

## 1,500,000 IDLE IN COUNTRIES OF OLD WORLD

Great Britain Heads List With  
Approximately 403,000  
Unemployed.

### GERMANY'S LIST LARGE

LONDON, Nov. 12.—Strikes and slackened business in Europe have left 1,500,000 workers idle.

Exact figures were not available today, but the British labor ministry put the number of unemployed at a million and a half as a conservative estimate. In Great Britain there are 200,000 men drawing unemployment pay from the government, but there are tens of thousands more who have not benefited by the payments.

Thus far there has been no suffering. The weather has been mild. At the same time there is worry over prospects for the winter. The government has urged unions to admit unskilled labor to their ranks, especially in the building trades, which the government plans to use this winter in the construction of buildings.

Later estimates of unemployment in Great Britain were placed at 403,000. Germany's idle army is estimated at 400,000. Of these many are receiving government rations. Strikes have been frequent in Germany, but much of the unemployment has been involuntary.

France has about 200,000 unemployed. There were no statistics from Italy, Austria or central Europe, but conditions were known to be bad there. Italy has been pined upon by Bolshevists and anarchists. The government is now planning on giving labor a voice in the control of industry and this is expected to end much discontent. Prices are advancing in Italy and the government has just announced new taxes with a rise in the price of bread and other staples.

The Scandinavian countries have less unemployment than any other part of Europe. The average there was believed only 2 per cent of the labor population.

### Woman Struck Down by Man in Street

Mystery surrounds the attack made on Miss Frances Rembusch, 1011 South Alabama street, a stenographer employed by the Central Union Telephone Company, who was knocked down by a man while she was walking opposite 600 South Meridian street.

The man struck Miss Rembusch with some blunt instrument, inflicting a scalp wound, and ran west on Norwood street, pursued by Claud M. Scott of the Madison Flats, who witnessed the attack. The man made no attempt to rob Miss Rembusch and after knocking her down did not touch her, but ran away. Miss Rembusch for a time refused to tell the police her name. Scott gave the officers an excellent description of the woman's assailant.

NOBLESVILLE, Ind., Nov. 12.—Thieves broke into the store of S. J. Horton at Sharpsville last night and carried away \$300 worth of cigars, tobacco and other merchandise. They entered the place by cutting the plate glass in the front door.

### Offered Throne

PRINCE CHARLES OF BELGIUM.  
Recent reports state that Prince Charles of Belgium, second son of King Albert, has been offered the throne of Greece. It is said now that Prince Paul, ex-King Constantine's son, has refused the offer of the throne because Premier Venizelos would still retain his power.

### Indiana Apple Show Opens Here Monday

The tenth annual apple show of Indiana will open Monday at the Women's Building at the State Fair grounds, continuing through the entire week. An exhibition will also be made by local florists. The show which is expected to be the largest ever held will have exhibitions from nine other States, namely Ohio, Illinois, Michigan, Wisconsin, Iowa, Missouri, Kentucky, West Virginia and Pennsylvania.

H. H. Swain of Purdue University, secretary of the Indiana Horticultural Society, has arranged the exhibit. Prizes aggregating \$4,000, will be awarded. Some of the largest growers in the different States have entered the contest. Horticultural authorities say that this is not only the largest exhibition, but also the finest, since this has been an exceptionally good apple year and modern science is developing new devices for better apples every year.

### Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO  
TREAT AND RELIEVE AT HOME

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels, you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Eucalypti (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the two active of treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly 90 per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.—Advertisement.

is admitted it probably would widen the breach between that country and Germany, perhaps defeating the proposal for a merger of the two nations. It is believed a special commission will be appointed by the League of Nations to examine the request of Germany and Austria for admission and will report at a future meeting. The meeting will open Monday.

## Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong—According to Dr. Lewis

Guarantee to Strengthen Eyesight  
50% in One Week's Time in  
Many Instances.

A Free Prescription You Can Have Filled  
and Use at Home

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can read even fine print without glasses. Another who used it says: 'I had been bothered with eye strain caused by overwork, tired eyes which induced fierce headaches. I have worn glasses for several years both for distance and work, and without them I could not read my own name on an envelope or the type-writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the darning leaves on the trees across the street now, which for several years have looked like a dim red haze to me. I cannot express my joy at what it has done for me.'"

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions are usually greatly benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

NOTE: Another prominent Physician to whom the above article was submitted, said: "Yes, the Bon-Opto Prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mist glasses. I can highly recommend it in cases of watery, itching, smarting, itching, burning eyes, red lips, blurred vision or for eyes inflamed from exposure to sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an ethical preparation, the formula being printed plainly on the package. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in this city by the leading druggists, including the Hook and the Haag Stores.—Advertisement.
