

PALESTINE TO RECEIVE MOST CONSIDERATION

Zionist Organization of America Plans Sessions of 23d Convention.

TO CONVEIN IN BUFFALO

NEW YORK, Nov. 22.—To populate Palestine speedily with a preponderating body of manly, self-supporting Jews, who will develop into a homogeneous people, ultimately becoming a self-supporting commonwealth, is the problem to be dealt with by the twenty-third annual convention of the Zionist organization of America, beginning in Buffalo on Nov. 23. Practically the whole of this task must be carried out by the Jews of this country.

The war and its aftermath has almost completely impoverished European Jewry and the depreciation of the money of such countries as Russia, Poland, Austria and Roumania has reduced the remaining wealth to an almost irreducible minimum. All that European Jewry can contribute to the development of Palestine as the national homeland is the human material in the form of the hundreds of thousands of pogrom-refugees now congesting every port from Danzig to Constantinople and even along the Pacific, awaiting opportunity to reach Palestine.

While there is a small percentage of these refugees who have managed to escape with considerable capital, the bulk of them are destined to be hovers of wood and drawers of water, farm hands and day laborers.

LOOK TO THIS COUNTRY FOR HELP.

The Zionists declare that most of the money and constructive advice, as well as the technical skill required for Palestine's development must come from the Jews of this country and that the time has come for the Zionists to make it possible for all Jewish organizations and individuals to participate in the work.

Two viewpoints have developed in connection with the practical means that will be necessary in order to secure the maximum participation of all Jews whether or not they believe in the political implications of Zionism, and even of large numbers of non-Jews. One view favors the creation of a "Palestine fund," which shall include investments, quasi-investments and outright gifts, and all that desire to participate shall do so by acquiring stock in this fund, the majority control of which is to be held by the world-Zionist organization. They fear that otherwise the actual development of the land may be reduced to a merely philanthropic undertaking.

POLITICAL PHASE OF MOVEMENT ENDED.

The other viewpoint is based on the assumption that the act of the peace conference last May in officially recognizing the Zionist claim to Palestine ended the political phase of the movement. It contends that the machinery of the organization should now be remodeled to permit the participation of those elements in American Jewry who have ignored its political phase, though sympathetic with the idea of making Palestine a safe abode for Jews seeking escape from lands of persecution and oppression.

The supporters of this viewpoint regard the organization as committed to the control by Jews for the Jewish people of Palestinian undertakings which deal with public use and public service; but this control, they argue, must be held by individuals who will instill confidence in the investors.

Therefore, they say the barriers of partnership must be broken down, in order that those who invest money for Palestine and are not members of the organization may share in the responsibility. They favor the organization of separate corporations for the financing and control of public enterprises in Palestine, with a board of trustees, not limited to Zionists, holding founders' shares in each of these corporations, which are to be distinct and not interlocking operations. They are opposed to jumping donation and investment into one fund. Funds for such undertakings in Palestine as cannot produce financial returns, such as American Zionist Medical Unit, the Hebrew University, afforestation, scientific research, and the like, they contend, should be raised by outright gifts.

TO CONCENTRATE ON MAJOR TASK.

Whichever viewpoint prevails, the Zionists are agreed that the convention will have to remodel the machinery of the organization so that it can concentrate on its major task, the development of Palestine.

The 250 delegates to the convention will have to decide how much of the sentiment, educational and cultural apparatuses of the organization which were

LEGION HOSPITAL REPORT FORMING

Expected to Go to War Secretary This Week.

A report on conditions in government sanitariums as found by the hospital committee of the American Legion, together with recommendations, will be presented to Secretary of War Baker late this week by the committee, headed by Dr. T. Victor Keene of Indianapolis. The committee will go to Washington Wednesday evening.

Part of the report will include findings concerning the governmental hospital for World War veterans suffering from mental disorders at Marion, it is said.

The Marion hospital was converted from the old National Home for Disabled Volunteer Soldiers several months ago. Half of the Civil War and Spanish-American War veterans were removed from the post a few weeks before the election, but nearly 500 remain.

The Government has been frequently criticized by Marion citizens for the reported disorganized state of affairs at the home. Less than fifty World War veterans have been brought to the institution since its conversion, it is said.

Dr. F. F. Hutchins, local psychiatrist, who resigned as head of the converted hospital a week ago, is understood to have left the work for the above reasons. Dr. Hutchins, however, issued a denial that the Government had failed in any way to co-operate with him.

"I do not care to make any statement explaining my resignation, as I do not believe it will be the proper thing to do in connection with the patients," he said. Dr. Hutchins has been visiting Mr. and Mrs. Henry Ostrom, 1455 North Pennsylvania street.

Killed in Auto Spill

Special to The Times. WASHINGTON, Ind., Nov. 22.—Otto Hudson, 30, a bootmaker at the B. & O. railroad shops here, was caught beneath his auto when it turned turtle on a country road Sunday, and was so badly crushed that he died six hours later.

Three other passengers in the machine escaped with minor injuries. The automobile dashed off the road, turned over in a ditch and imprisoned the four occupants underneath. Hudson was crushed under the steering wheel.

TENSE PRESSURE ON HER HEAD

"My Sides, Back and Head Pained Me Just All the Time," Says Alabama Lady, Who Took Cardui and Got Well.

Uniontown, Ala.—"After the birth of my baby, I came near dying," writes Mrs. Maude Felts of Uniontown. "I was in an awful condition. . . . It just looked like I would die."

"I couldn't bear any one to even touch me, I was so sore, not even to turn me in bed. My sides, back and head all pained me, just all the time. "We had the doctor every day and he did everything he knew how, it looked like. Yet I lay there suffering such intense pains as seems I can't describe."

"Finally, I said to my husband, let us try Cardui. . . . He went for it at once, and before I had taken the first bottle the . . . came back the soreness began to go away, and I began to mend. The intense pressure seemed all at once to leave my head, and before long I was up."

"I took three bottles and was well and strong and able to do my work. I believed Cardui saved my life. . . . I can not praise it enough for what it did for me."
