

SEAL SALES GET SPECIAL BOOST

Indiana Bell Telephone Company Makes Big Purchase.

Thousands of users of the service of the Indiana Bell Telephone Company in Indianapolis and Marion County will find a Christmas seal affixed to the envelope of their December phone bill, thus bringing the first 1920 message that next year's fight against tuberculosis is to be waged on even a greater scale than in the past directly to the doors of Marion County citizens.

It was announced here today by Mary A. Meyers, executive secretary of the Marion County Tuberculosis Association that Frank Wampler, vice president and general manager of the telephone company has purchased 30,000 Christmas seals to assist in carrying the annual health message into the homes of the city and county. In making the purchase, Mr. Wampler expressed the hope that the example of the telephone company would be followed by other large corporations of all types in Indianapolis.

Mr. Wampler appeared at the offices of the local tuberculosis association and said his company desired to be the first corporation in the State to purchase sufficient seals to enable it to place a 1920 seal on every telephone bill and regular correspondence leaving the headquarters of the company here, as well as additional thousands on the December bills for service of the company.

In past years the telephone company has purchased only a nominal amount of seals, although it has given the anti-tuberculosis association the privilege of enclosing advertising material in its monthly bills.

Mr. Wampler said today that this year, with the war period finished, the officials of the company had decided that perhaps the greatest civic problem now before the people of the country is disease prevention and that he desired to assist the famous Christmas seal health movement by purchasing 1920 seals to the limit of the ability of the company.

"We know of no more important problem facing Indianapolis and Marion County today than the further reduction of the death rate from tuberculosis," Mr. Wampler said. "Therefore we have purchased the Christmas seals and will thus attempt to do our small part in the general program of health protection of this community for 1921."

GO HEAL THE SICK

This Man Is Leading Sick People Back to Health.

His Fight Against Old Age, Weakness and Disease.

Fifteen years ago H. H. Von Schlick of 213 Third avenue, Pittsburgh, Pa., was unable to supply the general demand as the boys were very sickly, being taken from distant lands. These people told him to make it for the whole world to use and today he believes he is doing more good for suffering humanity with his Bulgarian Tea than any other medicine in the world.

This Bulgarian Blood Tea was a great medicinal discovery for healing the sick. Von Schlick obtained the secret formula and process for making this Bulgarian Tea. The roots, barks, leaves, herbs, berries and flowers from the forests, fields, valleys and swamps and come from Europe, Asia and Africa.

The wonderful power in this tea is regenerated, the system is strengthened, the blood cleanses the liver, flushes and purifies the kidneys, sweetens the bowels and stomach and gives back the snap and vigor that only a healthy person can have.

For years Von Schlick made this tea and gave it to sick people. It helped every one. The fame of this medicine began to travel; people came to him for it and he gave it free—gave until it hurt.

Mr. Von Schlick was a poor man and was unable to supply the general demand as the boys were very sickly, being taken from distant lands. These people told him to make it for the whole world to use and today he believes he is doing more good for suffering humanity with his Bulgarian Tea than any other medicine in the world.

Bulgarian Blood Tea today is used the world over and praised by millions of sufferers fighting disease and warding off old age and death. They are today budding into womanhood or women crossing precarious thresholds of life. All praise and recommend its use. Men regain their strength and vigor, while women become more and more and the snap and sparkle of good health returns to those who were in despair. Just ask your druggist today for a trial package of Bulgarian Blood Tea and you will never regret the time you spent in reading this item.—Advertisement.

Preferred Place of Sixth Wife to That of Adopted Daughter

Tall Blonde Claimant of Nat Goodwin's Effects Tells of His Personality.

NEW YORK, Nov. 23.—Miss Georgia Gardner, a tall, stately blonde, declared here that she had had her choice of being the sixth wife or the adopted daughter of Nat C. Goodwin. He died, she said, a week before they planned to be married.

Miss Gardner, who is seeking a claim to possession of the furniture of Goodwin's apartment, was not permitted to testify freely in Surrogate Court, being an interested party, but talked freely with reporters.

Miss Gardner was asked what there was about Goodwin that attracted women.

"His personality," she replied. "He was the kindest, most thoughtful and most lovable man I ever knew."

Miss Gardner, who is 28, was a member of Goodwin's theatrical company, but when he became ill in 1918 she was engaged as his nurse and continued in that capacity until he died Jan. 31, 1919. At the time of his death he was 60.

Judge Condon continued the case until next week.
