

RED CROSS DRIVE AIDED BY WILSON

Support in Fourth Roll Call Is Asked.

WASHINGTON, Nov. 8.—The following message from President Wilson, who is also president of the American Red Cross, to the American people, was issued from the White House today:

"The American Red Cross deserves a hearty response to its fourth invitation to annual membership, which will be issued during the fortnight beginning Nov. 11, Armistice day.

"Under the stimulus of war and through the cooperation of our people, this organization grew into immense size, enlarged its range of activity, served not only fighting forces but also civilians involved in the hardships of war in our own nation and in the nations associated with us in a great common enterprise, and gave to the world an example of effective mercy through coordinated effort.

"Since the cessation of hostilities the organization has faced a dual duty: first, to fulfill obligations created by the war, and secondly, to adapt its experience and machinery to the needs of peace.

"It is, today, still assisting governmental agencies in the care and cheer of our disabled soldiers and sailors, in replacing those able to work in civilian occupations, and in counselling and aiding the families of former combatants, and it is still assisting with undiminished resources, the process of rehabilitation in some of the more prostrated countries of our former associates.

WORK MANIFEST

"While continuing these manifest obligations, the Red Cross has been accommodating methods and applying lessons learned in war to the normal needs of our own people in times of peace, especially in regions where provisions for public health and welfare were imperfectly developed. It has placed public health nurses in many localities, and has endeavored to enlist greater numbers of young women in the nursing profession in order that the supply might more nearly equal the steadily increasing demand for community nurses. It has devised a scheme of 'public health centers' for the relief of maladies and for instruction in hygiene, dietetics, and general principles of disease prevention. With its nurses and nurses' aides it has rendered incalculable service in the serious epidemics of influenza.

"It has carried instruction in hygiene and first aid into schools, the women's clubs, and the homes of our country. It has taught young and untaught mothers how to care intelligently for their babies, and has done much in many ways to promote child welfare, upon which the welfare of the nation ultimately rests. It has made it a fundamental principle to avoid futile duplications, to cooperate with public agencies when its cooperation was sought, and to supply deficiencies where such agencies had not yet been established.

"It has continued its educational work among the school children through its Junior Red Cross branch, and it has, as one result of its war experience, put preparation for disaster relief on a scientific foundation, so that it is now equipped to meet disaster emergencies promptly in almost every part of our country.

"By systematic plans and practical performances, it has given a clear answer to the question why the Red Cross should be continued and carried over from war activity into peace-time activity. The answer is in the record.

"Additional to these obvious aspects of the matter there is another reason why I, as President of the United States and president of the American Red Cross, urge my fellow-countrymen to join the Red Cross in impressive numbers. Reaction follows emotion, and after great

effort comes petulant lassitude. Sound patriotism and genuine human service are continuous, not intermittent, not contingent merely upon the excitement of war.

"If there is in some of us an inward cooling of the fire of fervor which animated us in the crisis of the Nation's stress and peril, a contraction of the spirit which ennobled us as individuals and as a nation, now, during the 'Red Cross roll-call,' is a fitting season to take counsel with our inner selves, to rekindle the old flame, to reaffirm allegiance to practical patriotism and practical humanitarianism, and to symbolize the regeneration of our better thoughts and handsomer selves by re-enlistment in a great army mobilized for the common good.

(Signed) WOODROW WILSON."

HAD TERRIBLE COUGH AND NIGHT SWEATS

Cough about gone, eats and sleeps well, and gained 12 pounds

"In December, 1915, I had a fearful cough, and my physician ordered me to change climate immediately. I went to San Antonio, Texas, and entered a sanatorium. Left there and came to Oklahoma City in October, 1915. Had no appetite, could not sleep, had night sweats and was losing from one to three pounds a week. I also had catarrh of the bowels, which the doctors had been unable to relieve.

"Relatives urged me to try Milks Emulsion. I did so and began to improve, slowly, at first, but steadily. My weight has increased 12 pounds. I have no temperature, and my cough is about gone. I can eat heartily, sleep well, and am working at my trade," said V. W. Neff, 610 No. Dewey St., Oklahoma City, Okla.

JUST GAVE UP SUFFERED SO

Weakness, Pains and Other Troubles
Had Discouraged This Arkansas

Lady. She Took Cardui,
Found It Helpful.
Got Well!

Harrisburg, Ark.—After serious symptoms had become apparent, Mrs. Belle Wilkerson, of Route 1, this place, says she "got worse and worse."

"I wasn't able to stand on my feet and had to go to bed," she explains. The . . . grew worse, and for about three weeks nothing seemed to do me any good. I grew so weak and nervous and could not sleep. I began to have pain in the lower part of my body, and all across my back. There was a great deal of soreness and pain in my left side. . . . I just gave up, for I suffered so. I grew discouraged and thought I was not going to get well.

"My head not only ached, but would feel so light and dizzy. . . . I decided then I would take Cardui, as I read of how many women it had benefited, and some whose case was like mine. When I began Cardui, just after a few doses, I noticed a change. I slept better at night. . . . and felt like I could eat something. I got up and began to do the work in the house and yard, and after three or four bottles of Cardui I was well."

If you suffer from disorders peculiar to women, take Cardui—the Woman's Tonic.
It should help you, like others.—Advertisement.

"it's more like
a Smoke!"

There you have Spur's big reason in a nutshell. It's what an American Legion man said after he had puffed a Spur for a moment or two.

He knew cigarettes. Found how comforting a good one is. Had 16 months in France. And he knew what he was talking about when he said:

"More Like a Smoke!"

That's because you can taste the good tobacco in Spurs. You get the aroma of a new and delicious blend of the finest leaf grown in Turkey, fine Burley and other home-grown tobaccos.

Unmarred by starch because the seam is crimped not pasted.

Longer and sweeter in the smoking—slower in the burning. Fresh and fragrant as you open the pack, because it's triple-wrapped.

Priced to be popular and packaged to be select.

See for yourself—"more like a SMOKE."
