Teachers to Be Aided in Finding Rooms

Arrangements have been made by Elsie L. Green, assistant general secretary of the Indianapolis Chamber of Commerce, with the Indianapolis Street Railway Company for the street railway company to maintain a booth at the Severin hotel in connection with the room bureau, which will be maintained by the Chamber of Commerce for the Teachers' Association, starting on Oct. 18.

The State Teachers' Association will be held in Indianapolis Oct. 21 to 23 and the rooms for the teachers will be secured at the Severin hotel.

Heretofore the teachers have had a great deal of trouble in finding the right street car to get to their rooms and for that reason the street car people have been induced to put in a booth and give directions to the teachers as soon as they have secured the rooms from the Chamber of Commerce.

G. O. P. Harmony Seen in Illinois Election

SPRINGFIELD, Ill., Oct. 7.—Chances of a split in the Republican vote of Illinois were believed eliminated today by the action of State officials here in certifying Len Small of Kankakee, as the Republican gubernatorial candidate.

By the certification of Small's candidacy it is believed harmony will prevail in the State Republican ranks.

Lieutenant Governor Cretzinger, whose candidacy was backed by Governor Lowden can only prevent Small, whose chief supporter was Mayor William H. Thompson of Chicago from being placed on the ballot as the party candidate by obtaining an injunction.

He has ten days to do this.

Small's plurality was declared to be 7,902 votes.

Bond of Teacher in Poison Case Signed

Special to The Times.
EVANSVILLE, Ind., Oct. 7.—James Speer, merchant of Bridgeport, Ill., father of Miss Mabel Speer, high school teacher at Birdseye, charged with sending a box of poisoned candy to her reputed rival in love, Miss Mattie Hardin, school teacher at Ireland, broke down when he met his daughter here Wednesday.

He signed his daughter's bond and she returned to Birdseye and resumed her duties as teacher.

The trial has been set for Oct. 16.

It is said that Miss Speer was insanely jealous of Miss Hardin because she had been keeping company with De Witt Hobbs, 18, young farmer living near Ireland.

POLAND VICTOR IN PRELIMINARY PEACE PARLEY

Gains Another Corridor and More Territory to East.

TRUCE OF 25 DAYS SET

LONDON, Oct. 7.—Poland has gained notable victories in a preliminary peace agreement with Russia.

The Poles gain another corridor, separating Russia and Lithuania, more territory to the east, and a better transportation service.

The armistice and preliminary peace agreement, effective Friday, provides for twenty-five days of peace with opportunity for automatic extension.

Meanwhile fighting continued on all fronts with the Polish troops reporting further advances to the east.

A wireless from Moscow said the Russians continue their retreat according to plan.

"In the Molodetchno, Minsk and Slutsk regions, we captured the staff of the first Don division," the wireless said. "Three Don generals committed suicide."

A Berlin dispatch said it was reported there that General Makhnov, heretofore operating against the Bolsheviks in the far southeast, had joined the Reds in fighting General Wrangel.

According to the Morning Post the agreement reached at Riga provided:

1. Hostilities will cease within six days from the signing of the agreement.
2. Both sides will withdraw to agreed lines within seven days after the armistice is effective.
3. Military and civil stores and a certain amount of railway supplies need not be evacuated.
4. A neutral zone of thirty kilometers will be established east of the armistice line, the Poles thereby retaining all their own territory.
5. Armies must not fraternize.
6. The armistice shall be effective for twenty-five days.

The Morning Post regarded the terms of the agreement as a victory for Poland. The Russian delegates, it said, indicated great anxiety to meet the demands of the Poles.

DOG HILL PARAGRAPHS

Miss Hostetter Hocks was observed to take a calf by the nape of the neck and sling it through a gate, still she is listed as one of the weaker sex.

Since finding out by the census figures that there are about 150,000,000 other persons in the United States, Sidney Hocks don't feel near so big when he goes to a party.

Film Dillard rode on the train one day last week. He says it looked to him like the train was standing still and the things outside were rushing by at break-neck speed.

Mr. Throckmorton's limbs were terribly scalded and he hovered between life and death for many weeks.

He and his wife will leave Saturday for Rochester, Minn., where he will undergo an examination at the Mayo Hospital.

MICHIGAN CITY, Ind., Oct. 7.—Prison guards, police, deputy sheriffs and citizens today are searching the countryside for John Vaughn, 59, a life prisoner in the Indiana State prison, and Walter Young, 12, schoolboy, who have been missing since Monday night.

Vaughn is said to be a moron who was sentenced to life imprisonment in 1907 after he had attacked Elizabeth Strubel, 11, and killed her with a penknife when she made an outcry.

He has been a trusty at the prison for thirteen years and for six years has been in charge of the prison water works by day.

The Young boy is said to have been in the habit of passing much time at the water works, which is some distance outside the prison walls, and it is said he was last seen in Vaughn's company.
