

TERROREIGN IS DESCRIBED TO AMERICANS

Official of Irish Town Tells Story Before Body at Washington.

SENT TO LONDON PRISON

WASHINGTON, Nov. 18.—A picture of a peaceful Irish market town turned into a place of terror and death by British soldiers and constabulary was painted in graphic sentences today for the American commission investigating conditions in Ireland by Dennis Morgan, chairman of the town council of Thurles.

Morgan was the first witness. He came from Ireland to testify before the commission which, formed at the suggestion of President Garfield, is holding hearings here to get at the truth about Ireland.

Morgan, a young teacher of English and Gaelic in the diocesan college and secondary school at Thurles, described his home city in the middle of the heart of Tipperary, in Munster province. It is a market town of five thousand inhabitants, he said.

Morgan declared no murders, burglary or other major crimes had been committed in the town for many years and the only offenses with which the courts had to deal were "straying ass in the road or some citizen who imbibed freely."

THURLES BREAKS OUT.

Trouble broke out in Thurles, Morgan said, on Jan. 20, five days after he had been elected as a labor member of the town council.

On the night of Jan. 20, he said, the town was shot up by the Royal Irish Constabulary in "avenue for the shooting of one of the town council."

Some Class to This Domestic—Even So

DETROIT, Nov. 18.—Clara Reed, 22, applied for and was given a position as domestic and allowed garage space for her own sedan. On complaint of her employer police found some missing plumes and clothing under the seat of her machine.

about to search him but desisted when he showed his passport.

Former Governor Joseph Falk, Missouri, and Raymond Robins, who were appointed to the commission, did not get today, having resigned.

LABOR PARTY TO AID IRISH CAUSE

LONDON, Nov. 18.—The Labor party today began bestirring itself in favor of Ireland. A manifesto was issued condemning the British administration of Irish affairs. The manifesto received close attention in government quarters. It was remembered that the Labor party, by threatening a general strike, greatly influenced the government's course during the British-Bolshevik "war" set off when the Red troops were invading Poland and brought about a conciliatory attitude in place of a belligerent one.

The Labor party, in this manifesto, demanded quick withdrawal of the British forces from Ireland. It urged self-determination for that country, even if a republic should be formed there. A committee was appointed to visit Ireland and conduct a "great campaign of public enlightenment."

No special significance was attached to the fact that the Labor party made its headquarters at the same time as an unofficial committee of Americans sitting in Washington commenced an investigation of the Irish situation.

Arthur Henderson, labor leader, was appointed chairman of the committee. He made an investigation into the origin and nature of the reprisals. The commission was to go to Ireland Nov. 23.

CORK, Nov. 18.—Three Sinn Féin civilians were killed here today in reprisal for the shooting of Police Sergeant O'Donoghue. The police officer was shot to death in the street late yesterday.

O'Donoghue was on his way to the police barracks shortly after 6 o'clock, when he was fired upon by a small group of men who used revolvers. They escaped.

ADMIT ATTACK ON ACTRESSES

Three Youths Clear Up Tragedy of Chicago Park.

CHICAGO, Nov. 18.—Detectives today redoubled their efforts to apprehend a fourth man who is said to have been a member of the "death ride" that was revealed last Sunday with the finding of the bodies of a woman named Mary and a child named John in Grant Park. Three of the male members of the party are in custody.

Charges of manslaughter may be preferred against the three men. The woman, who was a member of the "death ride," was killed by a bullet fired from a car. The child was killed by a bullet fired from a car.

The man sought is known as McCarthy, and is believed to be a cook on a lake steamship plying between Chicago and Duluth.

Breaking down under grilling by detectives, the three youths under arrest have admitted the girls were attacked and later thrown from the automobile in the park. The youths previously had declared the girls left the car of their own volition.

Lawrence Jorgensen, boatman's mate, and brother of Harris Jorgensen, who was the first to confess his part in the affair, revealed to the police that the death of the girls followed an extensive tour of bootlegging cabarets.

Marcus Brumberg, another member of the party, confirmed the story, declaring the two Jorgensons, McCarthy and the cook had all participated in the attack.

Coroner Peter M. Hoffman today set the time of the inquest into the death of the young woman for 10 o'clock tomorrow morning.

The Jorgensen brothers and 18-year-old Marcus Brumberg probably will be the first to testify before the coroner's jury.

An entirely new theory with regard to the connection of McCarthy, the mysterious "boat cook," in the case, was developed by the police investigators today. Chief of Detectives Hughes expressed the belief that the story of the four men, for whom the police have been searching, was concocted by the three men under arrest to protect themselves.

This contention is borne out in part by the assertion of Policeman John McCarthy, who stopped the "death car" just as it was being driven into Grant Park, that there were only three men in the machine at the time.

FIND WOMAN'S BODY FLOATING

CHICAGO, Nov. 18.—Police today were faced with another mystery in which available information points to murder. With the finding of the body of a young woman, badly mutilated and bleeding, in the northwest branch of the Chicago river. She was identified as Mrs. Anna Suwaski, missing from her mother's home since Nov. 8.

A young man of the neighborhood sighted the body early today as it floated downstream and notified the police.

Several bruises and a wide scratch on the forehead indicated a death struggle. The victim was a woman about 28 years old.

Court to Hear Appeal of Memphis Banker

NASHVILLE, Tenn., Nov. 18.—The State Supreme Court today was to hear the appeal of C. Hunter Rains, former Memphis bank president, convicted of larceny, embezzlement and breach of trust and sentenced to a term of from one to five years in the penitentiary.

Rains is accused of having stolen \$100,000 in cash. It was charged that he had used the mercantile bank's money to gamble in cotton futures and had lost it.

He has already served nearly five years in the Federal prison at Atlanta. Upon his release new proceedings against him were started in the State courts resulting in another conviction.

Rains is over 60. At one time he was considered one of the wealthiest men in Memphis.

3 Georgia Negroes Lined Up and Shot

DOUGLAS, Ga., Nov. 18.—Three negroes, two men and a woman, implicated in the killing yesterday of Pearl Harper, a prominent young pianist, were lined up by a mob and shot to death today.

More than 150 men overpowered Sheriff Tanner and his two deputies as they sought to take the negroes to Fitzgerald, Ga., for trial.

BROWN ADMITS TAX HIT NUN

Trid of Man for Manslaughter Nears Completion.

Admitting it was a taxi that he was driving which fatally struck Sister Mary Blanche McCormick, a sister of the Order of Providence, Brown admitted that he made false statements to the police following the accident on April 9 last. Ollie Brown, 25, who has served time in the Indiana State Reformatory as well as on the Indiana State Farm, testified in his own behalf before a jury in the Criminal Court today.

The admission of Brown that it was his taxi which struck the sister and not one driven by his friend, Clifton Coomer, who is also indicted and waiting trial on a charge of manslaughter, virtually cleared Coomer of the manslaughter charge. Brown denied he was racing with Coomer but admitted Coomer passed his machine prior to entering Monument Place.

Brown contended he never exceeded twelve miles an hour while driving around the Circle but said his car went about thirty feet before he was able to stop. He maintained he was driving close to Coomer's car and when his friend's car struck the curb he turned his taxi to the right, and as he turned out to avoid hitting Coomer's car, he saw a nun standing in the front of his taxi.

He said he gave his wheel a jerk to turn the car as far to the right as possible. He claimed if the sister had not stepped back two or three feet the taxi would not have struck her.

THEFTS OF COAL BRING SENTENCES

Two Given Jail Terms by Judge Pritchard.

A warning was sounded against coal-stealing today by Judge Walter Pritchard in city court when he found four men guilty of petty larceny and assessed a fine and ten days in jail against each defendant. The jail sentence was suspended against two of the men but in the other two cases the court refused to suspend the ten days.

Mr. Coffey, negro, 2451 North Rural street, and James Swan, negro, 2340 North Keystone avenue, were busy loading coal into sacks and carrying it to a wagon in the Big Four railroad yard at Brightwood when they were interrupted by a railroad detective, according to the evidence offered in court.

The detectives said they visited the homes of the two men, after making arrests and found ten and a half of coal in Coffey's shed, and a ton of coal in Swan's shed. They testified Swan was mixed with the coal as if it had just been placed in the shed.

FROM TRAIN.

A foreman of the Belt railroad said he gave the negroes permission to take the coal but the court told him he had no right to give any person permission to take coal from a company by which he was not employed.

Judge Pritchard sentenced Coffey and Swan to serve ten days in jail and fined each \$1 and costs, and refused to suspend the jail sentence. The court said that Coffey and Swan were guilty of two offenses which had been tried a few minutes before since Coffey and Swan came prepared to haul coal away by wagon load and they already had placed coal in their sheds for immediate use.
