

KNOX PEACE PLANS MEET G. O. P. FAVOR

Senator Moses Voices Demand for Early End of War With Germany.

CONFERS WITH BORAH

WASHINGTON, Nov. 10.—Re-establishment of the United States on a peace basis by the passage of the Knox resolution, introduced by Senator H. C. Moses of New Hampshire, a Republican member of the Senate Foreign Relations Committee.

Upon his arrival here Senator Moses conferred with Senator W. E. Borah, Republican, of Idaho, leader of the Senate "irreconcilables," unalterably opposed to the treaty and league of Versailles, with which group Senator Moses is actively identified.

TO TAKE UP FOREIGN AFFAIRS FIRST

"Until this country is re-established upon a peace basis, it will be useless to attempt to enact a new tariff law, or to try to revise our tax system, or otherwise to undertake any remedial legislation for which there is such urgent need," Senator Moses said.

"As long as our international or foreign relations remain in their present state of uncertainty and indecision it would be folly to seek to readjust our domestic affairs."

"How can we tackle successfully our domestic problems until the country has been restored to normal, sensible, practical peace conditions?"

"Peace must be first re-established and I have not the slightest doubt, with a change in administration on March 4, that one of the first acts of the new Senate will be to pass the Knox resolution."

Other Senators, Republican and Democratic, returning here to prepare for the reassembling of Congress on December 6, agreed with Senator Moses that there was little possibility of any tariff or other legislation until peace between the United States and Germany had been officially declared.

The final session of the present Congress, the sixty-sixth, this winter is expected to be devoted almost exclusively to the passage of the supply bills necessary for financing the Government during the next fiscal year. The Republican program is to get those bills out of the way so that the new Congress might get down to business as soon as possible.

ASSOCIATION PLAN IN BACKGROUND

Re-establishment of peace by resolution is favored by a number of Republican Senators besides Senator Moses.

Domestic legislation would then be taken up by them, and later on the question of the formation of a new association of nations for peace, which would materially benefit the League of Nations as constituted at Versailles.

The session of the new Congress is expected to continue from March or April throughout most of the remainder of next year.

It established this Government; it preserved and made it strong against a divine providence when its great strength and influence was the determining factor in the preservation of the liberty and freedom of the civilized world. It is the hope of the future. Our wise solution of the great problems ahead of us depends upon the patriotism of our citizens and the recognition by them of a providential guidance."

Suspended Sentence on Tiger Conviction

Apparatus for making "fire water" found in the pantry of the home of Ray Sturman, 337 Lynn street, caused Sturman's arrest on the charge of operating a blind tiger. Evidence that Sturman had been an invalid for more than a year and had a wife and two young daughters caused Judge Pritchard to suspend the sentence of \$100 and costs and thirty days on general parole.

When Sturman was unable to pay his rent constables entered his home and placed his furniture in the street, at the same time bringing to light the still which was not in operation.

Field Marshal's Burial For Unidentified Soldier Body

LONDON, Nov. 10.—Some mother's son who fought, died and was buried unidentified, came back to be buried with a field marshal's honors. The body, picked at random from among the silent hosts at Ypres, will be buried tomorrow in Westminster Abbey, where it will rest with the remains of British statesmen, rulers and warriors.

Whether the osseous casket, which arrived here from France, contained the remains of English, Scotch, Irish, Welsh, Australian or Canadian was not known. No attempt was made to identify the body. Every mother who lost a son with the British forces could feel that this body might be her boy.

The body arrived in Boulogne yesterday, where it was received with the highest honors. French and British troops participating in the reception. The casket was carried through lanes of soldiers at "present arms" to the British destroyer Verden. Planked by French destroyers and warships, the funeral ship steamed across the channel to Dover, passing into the harbor as cannon from the forts roared their salute of nineteen guns. Other honors

to which a field marshal is entitled were paid as the casket was carried from the destroyer to the special train, which started immediately for London. On arrival here the remains were placed in the Chappelle Ardente in the Victoria station, where they remained overnight under a grenadier guard.

A historic flag used at innumerable funerals after the fighting at Ypres covered the coffin whose plate was inscribed:

"A British warrior who fell in the great war, 1914-1918, for King and Country."

Marshal Foch and General Weygand were among the dignitaries at the embarkation of the soldier's body for its trip across the channel. An escort of four French and six British destroyers, all with colors at half mast, accompanied the Verden as she slowly moved down the harbor at Boulogne.

The route of the armistice day procession was barricaded today, indicating authorities expected an unprecedented crowd to pay honor to "Tommy Atkins." Only ticket holders will be permitted in Whitehall and the Abbey after 70 a. m. tomorrow.

HOME DRINKER HARDING LETS TO GET SUPPLIES OUT OF BOND LANDS TARPON

Prohi Officials Appalled by Recent Ruling of Supreme Court Regarding Whisky.

WASHINGTON, Nov. 10.—"Dry" law chiefs today were in utter dismay at the probable effect of the Supreme Court's decision, holding that whisky may be "transported" from warehouse storage to owners' homes. They frankly admitted that the Supreme Court's decision in enforcement work may grow out of the release of millions of gallons of liquor legally held.

Some clear statement, further interpretation and enforcement work may grow out of the release of millions of gallons of liquor legally held.

Revisions of some of the prohibition regulations now in effect is being made to conform to the decision, and other regulations discussed as possible substitutes to prevent heavy withdrawals of illicit storages.

Officials faced the most difficult problem they have had since national prohibition became a reality.

GUARANTEE SOUGHT FROM OWNERS

After officials conferred today it was indicated that the Internal Revenue Bureau may devise a plan calling for certain guarantees from whisky owners who may seek to remove their liquor stocks and transport them. Legal advisers of the enforcement bureau doubted whether the Government could successfully resist demands for money by whisky owners to withdraw their stocks. Efforts to prevent such withdrawals, it was admitted, would cause litigation in courts all over the country.

No official records were available to officials today to show what proportion of the country's whisky is in bonded warehouses.

NEGRO'S SLAYER FREED BY COURT

Judge Pritchard Finds Shooting Was in Self-Defense.

Charges of murder against William H. Roberts, Jr., 19, of 3031 North Illinois street, who shot and killed Ed Ivory, 714 Muskrum street, Oct. 8, were dismissed in City Court today by Judge Walter Pritchard.

Evidence submitted on the day after Roberts surrendered to the police and stated that he shot Ivory when the negro dared him to get off of an Illinois street car at Illinois and Walnut streets, and then attacked him with a knife. Roberts corroborated by witnesses who appeared before the coroner in his investigation and also by the report made to Judge Pritchard by detectives who investigated the case.

After the hearing in City Court last month Judge Pritchard continued the case until today in order that other evidence both for and against the defendant might be submitted to the court.

All evidence showed that Roberts fired in self-defense.

The evidence indicated that Roberts had objected to the negro pushing in ahead of a white woman as she got on a street car at Illinois and Washington streets, and that the quarrel continued in the street car.

FAMILY 'TUB' NIGHT SAFE

The immortal weekly bath claimed the attention of the board of school commissioners last night.

Discussion of a protest of certain interested parties against the installation of shower baths in a new school building was in progress. The interested parties didn't want shower baths, they wanted tubs in the corner of the building with the proposed new gymnasium.

There was danger of the board taking steps to suppress the activities of the interested parties until Commissioner William D. Allison remarked:

"Oh, tell 'em we don't have school on Saturdays, anyway."

Too Bad, Annie

NEW YORK, Nov. 10.—Miss Annie Campbell, 30, and for \$100,000 for injuries sustained when Isaac Barrows' automobile was wrecked. The jury decided that girls who accept rides from strange men take their own risks.

It's a long story, but boiled down reads like this:

O'Donnell left Indianapolis, Oct. 20, for Tallahassee, Fla., where he was to give Carl Schaffner, 44, of 420 Euclid avenue, a few days ago, to which place his body will be shipped. Coroner Stewart pronounced death due to heart trouble.

At the time of her marriage, Mrs. Drew claims, she was only 16 years of age and was legally unable to consummate a marriage.

DETECTIVE SINGS HIS PRISONER AWAY FROM FLORIDA

Gaby Deelys, with her sing and dancing, wrecked the throne of the King of the South Sea Islands, singing gained her the title of Lady Something-or-other; but it remained for the sweet voice of Detective Charles O'Donnell, member of the Indianapolis police force, to obtain the extradition papers from Governor Sidney J. Catts.

Undaunted, Detective O'Donnell began cultivating the friendship of men whom he knew were influential with the Governor. Suppers, theater parties and other entertainments were enjoyed until he and one of the Governor's friends became an extremely good team.

While sitting in a cafe, listening to a singer, the remark was passed that O'Donnell was formerly a vaudeville singer. The next day O'Donnell and his new friend called on the Governor at the executive offices, and the official

APPOINTMENTS PROVIDE M'CRAVE NEW PROBLEM

Women Who Worked for State Organization Deserve Recognition.

MISS BUSH FIRST NAMED

Warren T. M'Craive had hardly ceased computing the plurality that elected him Governor of Indiana when he committed a grave political mistake.

It is not an irretrievable mistake, however, for the nature of the appointments he makes will in a measure determine its magnitude. It is constructed by any one as a mistake, for she has demonstrated repeatedly her capabilities, both in the business and political fields. In fact, Miss Bush has been practically recognized for the management of Mr. M'Craive's second and successful primary campaign.

He overlooked, however, the prime necessity of assuring some of the other ardent Republican women workers that they, too, would be honored by due time.

Involved in the appointment is an intricate problem of feminine political development that would do justice to the most astute of the male classes.

Miss Bush, an ardent Republican partisan, nevertheless took an active part in the formation of the Indiana League of Women Voters, which came as a sequel to her successful career as a champion of equal suffrage.

In recognition of her services she was made secretary of the Indiana Republican women's committee. While in that capacity she was elected to the Chicago convention and later went to the Democratic convention at San Francisco along with a number of other prominent women.

KANSAS CITY, Mo., Nov. 10.—A meeting of all American and National Baseball League owners and directors will be held in Chicago Friday, at which definite means of ending the threatened baseball war, which they can offer.

This was announced today by August Herrmann of Cincinnati while speaking to the National Association of Minor League Baseball Clubs.

Herrmann announced that the new National League had agreed to name a committee of three or four members to meet with similar committees of the American League and affiliated minor leagues to discuss the situation.

This concession on the part of the National League owners to adopt the plan of meeting "by leagues" instead of "by clubs," means that baseball peace will be declared Friday at Chicago, according to all indications.

Walter Herrmann was talking to the press on some solution whereby a letter from Ban Johnson, "I have here in my hand a communication from the five loyal club owners of the American League saying they will meet with us in Chicago to discuss peace," said Herrmann.

Dagger Ends Tempestuous Romance of Texas Woman

CHICAGO, Nov. 10.—They are telling the dramatic story of Lazzarotti's tempestuous romance today.

"Lazzarotti," the name given her by the Chicago Association of Commerce junketers during a brief sojourn in Mexico, is at the morgue, dead by her own hand. She was Miss Theodora Sanders of Texas.

More than 200 telegrams in her hand, written by Harry H. Garver, foreign trade expert of the Chicago Association of Commerce, the man who flitted her, contribute dramatic episodes to her shattered dream of happiness. Adding their own narrative are letters protesting their undying love, also written by Garver.

Expensive gems, estimated to be worth \$10,000, some of them gifts of the man she loved, several of the details of her life are being used for divorce by Clara Irene Garver, to whom he was married in 1903.

Yesterday Miss Sanders sought a final divorce. Evidence in the case indicates that before going to meet Garver she capriciously dealt the cards.

BOY OF 17 SAYS HE WAS HIRED TO KILL 5 FOR \$200

He Accuses 18-Year-Old Son of Family to Be Wiped Out.

NORTON, Kas., Nov. 10.—Carl Johnson, 17, made an unsuccessful attempt last Tuesday night to murder five members of one family at Almena, near here, according to charges filed in the District Court here today to receive a fee of \$200 for performing the act, according to an alleged confession which involved an 18-year-old son of the family.

Young Johnson is said to have confessed that Elmer Helsenman, 18, agreed to pay him \$200 for killing the father, Jacob Helsenman; his sister, Paye, his mother, his grandmother and his brother. The family was to be exterminated so Elmer could inherit the estate. It is alleged.

The wholesale murder was planned in Almena, Johnson later was charged in charges filed in the District Court here today to receive a fee of \$200 for performing the act, according to an alleged confession which involved an 18-year-old son of the family.

Johnson approached a window of the home, saw the family seated at the table and opened fire. He fired six shots, one shot wounding the daughter in the arm, and another striking the grandmother in the neck.

After firing the shots, Johnson dropped the gun and ran. Jacob Helsenman gave chase. Johnson later was captured in Almena. At his preliminary hearing he is said to have made the confession in writing.

Johnson's hearing-Helsenman was taken into custody. Both were bound over for trial in the District Court.
