President's day was observed Thursday by the Expression Club with a luncheon at the home of Mrs. O. M. Richardson, 1525 Prospect street, followed by a program.

Decidedly original were the decorations for the party, a filly pond scheme being worked out in the dining room in shades of green and white.

In the center of each table was a miniature lake, pond lilies floating on it, and single pond lilies marked each corner.

Green and white tapers in crystal holders gleamed from the tables and lilies and lilacs and greenery screened the walls.

The Indian program which followed the luncheon was given in the living room, which was transformed into an Indian dwelling. A wigwam, in which sat a big chief, a camp fire, a miniature river, on which drifted a small birch-bark canoe, were cleverly placed in a setting of goldenrod, poppies and tangle of greenery.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged up nostrils and the air passages of the head; stops nose running; relieves the headache, dizziness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—instant upon Pape's!—Advertisement.
