

## ASK WILSON TO DISMISS POST

Six Legion Men Make Formal Demand for Action by President.

WASHINGTON, Oct. 26.—The dismissal of Louis F. Post as assistant secretary of labor was formally asked of President Wilson today by the American Legion.

A committee of six American Legion representatives appointed by National Commander F. W. Galbraith, Jr., called upon Secretary Tumulty and gave him for transmission to the President a request for the dismissal of the assistant secretary of labor and a statement charging that Mr. Post has been lenient in the matter of the deportation of undesirable aliens.

An investigating committee of the American Legion to look into charges against Mr. Post was appointed some time ago.

It recently submitted a report unfavorable to Mr. Post and the national executive committee authorized the national commander to act as he saw fit.

Accordingly, Commander Galbraith appointed a committee to visit the President and demand Mr. Post's removal.

Henry B. Lindsey of Texas, former national chairman of the legion and director of war risk insurance, heads the committee.

Commander Galbraith was not in Indianapolis today.

## BOARD OF SAFETY TAKES NO ACTION

(Continued From Page One.)

truth and A. L. Taggart, president of the board, attempted to smother matters over with a statement that "not all of us can be 1,000 per cent." that a grave error had been made, and that everybody concerned was sorry about it.

"If a policeman were to walk into your house and go into your wife's bedroom and address her by the name of a notorious public character, you wouldn't be so calm about it," shouted Mr. Reese, who said he was angry and had been angry ever since the incident occurred.

"I don't know," Mr. Taggart replied, adding that he believed he would be calm about it after having served three years on the board and having become convinced that the police department has in its personnel a great number of men who are far better men than the general public gives them credit for being.

ROBBY HE HELPS PAY SALARIES.

"Well," Mr. Reese replied, "I certainly can't see how you or any other man with a decent mother, wife or sister can smooth over such a thing as this."

"I certainly am sorry to say that I am helping to pay this man's salary, for I don't think a man like that should be kept on the force."

Mr. Taggart said he did not believe the incident serious enough to warrant the dismissal of any officer from the force and the Reese departed after Mrs. Reese remarked:

"We came here as respectable citizens to give the board of safety the facts in this case; we've done our duty as citizens and now it's up to the board to do its duty."

In explaining how he led his squad into the wrong house Sergeant Russell said he was directed to it by a woman across the street, whom he had just released, when he asked where "Min's" place was.

Both Mr. and Mrs. Reese contended

## Weren't His Brand!

CHICAGO, Oct. 26.—Mark Flexner won a decision on the strength of a cigarette.

He found burnt cigarettes in his home when he returned from a trip. "They weren't the kind I smoke," he testified.

that there was no excuse for the police confining their house with "Min's" because the officers had been in the neighborhood on a similar mission on a number of occasions.

This Mr. Taggart was also ready to believe with an assertion that sometimes different policemen are sent.

CAPT. BERRY ON PENSION LIST.

Capt. John Berry of Chemical Company No. 1 was retired from the fire department and placed on the pension list effective Nov. 1, because of disability.

Captain Berry was superintendent of the fire alarm telegraph system until April 30, when the system was made a part of the electrical department.

He was appointed to the force with the rank of private on Aug. 16, 1901.

William D. Gano, engineer of Steamer No. 7, was also retired to the pension list, effective Nov. 1, because of disability.

Stoker Henry H. Schilling of Steamer No. 7, was promoted to chauffeur and Verlyn Parker appointed substitute fireman.

The resignations of Patrolmen Fred Gallagher and Williamson Watts were accepted.

Gallagher faced charges of being intoxicated while in uniform and on duty, but "Watt's" record was clean.

The report of Building Commissioner Walter B. Stern for the week ending Oct. 23 showed 184 permits issued with a total valuation of \$148,019.

## Woman Saves 2 From Death by Gas Fumes

Mrs. Polly Taylor, 924 River avenue, saved the life of her husband, Vernon Taylor, and her mother, Mrs. Emily Stahl, last night, when they were overcome by escaping gas fumes.

The fumes escaped from a pipe near the meter in the basement and Mrs. Taylor was awakened ill from the gas.

Realizing her danger, she opened the window of the room and attempted to arouse her husband and her mother.

Other windows were opened and Dr. Walter F. Hickman, 334 Marion avenue, was called.

Mr. Taylor and Mrs. Stahl were not seriously affected.

## Loveless Couple Wanted by Frat

CHICAGO, Oct. 26.—Wanted: A loveless couple, preferably married, to take care of cooking and housework.

Must have no inclination toward a second honeymoon or exhibit any signs of love.

The foregoing advertisement is the direct result of a series of fraternity dinners at Northwestern University.

The Wranglers, a fraternity, were the diners and their food for many days consisted of canned peaches, canned beans, canned meats and "canned everything."

The trouble started in June, when the wranglers' cook decided against continuing her life of single blessedness and took unto herself a husband.

Followed a long siege of canned goods and then the advertisement for a loveless couple.

The Wranglers' troubles now are to pick a likely couple from the some hundred or more applicants.

## CHICAGO POSSE KILLS SUSPECT

Police Sergeant Slain When He Attempts to Arrest Two Men.

CHICAGO, Oct. 26.—Trapped by more than 800 policemen who had surrounded the entire district, one of two bandits who had slain Patrol Sergeant Harry Marpool was riddled with bullets early today.

He was about 30 years old and bore no marks of identification.

Sergeant Marpool was shot and killed when he attempted to arrest two men who had been reported as burglar suspects.

The "pal" of the dead bandit escaped, although fired at many times, and is believed to have been wounded.

## VOTERS DENIED PRACTICE RIGHT

(Continued From Page One.)

order to allow the machine to stay on exhibition as long as possible.

This order was signed by County Clerk Richard V. Sipe and the machine was re-opened.

This morning, according to Masson, workmen employed by the superintendent of the machines, reappeared and locked the machine, again making it impossible for voters to practice.

"It is an outrage that voters are being denied the right to practice on a voting machine at the league headquarters," said Mr. Masson.

"It is natural to suppose that citizens would come in large numbers to the headquarters for the purpose of safeguarding their vote by learning to vote correctly."

"There was an agreement that the machines which were sent last to the Democratic caucus would be taken up last."

REPUBLICAN CENTERS HAVE MACHINES.

"A machine has been for a long time, and still is, on view at Felix McWhirter's bank."

"The machines were first placed at Republican centers and we had to fight to have machines placed in Democratic centers."

"It's an outrage," said Mr. Masson. A reporter for The Times asked County Commissioner Joseph Hayes what the commissioners were going to do in the matter.

"There is certainly hell being raised over the shutting up of the machine at 124 North Pennsylvania street," said Mr. Hayes.

"The commissioners will do nothing as Mr. Foster is running that."

In the past Mr. Foster has done what he desired in matters which have been decided differently by the commissioners.

County Clerk Sipe issued an order demanding the re-opening of the machine at the league headquarters.

In the meantime the "peanut policies" of Mr. Foster and others are preventing voters from familiarizing themselves with the machine at that place.

## Arrest Is Ordered in Denton Murder Case

LOS ANGELES, Oct. 26.—The arrest of Mrs. R. C. Peete was ordered today by the district attorney's office, which investigated the murder of Jacob C. Denton, wealthy Los Angeles broker, whose body was found in a tomb in his home here.

Mrs. Peete was Denton's housekeeper.

## MOORES REFUSES QUERY ANSWERS

Replies to Farmers' Questions With Clever Evasion.

Candidates for representatives in the thirteen congressional districts have answered queries sent them by the Indiana Federation of Farmers' Associations.

The queries covered three important bills, the French truth in fabrics, Capper-Volstead, and Nolan excise tax bills.

H. N. Spain, Democrat, and Merrill Moores, Republican, candidates of the Seventh District, were among those who answered.

Mr. Spain said: "I have not had occasion to investigate fully any of the bills you mention in your communication, but from the information you furnish me in this letter and basing my conclusion thereon, I will favor the Capper-Volstead bill, and the French truth-in-fabrics bill."

"As to the Nolan bill, if it works out as you say it does, in injustice to the farmer, I shall not favor it, as I believe in the equal distribution of the burdens of taxation."

Mr. Moores, in his answer, said he held to a practice of making no pledges. Letters were sent to Dr. Carlton B. McCulloch, Democratic candidate for Governor, and his opponent, Warren T. McCray, Republican, by Lewis Taylor,

secretary of the Farmers' Associations, asking what attitude they took toward the appointment of farmers as members of important commissions.

## TRUNK EMPTY; SEND MESSAGE

Couple Travels to Arizona and Find Predicament.

When Mr. and Mrs. Sigmund Kohn, 322 East Twenty-third street, arrived in Phoenix, Ariz., recently they found they had nothing to wear—literally.

They made elaborate preparations for the trip, packing their clothing in a trunk.

They found on arrival at Phoenix their trunk was empty.

A message to the local police department resulted in the arrest of Tuskie Warner, 626 East Allen street, and William Enoch, 625 East North street, two negro transfer men.

## He Left His Respects

BLOOMINGTON, Ind., Oct. 26.—"Good-bye and best regards," said a note left by Mike Mullich, a Russian of Chicago, who escaped from the Monroe County Jail, after he had received outside help.

The Russian was sent here from Bedford, following his arrest on a charge of swindling an Odell citizen out of \$2,500 in a confidence game.

## SAYS ALL MUST WORK FOR PACT

Woman Speaker Declares It a Solemn Duty.

"The campaign on the Democratic side is one of education and on the Republican side one of misrepresentation and suppression," declared Mrs. Horace Tapp Moore in an address at the League of Nations headquarters today.

Mrs. Moore, in discussing the "untruthful line of Republican propaganda," said "we are going into the league honestly and cannot afford to be misled."

She declared the League of Nations will make war as nearly impossible as human agencies can make it.

"This was the idea expressed by Mr. Tapp Moore in his address at the League of Nations headquarters today."

"Now our Republican friends are so hungry for office they are going around the country misleading the people."

Mrs. Moore declared those who believe in the league must work for it as if they had written the covenant themselves.

Mrs. Moore declared it is not the question of politics, but an American one, a world one, and said the people are not to be fooled or trifled with.

"We must stand by it and fight for it," she said.

Mrs. Moore urged her audience to read the document and learn for themselves that article 10 is drawn for the purpose of settling disputes instead of promoting war.

E. L. Underwood of Michigan, who declared he speaks for the league as a life-long Republican, said the Republicans have begun to talk about President Wilson as a campaigner who they have run out of anything else to talk about.

"Mr. Wilson is not an issue, but some of his great humanitarian ideals are and they will be until the American people adopt them," he said.

He branded Senator Watson as a speaker of "false statements."

"The man who declared Wilson refused to accept any reservations is either grossly ignorant or intentionally falsifying and I believe Senator Watson is the latter," said Mr. Underwood.

"The Republicans don't want the gospel of the league preached to the people."

"They don't tell of Senator Harding's political record because he hasn't any worth being proud of."

"He repudiated the statement under his pictures, 'a constructive American,' by saying he didn't have a single constructive idea."

## Quotes Harding's Statement That \$1 Wheat Profitable

NEW YORK, Oct. 26.—Senator Harding's statement on the floor of the Senate that dollar-wheat made a profitable occupation evidently has injured him in farming communities.

The Republican national committee issued an official statement Monday declaring that he had been misquoted.

What Senator Harding said may be found on pages 9208 and 9209 of the Congressional Record.

The speeches were made in July, 1917. The record is clear enough.

The following extracts are taken from it, verbatim:

"I know a little something about farming. I have followed the cradle, Senators, with the rake when wheat sold for 40 cents a bushel. That was in the day when farming was something of a contest of subsistence. In the latter day, farming has become an occupation for profit, and I happen to know that under normal conditions, dollar wheat makes it a very profitable occupation, perhaps not to the farmer who farms the farmers, but to the farmer who farms a farm."

"I share the anxiety to strike at greed. I should like to strike at the greed for power. I would be agreeable to strike at the manifest greed in some agricultural sections of the United States."

These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."—Advertisement.
