

EDITORS PROVIDE FOR LOVE FEAST

Successful Candidates to Be
Invited to Meeting.

The midwinter meeting of the Indiana Republican Editorial Association, to be held in Indianapolis, Thursday and Friday, Jan. 27 and 28, will be featured by a love feast in celebration of the victory of the party at the November election. The date for the meeting of the Republican scribes was set yesterday by E. J. Hancock, of Greensburg, president of the association, following a conference with Frederick E. Schortemeier, secretary of the Republican State Committee.

The love feast will be held Friday evening, at which efforts will be made to have President-elect Warren G. Harding, or Vice President-elect Calvin C. Coolidge speak. Should efforts fail to obtain either of these men, then attempts will be made to have a newly elected United States Senator from some central State to speak. Warren T. McCray, who will at that time be the new Governor of Indiana and Senators Harry S. New and James E. Watson, will be special guests of the editors.

Plans are now being laid by many Republican organizations for attendance at the inaugural ceremonies attendant on the taking of oath of office by Warren G. Harding. It is expected the Columbia Club of Indianapolis will have either first or second place in the inaugural parade.

PUSS IN BOOTS JR.

By David Cory.

Well, in the last story we left off just as little Puss Junior on his wonderful winged horse reached the place where the Golden Fleece was guarded by the terrible Dragon who never slept.

And just as Puss was wondering what would happen next a boat came up to the beach, which was close by, you know, and out jumped a number of men. But when they reached the grove of trees that terrible Dragon made so much noise that the king of that country ran out of his palace and told their leader, whose name was Captain Jason, that he couldn't have the Golden Fleece unless he hatched up a pair of fire breathing oxen to a plow.

Now Puss felt dreadfully sorry for Captain Jason, for he knew that he would be burned up with the dry breath of those terrible oxen, so he set out as fast as he could for help. But of course he didn't know just where to go, and as he went along he met the king's daughter, who gave him a wonderful charm to give to Captain Jason.

So Puss turned around and hurried back, and wasn't it lucky, he returned just in time, for those terrible oxen were breathing forth flames and smoking dreadfully, and I guess Captain Jason would have been turned to a cinder in less time than I can tell it to you.

So Puss handed the charm to Captain Jason just as the roaring, flame-breathing oxen rushed out of the stable. And as they ran over the meadow their flaming breath burned up the grass and the leaves and the air was full of smoke, just as if a great bonfire had been made of the leaves.

But Captain Jason wasn't a bit afraid. He walked toward them as bravely as you please with the magic charm in his hand. And then he said, very gently: "So there, So there, and patted their necks, and after that he put on the yoke and hitched them up to the plow, and pretty soon the field was plowed, and then Captain Jason put the oxen back into the stable.

And then he ran over to the grove to get the Golden Fleece. But oh, dear me! That watchful, sleepless Dragon wouldn't let him touch it. So what was he to do? "Wait a minute, Captain Jason," said Puss, and he ran back again to the king's daughter and told her what was the matter.

So she hurried upstairs to her room and brought down a little bottle of perfume and gave it to Puss, and without asking a single question, for there was no time to lose, he hurried back and gave it to Captain Jason, who sprinkled a few drops on that dreadful Dragon. And would you believe it, that fierce beast, as soon as he smelt that lovely odor, closed his eyes and rolled over sound asleep.

And then Captain Jason picked up the Golden Fleece and with Puss at his side ran down to the shore and got aboard the ship. And when the warriors were also on board, they all sailed away. And the next time I'll tell you what happened after that.—Copyright, 1920.

Three Words Base of \$15,000 Lawsuit; Not 'I Love You'

NEW YORK, Nov. 17.—Three words spoken by Hermann P. Tappe, proprietor of a fashionable gown shop in Fifty-Seventh street, to Miss Leona Meer, one of his salesladies, was responsible today for a \$15,000 damage suit, brought by the latter. The words, the complaint alleges, were: "You are crazy."

These words, Miss Meer alleges, spoken in the hearing of several persons, including a princess, caused \$15,000 worth of damage to her nervous system and to her professional reputation.

SCHOOL BOARD FAILS TO DECIDE

North Side Building Proposals Remain Open.

Confronted with two alternatives regarding erection of new school buildings to relieve the congestion on the north side, the Indianapolis school board met last night, talked and adjourned without reaching any definite conclusion as to what their plans will be.

Several proposals were discussed. The board is undecided as to whether it should erect portables for the grades, and have a new high school for the northern part of the city, or to give immediate attention to the grade school building program.

The main gage facing the board is the present indebtedness of \$6,278,008, which, with the new program, would boost it to about the constitutional limit of indebtedness. Commissioner Barry pointed out that there is only about \$2,000,000 which the board can count on for building purposes.

A delegation from school district No. 35 faced the board last night, urging a new building for that school. The spokesmen told the board that more than 200 children attend that school only half time, and stated that conditions in portable schools were unsatisfactory. It was represented there had been no improvements in school conditions in that community in more than twenty years.

Commissioner Gadd brought to the attention of the board the fact that it was committed to make improvements at schools No. 16, 36, 62 and 74. A resolution was passed authorizing the building adviser to secure estimates on portables, both one and two-room and in different sized lots.

L. A. Salder, building adviser, presented an estimate of \$374,643 as the total cost for heating, ventilating, plumbing and wiring in schools Nos. 4, 12, 15, 31, 32, 34, 45, 47 and 52.

The building program calling for an expenditure of \$6,278,008 is divided as follows: No. 9, \$380,089; No. 16, \$307,904; No. 17, \$333,879; No. 27, \$302,954; No. 35, \$127,229; No. 36, \$344,889; No. 38, \$132,541; No. 42, \$208,037; No. 49, \$195,058; No. 55, \$208,037; No. 62, \$208,037; No. 67, \$208,054; No. 70, \$235,037; and No. 74, \$76,823. The North Side High School is estimated to cost \$2,085,081. The addition to the present building at Manual will represent an expenditure of \$727,578, and the proposed Potter Fresh Air School at Technical will call for \$60,000.

Many a Pretty Face Spoiled by Pimples

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one remedy which has no equal as a blood cleanser is

S.S.S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere. If you are afflicted with this form of skin disease do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Medical Director, 827 Swift Laboratory, Atlanta, Ga.—Advertisement.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home remedy is easily and cheaply prepared.

You'll never know how quickly a bad cough can be cured, until you try this famous home-made remedy. The prompt relief is almost magical. It is easily prepared, and there is nothing better for coughs.

Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children love it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

A large number of the immigrants will be farmers, the letter to Mr. Kettelborough indicated.
