Armistice day and also the three hundredth anniversary of the signing of the Mayflower compact were celebrated today by the Carroll Scott Harrison chapter of the D. A. R. with a delightful program given in the ballroom of the Propylaeum. The first half was devoted to the Mayflower observance, with the stage cleverly arranged to represent the interior of a pilgrim home.

Miss Julia Ryeer in a quaint "old time" costume sang a group of old English songs, including "Come Home, Sweet Home," "Come to Kew" (Deis), "Nymphs and Shepherds" (Porell). F. R. Kauts read a Dwight Hillis lecture, illustrated by stereopticon slides, followed by a group of songs by a quartette made up of Mrs. Glenn Friemond, Miss Florence Ann Parkin, Mrs. Mary Traub Busch and Mrs. Everett Johnson. Their numbers included "Annie Laurie," "Robin Adair" and "When Grandmother Danced the Minuet," which concluded Part I.

Armistice day was the theme of the second part. Lieut. Col. James R. Parsons of St. Benjamin Harrison and Dr. Charles Myers of the American Legion made addresses, and Mrs. Mary Traub Busch sang "There is No Death," a song inspired by the war.

As a finale Mrs. E. C. Rumpel led the members and guests in community singing of patriotic songs.

Mr. and Mrs. C. Z. Coulter, of Columbus, Ohio, are here for the wedding of Miss Marjorie Coulter and Earl J. Haler, Monday at the home of the bride-elect, and day at the home of Mr. and Mrs. C. Z. Coulter, 509 Jefferson avenue. Mr. and Mrs. John Coulter and son, of St. Louis, and Miss Myrtle Minton, of Hamilton, Ohio, will arrive tomorrow for the wedding.

Miss Ellen Donk, 3611 Kenwood avenue, entertained with a "personal" shower Wednesday night in honor of Miss Harriet Elizabeth Downey, bride-elect. The guests were members of the Phi Beta Psi Sorority.

Miss Bertha B. Howell, district director of Girl Scouts representing New York headquarters, will talk at the City Club dinner Friday evening. Mrs. Henry Hayward and her scouts will be special guests and will demonstrate some of their accomplishments.

Pi Beta Phi Alumnae Club will meet with Mrs. J. T. Hoopingarner, 4008 Broadway, Saturday afternoon. A program is being arranged on various phases of "Pioneer Days of Pi Beta Phi." Assistant hostesses will be women from Indiana Alpha Chapter.

Miss Hilda Mae Schreier, a bride-elect, was the guest of honor at a line shower Wednesday evening given by Mrs. Pearl Cone, 4000 Park avenue. Baskets of pink and white chrysanthemums combined with greenery and autumn berries were effectively arranged through the rooms. The gifts were presented in a pink and white basket decorated with chrysanthemums. The table settings, lace and confections were carried out in pink and white, and small crystal butterflies, as favors, marked the covers.

Mrs. M. J. Hammel, 3067 Carrollton avenue, entertained the Emergency Club at her home this afternoon.

Mrs. Bernard Butty of Rose Hill will be the hostess for a card party to be given tomorrow afternoon for the benefit of the treasury of the Federation of Music Clubs.

Dances will be given tonight and tomorrow night in Tomlinson hall with a card party on Saturday night by the American War Mothers of the city. The proceeds are to go toward the building of the soldiers' hospital which the War Mothers are planning to erect.

NEW LINES

Nankin blue is the color that this suit has chosen. The very long, tight-fitting bodice with its one square button and long gathered skirt is a new feature of this season. A generous collar of mole and deep pockets are in pretty contrast to the blue of the skirt. The skirt is plain with just a bit of gathering at the waistband.

DOPE FIENDS DEFY DRUG ACT

Conjure Substitutes for Cocaine and Opium.

CHICAGO, Nov. 11.—Dope fiends are now crossing the aesthetic threshold into the wild delights of fancy by the use of talcum powder and pulverized aspirin tablets, according to R. W. Stanley, investigator, who revealed the results of his delving into the drug traffic.

"It is almost impossible—thanks to the strict Government regulations—to get pure cocaine," said Stanley, "the little that is being peddled now is mixed with talcum powder."

Stanley said many former drug addicts are now powdering aspirin tablets and snuffing the powder. The affect, according to Stanley, is about the same as cocaine, but much more injurious to the nervous system. "Those who used to chew opium," said Stanley, "are now chewing the sediment that collects in pipes. This sediment is almost pure caffeine and has the same effect as opium."

Pittsboro Man Hurt as Train Hits Truck

C. F. Rawlings, 24, of Pittsboro, was slightly hurt today when a truck he was driving was struck by a freight train at Winton avenue and the C. I. & W. tracks.

The truck was carried 200 feet down the track and was demolished.

Rawlings was taken to the City Hospital.

PARK BOARD WAY MYSTERY TO HIM

Kampman Declares Ruling Discriminatory.

Editor The Times—Allow me to state a few words regarding the decision of the park board's attorney in the matter of amusements at the Thirtieth street entrance of Riverside Park, against which private amusement enterprises 85 per cent of the residents of the immediate neighborhood are objecting to the proposed re-establishment in a new location between Parkway boulevard and Schurman avenue and Twenty-Eighth and Twenty-Ninth streets.

The elasticity of the legal opinions of attorneys are hard to understand, as the present legal adviser of the park board says they have no jurisdiction over the establishment of the enterprise unless "within 300 feet of any park, boulevard or parkway." There is a piece of ground directly across the street from the proposed location that belongs to the city of Indianapolis, has been used for park purposes and is as much a part and parcel of the park system of Indianapolis as any park within the city limits, but states that this cannot be used to control the establishment of a private amusement enterprise that the park board ousted from Thirtieth street.

Now the funny (but expensive to me) part of this question is the fact that a former legal adviser of this same park board used this same piece of ground at that time under lease and not owned by the city to prevent the opening and operation of a saloon by one on Thirtieth street and the canal, which location was over 700 feet from Parkway boulevard, but less than 500 feet from the part of the park used as a loading station, horse shoe or quonits courts, etc. Should the present attorney's decision remain in force and not be reconsidered or revised am I not entitled to damages from the park board, for the considerable expense I went to build a building and then not allowed to use it because of such a decision based upon a remonstrance circulated by Mr. Shank, manager of the Riverside skating rink and others.

Let the park board be fair and just to all.

HENRY W. KAMPMAN.

Mrs. Housewife, Do You Know?

1. Why the fabric poplin is so-called? 2. What proportions to use in making cranberry jelly? 3. What is the safest way to keep any poison in a house where there are children?

(These questions will be answered tomorrow by the HOUSEWIFE.)

ANSWERS TO YESTERDAY'S QUESTIONS.

1. The word blanket originally indicated a sort of white woolen fabric, and came from the French word "blanc," meaning white.

2. The best way to prepare cold boiled ham is to boil it slowly in enough water to cover it until it is tender, and then to remove it from the heat and cool it slowly in the water in which it was boiled.

3. Refrigerators should be cleaned thoroughly once a week. Wash them out with hot water in which baking soda is dissolved, or washing soda. Pour hot soda water down the drain pipe. Then rinse out the refrigerator with boiling hot water and leave all doors open for two hours to air it.—Copyright, 1920.

AYRES' DOWNSTAIRS STORE

Lightning May Not Strike Twice in the Same Place But Sometimes a Dress Sale Does

Several weeks ago one of the most successful sales of dresses we ever featured was held in the Downstairs Store. It was a success just because of the fact that the dresses were very unusual in style, quality and fabric, and the price was so much less than one naturally expected to pay for such dresses.

This Big Sale Duplicated Friday

Our buyer of women's ready-to-wear for the Downstairs Store has just returned from New York. Good fortune smiled upon him in that a maker had 200 very fine dresses for which he was willing to take an exceptionally low price.

The dresses are here. They are beautifully made of tricot, serge and velours, in styles that reveal the modes of the hour. Some of them are very handsomely embroidered in yarn, in various colorings and designs, others have lace sleeves and lace overdresses, while still others are beaded in various designs.

Frankly, we consider these the best values we have seen at the price, for certainly no one would expect to find such dresses as these at \$20.00. The range in color includes navy, brown, reindeer, wisteria and Pekin blue. The sizes range from 14 to 44.

Silk Jersey Petticoats

Are Especially Popular Under the New Frocks

One-piece frocks have allied themselves strongly with the slim jersey silk petticoat this season, because the latter lie smoothly and without a bulky ripple 'neath the straight lines of the reigning silhouette.

But a price such as certain new ones boast is NOT a common thing. First, though, we'll say that the quality is a fine, closely-woven type, the workmanship is well done and the color range includes navy blue, brown, taupe, black, green and other suitable-for-suit-wear shades.

These Petticoats are \$4.95

And at the same price—\$4.95—are silk jersey ankle length bloomers in green, purple, navy blue, taupe and henna, in all lengths.
