

LABOR HEADS TO PLAN CAMPAIGN

Gompers Calls Presidents of Twenty-four Internationals.

WASHINGTON, Nov. 10.—The presidents of the twenty-four international unions which are based in the steel trade will meet in Washington Friday at the call of Samuel Gompers, president of the American Federation of Labor. It was learned today. They will take action deciding whether a new campaign shall be waged to organize the steel industry.

The executive council of the Federation, with most of the heads of the twenty-four international unions affiliated with the Federation to make plans for a gigantic offensive against "open shop" employers and what is claimed to be a movement to wage wages.

There is talk of Samuel Gompers calling a conference of the heads of the 116 international unions affiliated with the Federation to make plans for a gigantic offensive against "open shop" employers and what is claimed to be a movement to wage wages.

According to labor officials no new campaign among steel workers will be undertaken until next spring, if then.

CLINIC ATTENDED BY 84 PATIENTS

Month's Record Shows Fight on Tuberculosis Gains.

Nursing as a profession has an ardent and efficient sponsor in Miss Marian D. Bell, supervisor of the tuberculosis clinic of Indiana University School of Medicine, conducted in connection with the Indianapolis clinic for the benefit of the Indianapolis and of health. Miss Bell, who has been supervisor of the clinic for nearly three years, previous to coming to Indianapolis was supervisor for four years of the Milwaukee county hospital where she took her nurse's degree and did post graduate work.

"I am very optimistic over the future of our work here," she declared.

"Last month we had eighty-four patients, of which twenty-seven were children under 15 years. Of course, all of them were not tubercular cases, a number merely being suspects who came to us for examination. Often we find that a suspect has some other trouble which we can assign to another department for the proper treatment."

"In addition to our daily clinic held from 8 to 10 a. m., we began a night clinic the last 15 of the month, which we held from 6 to 8 Tuesday and Friday nights. This is for men and women only. We find it is of great assistance to persons who are working and could not otherwise avail themselves of the free medical treatment."

In discussing the work of the clinic, Miss Bell said that in addition to operating the clinic a "follow-up" of the patient and the home conditions surrounding him are conducted. Each afternoon Miss Bell and her four assistants visit the patients' homes, find out the living conditions, advise the proper living arrangements and recommend the proper food.

"Our work also includes cooperating with the different organizations of the city," said Miss Bell.

"For instance, if we take a father from his family, we must get in touch with the Mothers' Aid or the Children's Aid in order that the family may not suffer. We also examine the applicants for the city fresh air schools, and assist in conducting the physiograms of the children. Within the last ten days we expect to open a south side clinic at the Jewish Community House, 17 West Morris street. Dr. R. A. Solomon will have charge of this clinic which will be held three days a week, and Miss E. Freed will be the nurse in charge."

"I am very anxious that our clinic be a bureau of education and information as well as a clinic. I want people to come to us for advice as well as treatment. I want to feel that we are always more than glad to assist them in securing medical treatment."

In discussing the type of patients treated by the department Miss Bell said that while it is conducted for the benefit of persons who cannot afford expensive medical treatment, it is desired that the patients do not feel that they are accepting charity. She said it is very difficult for persons who have at one time been prosperous to be made to feel they are not accepting charity offered to poor people.

In regard to the home conditions she said the high cost of living and scarcity of homes is the cause of many unusual conditions.

"Sometimes we find as many as eight or ten people living in two rooms, or rather, trying to live; for it is impossible to live under such conditions," Miss Bell said.

According to Miss Bell, the nurses have to count many of the cases themselves. Noticing reports of sickness in some instances to the clinic. Much difficulty in getting people to realize their sickness was stressed by Miss Bell, who explained it had been her experience that those who gave the most trouble were the ones who needed care the most.

Miss Bell expressed the desire more women take up nursing as a profession, saying the girl in one sense can not be blamed in taking a job which after six months of training pays her as much as a nurse gets after three years of laborious and tedious application.

Stove Explosion Causes \$500 Fire

A coal oil heating stove in the living room of Mrs. Hazel McCormick's apartment, 2640 Northwestern avenue, exploded last night and the flames spread to all parts of the room. Firemen put out the blaze, but not until damage estimated at more than \$500 had been done.

Slight damage was caused from water which leaked through the floor into the drug store of H. F. Glaenzel, below the apartment. No person was at home when the fire started.

Spontaneous combustion started a fire in the reserve coal supply of the Ell Lilly Company, Delaware and Norwood streets, at 10:30 o'clock last night, but firemen put out the fire within a few minutes and only slight damage was done.

GOVERNOR NAMES DELEGATES. Appointment of fifty honorary delegates to the citizens' educational conference to be held in Chicago Nov. 23, has been announced by Governor James P. Goodrich.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, sallow skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore a weak, overworked or diseased kidney to healthy, normal condition.

J. E. Simons, 400 E. 50th St., Portland, Ore. writes: "I was troubled with backache and stiffness. I tried Foley Kidney Pills and will say that I highly recommend them to anyone troubled in that way, as they are excellent."

Girl Scouts Erect Tent

There is little that a Girl Scout can't do when the need arises. Passers-by on Monument Circle can testify that these Girl Scouts at least scorned the proffered aid of men and boys and erected their own tent in Christ Churchyard without assistance. The tent is being used as a booth in the campaign to help Indianapolis Girl Scouts get a camp of their own.

gues by displaying the dagger which she always carried with her. It was not unusual for her to draw the weapon from her belt and hurl it at some nearby cornice or woodwork, driving the point into the wood. She was exceptionally deft in handling the weapon.

PROMINENT IN HER HOME CITY

THE ROMANCE BEGAN IN 1919. The romance between Garver and Miss Sanders began in 1919 when they met at Laredo. In the intervening time they corresponded and she sent many telegrams containing fervent protestations of love. Several times the girl came from Laredo to Chicago, St. Louis and New York, where she and Garver were together.

Garver told the police they were to be married when he got his divorce, but that he had decided to end the romance because he wanted to marry a girl from his country, was "too temperamental."

Among the eccentricities attributed to the girl was the habit of always wearing the dagger with which she slew herself in the girdle of her gown.

The engagement of Miss Sanders to Garver was announced here a year ago.

7 Grocers Held Under Sunday Opening Law

Seven grocery men are under arrest today, charged with violating the Sunday closing ordinance. Those arrested are: Meyer Silverstein, 1009 South Capitol avenue; L. R. Bryan, 215 South Meridian street; J. R. Dickey, 612 North Illinois street; Ildon Lathers, 231 Indiana avenue; H. Page, 214 Massachusetts; L. Poine, 407 Massachusetts avenue, and W. T. Kincaid, 245 Massachusetts avenue. The Indianapolis Retail Grocery Association is conducting a campaign to enforce the Sunday closing ordinance.

LIVED FOR SOME TIME IN ST. LOUIS

ST. LOUIS, Nov. 10.—Miss Theodora Sanders, who killed herself in Chicago yesterday, lived at a fashionable hotel there from April 25 to June 25 last spring. She was attended by a number of the time, as she was said to have been a prima donna. Miss Sanders was visited four times by H. H. Garver, her fiance, during her stay here, hotel attaches said. The girl was asked to leave her rooms by the hotel management after she had quarreled with her nurse and after she caused annoyance to other

Attorney Kills Wife; Attempts Suicide

PORTLAND, Ore., Nov. 10.—S. C. Spencer, 58, well known Portland attorney, shot and perhaps fatally wounded his wife and then committed suicide at his home here today. Spencer was seen ill for some time.

URGES CHANGES IN SCHOOL LAWS

Compulsory Attendance Act Defective, Graff Says.

Among the most important educational matters which the next State Legislature should take up is a revision of the compulsory school attendance law, Superintendent of Schools E. U. Graff declared today. A better method of enforcing school attendance and a longer period of compulsory attendance is needed, the educator said.

"It is folly to expect to have the present law enforced with only one enforcement officer to the county, remunerated with a salary of \$2 a day, as provided by law," Mr. Graff stated. "There will have to be more attendance officers and they will have to be paid salaries which will at least cover their expenses. The present salary will hardly cover postage."

"I also believe we should raise our number of grades required to be completed before a pupil may quit school to at least the sixth year. The present requirement is for the completion of the fifth grade. I believe ultimately we will see an end to requiring completion of the common branch, but for the time being we ought to at least require attendance through the sixth grade."

Mr. Graff indicated that he will seek legislation to this effect.

GREENSBURG, Ind., Nov. 10.—Noble Sanders, 18, suffered serious injuries yesterday when he fell from a wagon and ran over. He was engaged in hauling fodder to a shredder when he lost his balance.

"It is folly to expect to have the present law enforced with only one enforcement officer to the county, remunerated with a salary of \$2 a day, as provided by law," Mr. Graff stated. "There will have to be more attendance officers and they will have to be paid salaries which will at least cover their expenses. The present salary will hardly cover postage."
