Society Ladies Adopt New Hair Curling Method

Since the introduction of the silmerline method in this country, it has become quite "the proper thing" among society women, who have readily adopted it in place of the destructive curling iron. The waves and curls acquired by the new method are far more natural in appearance, and the hair of course is glossier and prettier than could be if the life were cooked out of it.

The liquid is pleasant to use, being neither greasy nor sticky. It is a simple thing to apply with a clean tooth brush before doing up the hair. The lovely wavy effect in evidence in about three hours is all that one could wish for. It costs little to use liquid silmerline, as a few ounces from the druggist will keep the hair in curl for weeks.—Advertisement.

RED CROSS HEAD MAKES REPORT

Indianapolis has the third largest Red Cross chapter in point of membership in the Lake division, and the second largest in proportion to population, according to figures in the annual report given by William Fortune, president, at the annual meeting at the Chamber of Commerce late Wednesday.

The total membership is \$1,144, of which 40,144 are juniors and 41,000 adults.

The chapter is strong financially and has accomplished much work during the past year and looks forward to another twelve months of public service, Mr. Fortune reported.

Twelve directors to serve for three years were elected as follows:

Mr. Fortune, Eugene C. Foster, E. H. K. McComb, Ernest Bross, Mrs. F. D. Stalaker, Charles F. Coffin, Wallace O. Lee, James W. Lilly, C. B. Sommers, Mrs. Herbert T. Wacker, E. A. Kahn and A. M. Rosenthal.

Mr. Fortune reported the Indianapolis chapter is better prepared to give aid in any sudden calamity than ever before because of the experience and training during the war and the influenza epidemic.

However, the number of women who have taken training under the chapter has been "deplorably small" in comparison with the total number who should avail themselves of it," he said.

Extension of aid to ex-soldiers and their dependents continue to be the largest activity of the chapter and the problem should continue to be given much careful study, the report stated.

The work of the Junior Red Cross under the direction of E. H. K. McComb, the making of surgical dressings under Mrs. Rose Sussman and the compilation of a history of the war activities of the society by Marie and Anselm Chomel under the title, "A Red Cross Chapter at Work," were praised by Mr. Fortune.

Woman, Asking Man's Arrest, Is Locked Up

Mrs. Katie Crontomma, 1001 Church street, reported to the police there were three men in her house holding up every person who entered last night, and as a result she caused her own arrest on the charge of operating a blind tiger.

The police found Joseph Barnett, 19, 513 West Ray street, in an automobile near the Crontomma home, and Mrs. Crontomma and some neighbors accused him of being in her house with two other men.

Barnett, in turn, told the police about some "white mule" whisky and the result was the police searched the Crontomma residence, where they say they found a barrel of raisin mash, a number of bottles of "white mule," colored to resemble whisky, numerous empty bottles, corks, and other articles used by bootleggers.

The woman was arrested and Barnett was not.
