

COLVER WARNS WOMEN AGAINST G. O. P. PROGRAM

Former Trade Commission Man Makes Bitter Attack on Senator Watson.

By Staff Correspondent.
FT. WAYNE, Ind., Oct. 8.—War with Mexico may follow Republican success and defeat of the League of Nations at the November election, William B. Colver, former chairman of the Federal Trade Commission, said last night to the State League of Women Voters here.

Colver said the mercenary interests which desire to exploit the natural resources of Mexico are fighting the League of Nations because it guaranteed Mexico from such an invasion.

Colver's warning as to Mexico was hardly as sensational as a bitter attack he made on Senator James E. Watson.

Reviewing a speech Watson made in the Senate in which he attacked the Federal Trade Commission, Colver showed how the speech came at the time the commission was investigating the five big meat packers.

Because he has never been able to make Watson support the vague charges he made against the commission, Colver said, he had "come to Indiana, Watson's home," to force the issue.

Colver also quoted Senator Kenyon, a Republican Senator from Iowa, whom Colver praised, to show how Watson had refused to follow up his sensational charges against the commission.

At the time Watson made his speech in which he charged that commission employees who had investigated the packers were Socialists and Bolsheviks, it was noted how the speech would serve the packers by undermining faith in the commission.

A former Indiana man, friend of Watson, was an agent for the packers, and often was in Watson's office.

Colver retailed a telegram in which one of the packers told their legislative agent to call upon Watson to obtain information at the committee and its actions.

Watson was chosen though there were several other Senators on the committee.

WOMEN TOLD OF EXCESS PROFITS TAX.

Colver denounced the last Republican Congress for its failure to repeal the excess profits tax and advised the women to judge of the present promises of future action by the conduct of the last Congress.

He charged the excess profits tax with being in part the cause of the high cost of living.

"There has been at work in this country for years a cleverly masked propaganda, the real end of which is first a war and then the annexation of Mexico," Colver declared.

"A very definite group of big interests in this country covet Mexico."

"They want to be allowed to seize and exploit her natural resources."

"If we joined the League of Nations we would bind ourselves to refrain from wars of conquest."

"I doubt if the American business man, the worker and the farmer, who cheerfully pays the cost of a war for the rights of others, care to buy a war in defense of the ranches of somebody else."

Colver said he had now resigned from the Federal Trade Commission, that he was a private citizen, that Watson had insulted him as a traitor and that he had awaited this opportunity to meet him face to face to demand a "white man's chance" and to again, as man to man, demand that Watson either support his charges or give the facts of them to the public complete and apologize for them.

Colver said no one was paying his expenses, that he had consulted with no one nor no political organization, and that he was standing before the women and on their invitation.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and find Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your drugist and get 1 ounce of Farnia (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping in the throat. It is easy to prepare, costs little and is pleasant to take. Any one who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.—Advertisement.

A Complexion Worth Having

A Velvety Skin and Crystal Clear Complexion—Pimples and Such Blemishes Gone—This is the Story of Stuart's Calcium Water.

If you will look closely at a wonderfully beautiful skin, and observe its soft, delicate texture, you will see the pink capillary blood tinting the cheeks. And there you see what is produced when your skin has been cleansed with Stuart's Calcium Water.

You will be delighted to see the wonderful change that so often takes place after using these waters.

Pimples, blotches, liver spots, blackheads, muddy complexion and such kindred impurities gather in the skin because it is one of the natural outlets of a body. But if you supply it with proper materials it will convert the waste into a harmless substance and is off in the natural perspiration in the form of a soft, delicate skin.

Get a recent box today of Stuart's Calcium Water at any drug store and you can count on a complexion of beauty.
