RULE NOT MADE TO CURB WORTHY

School Board's Action Aimed
at Political Rogues Only.

"If this did not touch rogues there would be no one here in opposition," declared Charles L. Barry, school board commissioner, in a meeting of that body yesterday afternoon, in referring to a resolution regarding the political activities of school teachers, officials or others concerned in school work in this district. "It was not the intention," said Mr. Barry, "to deprive any school teacher or any other employee of the city schools of the inalienable right of every American citizen to possess and publicly and fearlessly express his or her political opinions and affiliations."

It is stated, explained Mr. Barry, in the rules of the school board that no employee shall take active part in a political campaign, such as being a member of any committee or holder of a poll job.

NO INTENTION TO
LIMIT CIVIC ACTIVITIES.

Following Mr. Barry's statement, he said it was presented in defense of the honest people of the department, and that there was no intention to limit their civic rights.

Remarks of Mr. Barry were taken exception to by Mr. Gadd, who called for a point of order, which resulted in the brief altercation.

Subject fear of the board by teachers, as a result of the resolution, was said to exist by Mrs. Julia Tuttle.

Miss Georgia Alexander, whose name was attached to a letter of a political nature, stated she had never read the letter, did not know how her name came to be on it, and that she did not violate any rule of the school board.

SCHOOLS TO CLOSE
HALF DAY, NOV. 2.

The schools will close on the afternoon of Nov. 2 so that teachers may vote.

The State department of instruction announced a few days ago that all teachers of the State would be allowed to vote, and if necessary schools would close half a day.

A twenty-year building bond for \$1,176,000 was awarded the Meyer-Kiser bank of this city and the William R. Compton Company of St. Louis on a joint bid of \$1,150,595.40.

Bids on school No. 73 for heating, plumbing, wiring and ventilating were referred to the building adviser.

David S. Miller, formerly an agent of the Department of Justice here, was charged as assistant to Ralph W. Douglas, secretary to the business director.

Mr. Douglas presented his resignation to the board a month ago, at which time his salary was increased from \$3,000 to \$3,500.

Two weeks ago an increase to \$5,000 a year was made Mr. Douglas and he withdrew his resignation.

EXPRESS AND WIRE RATES BOOST O. K.'D

Indiana Service Body
Authorizes Intrastate Increase.

Increased intrastate rates for the Western Union Telegraph Company and the American Railway Express Company have been authorized by the public service commission.

The telegraph company will apply an authorized increase of 20 per cent to its present rates on ten days' notice.

The express company is authorized to increase its rates 20 per cent, except on milk and cream, which means a minimum of 40 cents a shipment will be charged on single line traffic and for a joint haul 50 cents minimum will be applied.

The express rate affects locally and jointly all points on these lines: The Ft. Wayne & Decatur Traction Company, Indiana Service Corporation, Indianapolis & Cincinnati Traction Company, Terre Haute, Indianapolis & Eastern Traction Company, Union Traction Company of Indiana, Interstate Public Service Company, Marion Bluffton Company, Ft. Wayne & Northwestern Company, Winona Interurban Company and the Indiana Railway & Light Company.

The order states that the rate applied to merchandise transferred in passenger cars is affected at prices named above.

The 20 per cent increase allowed the Western Union by the public service commission placed Indiana fourth among the States granting such an increase, which puts the telegraph company back to a wartime operating basis.

GERMANS ATTACK
SOVIET DELEGATE

Socialists Resent Tirade
Against Yellow Workmen.

HALLE, Germany, Oct. 16.—Pande-monium broke loose in the convention of the Independent Socialists here today.

A group of infuriated delegates made an organized charge on the speakers' rostrum and stopped the speech of a Bolshevik delegate, who was delivering a violent tirade against German labor.

Losovaki called Germany's workers "traitors" to the "cause of the working masses."

JAPS PILING UP WAR MATERIAL

British Government Watches
Export of Munitions.

LONDON, Oct. 16.—The British government not only is aware fully of the steady accumulation of munitions, but is watching the shipments item by item and knows the extent and every detail of ammunition exports from England to Japan.

Information to this effect was obtained today on inquiry in high official quarters in regard to many sensational reports and rumors in circulation of late about the Japanese policy of storing up an immense volume of war material.

There have been extensive shipments of munitions from this country to Japan, it was learned from an authoritative Whitehall source, but it was made clear to the correspondent that the government has registered no objection to these exports, nor intends interference with them in any way.

The general view taken in official circles is that these Japanese orders are coming at a time when the British munitions trade is facing difficulties as a result of the natural slump after the unprecedented war business.

The shipments to Japan are bringing a welcome flow of money into England. France shares the British attitude for French munitions plants, too, have been receiving large orders from Japan.

Quotes Paragraph
Written by Root in
Covenant of League

Special to The Times.

NEW YORK, Oct. 16.—Not only were Mr. Taft's suggestions incorporated in the covenant of the League of Nations, but several offered by Mr. Root as well.

Col. Stephens Bonsal of the Baltimore Sun, who was interpreter and confidential secretary to the American commission at Paris, a visitor at Democratic headquarters Friday, called attention to the second paragraph of article 13 of the covenant.

This paragraph was written verbatim by Mr. Root.

Disputes as to the interpretation of a treaty, as to any question of international law, as to the existence of any fact which, if established, would constitute a breach of any international obligation, or as to the extent and nature of the reparation to be made for any such breach are declared to be among those which are generally suitable for submission to arbitration.

This verbatim by Mr. Root.

"A cablegram was received from Mr. Root in Paris on March 28, 1919," said Colonel Bonsal, "containing this paragraph, and it was incorporated in the covenant without change."

"Governor Cox's revelations of the extent to which Mr. Taft's suggestions were

embodied in the covenant do not cover this paragraph by Mr. Root.

"It is of interest at this time, in view of his announcement of his stand for Harding, despite the fact that he has repudiated the League of Nations."

DOG HILL PARAGRAPHS

Slim Pickens is fast regaining renown as a foot-racer, he having outrun two snakes at one time this week.

Stanley Hicks, who never could sing worth a shuck, is down on the bill of fare for a solo at the church entertainment tomorrow night. Cricket Hicks says he sure wants his mule to hear it.

The public's attention is being called to the salary of the Dog Hill preacher, probably by some member of the congregation who has a knack for worrying about the smaller things of life.
