Tearoom Life Lure Gives Ultimate Joy to Former Teachers

Brudge of Classroom Proved Too Much for Fair Ones.

Miss Josephine McCord and Miss Glecia Ratcliff.

Two young women who prefer taking a chance on making their expenses in business to the safe and sure method of earning them in the grind of the schoolroom, are Miss Josephine McCord and Miss Glecia Ratcliff, in charge of the City Club tearoom on Meridian street. The two are graduates of Purdue University in the Home Economics course.

"After graduating," said Miss McCord, "I just naturally drifted into teaching, for that seemed to be the thing for a Purdue graduate to do, teach home economics in high school. But after three years of it, I realized I was narrowing instead of broadening. I became obsessed with a desire for a change. I went to Detroit and did cafeteria work in the Y. W. C. A. under the direction of Miss Minnie Albert, who was manager of the cafeteria."

"There I met Glecia and we agreed we were through with teaching; decided to throw our lots together and get into tearoom management somewhere. Then the opportunity came in the management of 1917 and Miss Ratcliff in that of 1920."

MISS FELT 'Y. W.' HONOR GUEST

Federation of Industrial Clubs Will Give Party.

The Federation of Industrial Clubs will give a party Wednesday, Nov. 17, in honor of Miss Mabel Felt, former industrial secretary at the Indianapolis association. Miss Felt has just returned from France, where she has been with the Y. W. C. A. in its overseas work for the last nineteen months.

Dinner will be served at 6 o'clock in the private dining room, which will be decorated in the national colors of France and the United States. This same color scheme will be carried out in the table decorations. Immediately after dinner a short musical program will be given, followed by an informal talk by Miss Felt, in the course of which she will relate some of the exceptionally interesting and unusual experiences which she has had. For the last year she has been educational director for the permanent metropolitan association in Paris, which has had quite a phenomenal growth since the war. Previous to this she worked in the foyers established in the industrial clubs without a vacation in one of France, organizing the French girls into industrial clubs and putting on recreational and educational programs.

Plans are being made for accommodating the large number of girls, inasmuch as all who knew Miss Felt are anxious to be present to give her a welcome. The girls have kept in close touch with her work through letters, and for their particular piece of service work last year raised sufficient funds to send two of the girls in one of her clubs to a Y. W. C. A. seashore summer camp for a rest. These girls had worked constantly without a vacation in one of the French munition plants during the entire period of the war.

The following clubs have reserved tables for the dinner: Pettis Dry Goods Company, Young Business Women's Club, Carry On Club, C. B. Cones & Sons Manufacturing Company, Eli Lilly & Co., G. & J. Tire Co., Indianapolis Glove Co. and Remis Brothers Bag Co.

A number of association members who are not connected with the federation, but who know Miss Felt, are planning to be present to aid in the home-coming celebration.

Y. W. C. A. NOTES.

The unusual opportunity of having an artist point out the special features of his own pictures and describe the painting of them will be given those who attend the Y. W. C. A. program at John Heron Art Institute Friday, Nov. 19, at 8 p. m. William Forsyth, whose paintings are now being exhibited in the east gallery of the Art Institute, will talk informally about his pictures. Following Mr. Forsyth's talk, pupils of Miss Albert Yager will give a short program of readings. Refreshments and an informal social hour have been planned for the latter part of the evening.

The department of religious education, which is in charge of the open forums for November, has secured Prof. John G. McGarran as speaker for Monday, Nov. 15, 8:30 p. m. Those interested are welcome to attend these open forums.

A half term's work, or six lessons, in the making of winter hats is being offered by the educational department. Two classes will be organized this week, one to meet Wednesday, 2:30 to 4:30 p. m., and the other, Wednesday, 7 to 9 p. m.

Senora Delia Espanza de Montele of Mexico will speak on her country, its women, its political situation and its customs at the supper service at 4 o'clock, Sunday, Nov. 14. During the service, Miss Freda Hughes will sing, accompanied by Miss Cynthia Humes. A social hour will follow, girls from the educational department acting as hostesses.
