and Other Troubles Had Discouraged This Arkansas Lady. She Took Cardui, Found It Helpful. Got Well!

Harrisburg, Ark.—After serious symptoms had become apparent, Mrs. Belle Wilkerson, of Route 1, this place, says she "got worse and worse."

"I wasn't able to stand on my feet and had to go to bed," she explains. The . . . grew worse, and for about three weeks nothing seemed to do me any good. I felt so weak and nervous and could not sleep. I began to have pain in the lower part of my body, and all across my back. There was a great deal of soreness and pain in my left side . . . I just gave up, for I suffered so. I grew discouraged and thought I was not going to get well.

"My head not only ached, but would feel so light and dizzy . . . I decided then I would take Cardui, as I read of how many women it had benefited, and some whose case was like mine. When I began Cardui, just after a few doses, I noticed a change. I slept better at night, and felt like I could eat something. I got up and began to do the work in the house and yard, and after three or four bottles of Cardui I was well."

If you suffer from disorders peculiar to women, take Cardui—the Woman's Tonic. It should help you, like others.—Advertisement.

Y. W. C. A. 'GYM' CLASSES TO OPEN

Classes especially adapted to the needs of the business and professional women, the homemaker, the industrial girl and the schoolgirl will be included in the curriculum of the department of physical education of the Young Women's Christian Association, which opens Monday, Oct. 4.

Some classes, all of which meet in the evening, have been arranged for the business and professional women; a beginning, intermediate and advanced class in gymnastics, and a class in aesthetic and folk dancing.

For the homemaker there will be a special gymnasium class which will meet twice a week in the morning.

Classes for the younger girls will be divided into two groups, one group for girls between the ages of 6 and 12, and the other for those between the ages of 12 and 16.

These will meet after school hours and on Saturday morning.

The members of the Federation of Industrial Clubs will have a class open to members only on Wednesday night.

Special rates have been arranged for this class.

Any industrial girl may, however, join one of the clubs in the federation or she may take the work in any class in the business and professional women's group.

A new class which is arousing considerable interest is the reducing class.

The new physical director, Miss Anna Pope Riley, has directed a number of such classes with unusual success.

Special work will be given in this class which will not be included in the others.

A thorough health examination is required of all those entering gymnasium classes.

This is given free of charge. Often these examinations disclose defects such as spinal curvatures, flat feet, etc.

In such a case special gymnastic work will be given to correct the defect.

In order to get the girls acquainted thereby making the class work more enjoyable, the department is planning to have several gymnastic parties and hikes during the spring and fall.

A number of basketball teams will be organized and a series of games arranged.

From these teams players will be chosen for the all-association team, which plays the high schools and out-of-town teams.

As the seasons change appropriate games will be taken up, such as volleyball, indoor and outdoor baseball and tennis.

On Saturday, Oct. 9, roller skating will be resumed.

The gymnasium will be open at 7:45 and men as well as girls are welcome. A small fee is charged.

The new swimming schedule will also go into effect on Oct. 4.

Instead of being open during the entire day, as it has been heretofore, the pool will be open either morning, afternoon or evening as follows: Mornings, Monday, Wednesday and Saturday; afternoons, Tuesday, Thursday, Friday and Saturday; evenings, Monday, Tuesday, Thursday and Friday.

The morning hours are from 10 to 11:30; afternoon hours from 2 to 5:30; and evening hours from 6:30 to 9.
