

G. O. P. TOTAL INCREASED BY NEW MEXICO'S 3

(Continued From Page One.)

gifts that it chose. There was also linking of Smith's name with senatorial aspirations, although the next senatorial election is two years hence, when the term of William Calder expires.

Last minute changes in the result revealed that two out of the five ousted Socialist assemblymen had been defeated for reelection in their districts. They were Louis Wohlman, defeated by Rees, Fusionist, in the Eighth assembly district, and Samuel Dewitt, defeated by Anton, Fusionist, in the Third assembly district.

TENNESSEE'S VOTE 10,000 TO 12,000

NASHVILLE, Tenn., Nov. 4.—Latest returns indicate that Harding has carried Tennessee by 10,000 to 12,000 plurality. The three counties still missing, in 1916 returned a Republican plurality approximately of 40,000, or 45,000 over.

Al Taylor, Republican, who campaigned with "the old plantation quartet," composed of his three sons and a nephew, leading the ticket, has scored a plurality of 40,000, or 45,000 over.

Joseph Brown, Republican, has been elected to Congress by 3,000 over Congressman John A. Moon, who has represented the Third district for twelve terms.

REPUBLICANS NOW CLAIM KENTUCKY

Louisville, Ky., Nov. 4.—Possibility that the Kentucky race is now in the Republican column in the senatorial race became a probability today when Chesley Searcy, State Republican manager, claimed Republican Candidate Ernst has defeated Beekham, his Democratic opponent for the Senate, by 10,000, and that Harding has carried Kentucky by 3,000 to 5,000.

Democratic officials are firm in their belief that Governor Cox will still carry the State and that Beekham has been elected to the Senate, but they admit the contest has grown considerably closer in the last twelve hours. Late returns from the mountain districts have increased the Republican totals.

GOLDEN STATE LEAD AT LEAST 400,000

SAN FRANCISCO, Nov. 4.—The Republican victory in California was decisive in every contest.

With a lead of \$22,000 over Cox and about 1,000 of the smaller precincts of the State unheard from, it was apparent that Senator Harding will lead finally by 400,000 or better.

And although not such a landslide, the victory of Samuel M. Shortridge for Senator over James D. Phelan, Democratic incumbent, was complete.

Shortridge is leading by 60,000 and indications were today that the complete vote will give him a lead of 75,000.

**Red Cross to Seek
Members Nov. 11 to 25**

The annual membership campaign of the Indianapolis chapter of the American Red Cross will be conducted in Marion County, Nov. 11 to 25, it was announced today. The campaign will be carried on by an all-women's organization, the personnel of which is expected to be completed by the close of the week.

A new plan of organization has been adopted by dividing the county into six sections, each to be in charge of a woman director.

The divisions will include Marion County outside of Indianapolis, the downtown section of Indianapolis, and north, east, west and south Indianapolis.

Mrs. Wolf Sussman will be in charge of the work in the retail district. Other divisional directors are: Mrs. William Herschell, east; Mrs. Herbert T. Wagner, north; Mrs. Alexander M. Stewart, county, outside the city. Directors for the west and south sides are to be appointed.

The solicitation for members will be conducted through block workers, organized under ward and precinct chairmen.

Indiana Concern Sued by Motor Corporation

A petition asking for an accounting of the D. F. Holliday Company, an Indiana company, was filed in Superior Court, room 5, by the United Motors Service, Incorporated, of the State of Delaware.

The D. F. Holliday Company and the St. Louis Battery Company were made party defendants because the latter company is said to have absorbed certain interests of the Holliday Company.

The petitioner claims the Holliday Company is indebted to them for \$977.33 on account.

To Give the Hair a
Naturally Wavy Effect

Ever since the virtues of the silmerine hair-curling method first became known in this country, druggists here have been getting an extraordinary demand for liquid silmerine. Its effectiveness, its convenience and its entire harmlessness doubtless have been responsible for its increasing use among well-groomed women.

One need only apply a little of the liquid with a clean tooth-brush before combing up the hair, the results will have a beautiful, wavy and glossy appearance, which bears no marks of artificiality. The best way is to divide the hair into strands and moisten each of them from root to tip. There is no discoloration, no sticky, sticky or other unpleasant feature. Liquid silmerine is fine also as an aid in shaping "ear muffs" and in keeping them in place over the ears.—Advertisement.

**MAN'S
BEST AGE**
A man is as old as his organs; he
can be as vigorous and healthy at
70 as at 35 if his aids his organs in
performing their functions. Keep
your vital organs healthy with

**GOLD MEDAL
HAARLEM OIL
CAPSULES**

The world's standard remedy for kidney, liver, bladder and uric acid troubles since 1896; corrects disorders; stimulates vital organs. All druggists, three sizes look for the Gold Medal on every box and accept no imitation.

European Press Comment on U. S. Election Result

(Continued From Page One.)

**CITY ABANDONS
PROPOSAL FOR
SERVICE-AT-COST**

LONDON, Nov. 4.—"The world is tired of dictatorship and the American people with superb political genius are lending their reaction," the London Post said today.

The Daily News saw the composition of Harding's platform more important than anything else now.

"The appointment of such men as Elihu Root or Herbert Hoover will be viewed with unqualified approval," the News said.

"But the Borah-Johnson combination's accession to power would be a continuation of the isolation policy which has become anti-British and anti-European."

The Mail saw Cox's defeat as a condemnation of the League of Nations as constituted at Versailles, but said Harding's party is aware it must do its part sooner or later in settling the troubles of the old world.

Harding's platform was a warning to the world, the Times said.

The Republicans are not blind to changed social conditions when dealing with important labor problems, it said. It hoped the Administration would evolve a practical scheme for a new lease.

The Herald, laborite, devoted its attention to the vote against Debs. Harding's Administration will be a period of stark reality, undisputed, it predicted in the "Wilson's Dishonor of high professions of democracy."

"Harding," the Herald declared, "is the servant of big business and big business is getting ready for a big fight on labor."

BERKLEY, Nov. 4.—The American election result was not a victory for Senator Harding nor a defeat for Governor Cox, but a severe defeat for Wilsonism," said the Vossische Zeitung today.

This declaration seemed to be the keynote of the comment in all sections of the press.

The German press in general seems to be disinclined to rest any hopes in President-elect Harding, but said he is the lesser of two evils."

The Freiheit, the organ of the Communists, declares that both Republicans and Democrats represent only capitalist interests and that Germany will not see any real gains from either side.

Fines Autoist \$50 for Passing Car

SAN FRANCISCO, Nov. 4.—The Republican victory in California was decisive in every contest.

With a lead of \$22,000 over Cox and about 1,000 of the smaller precincts of the State unheard from, it was apparent that Senator Harding will lead finally by 400,000 or better.

And although not such a landslide, the victory of Samuel M. Shortridge for Senator over James D. Phelan, Democratic incumbent, was complete.

Shortridge is leading by 60,000 and indications were today that the complete

vote will give him a lead of 75,000.

ILLINOIS BROKER KILLS SELF.

BURLINGTON, Iowa, Nov. 4.—Financial difficulties as a stock broker in Marion, Ill., led him to commit suicide.

Loren M. Dinsay, 39, to fire a bullet into his head here today. His wife followed him to say difficulties had been straightened out.

**ASKED ABOUT "SEVERAL
OTHER CITY CONTRACTS."**

Corporation Counsel Ashby was asked what he meant by "several other city contracts" which payment for materials in advance had been made.

"That is a mis-statement," he said. "There never has been such a payment

made upon any other city contract during this administration. What Mr. Swift may have been thinking about is the law granting the board of public works the right to make advance payment upon materials received by contractors working on street improvements. This is a special law applying only to such cases and does not give the sanitary board the same right on its contracts.

"Even with this law there never has been a case in the present administration where the board of public works has made such a payment. There might have been in former administrations, but not in this."

Sam Martin, part owner of the Martin Bros. Furnishing Shop at 222 Indiana avenue, reported that some one had entered his store last night and taken under \$100 in cash and securities at \$58.

War Savings Bonds valued at \$500 were reported to have been stolen from the home of Goldie Minx, 1525 Steel street, when one took the key out of the mail box when she was away.

MINER DRIVER IS KILLED.

LOOKEVILLE, Ind., Nov. 4.—Tobin Cundiff, 29, mule driver at the Menden mine near here, was killed at the mine last night in a coal car collision.

The lecture will be given at 8 o'clock following a free moving picture show in the lobby of the Y. M. C. A.

Record Bonfire

The Stanford University bonfire before it was set on fire. Compare it to the students on it.

The season for bonfires is now on in this country, and every college in the land strives to outdo the others with the size of its blaze.

Santa Clara college students in California, in the course of their football struggle with Stanford University built the bonfire for their bonfire out of railway ties gathered from miles around and carried great distances.

When the great pile was ignited it made a pillar of flame that could be seen throughout the entire county.

And the most peculiar thing about this is that the administration will be an effective minority, but there are few in a thankless duty and there are few in a position to do anything.

The purpose of the meeting will be to outline plans for the annual Christmas seal sale, which provides funds for the support of the anti-tuberculosis campaign.

Dr. Alfred Henry, president of the Marion County Tuberculosis Association, is expected to preside.

Murray Auerbach, secretary of the State association, will talk on the general program for the prevention of tuberculosis.

Mrs. Curtis A. Hodges will outline organization methods for the promotion of the seal sale.

Takes 'Photography' as 'Y' Lecture Subject

"The Profession of Photography" will be lectured upon by C. E. Stumm, manager and operator of the Northland Studio, at the Y. M. C. A. Saturday night.

This is the fifth of a series of vocational lectures being given at the Association building.

The lecture will be given at 8 o'clock following a free moving picture show in the lobby of the Y. M. C. A.
