Britain Makes Effort to Smash Reign of Terrorism.

LONDON, Dec. 1.—Seventy thousand British soldiers and military policemen have landed in Ireland to crush terrorism.

Heavy reinforcements of both troops and auxiliary police have been sent to all parts of Ireland since the latest campaign of violence broke out a week ago Sunday. The troops are equipped with light artillery, machine guns, tanks and armored cars, in addition to small arms. If conditions continue to grow worse the government may declare martial law.

While there has been no formal blockade of Ireland proclaimed, the navy is keeping vigilant watch and all the Irish coast is guarded by strong forces of small naval boats.

## CAR CO. SHOWS LOSS OF \$6,900 IN RENTAL DEAL

(Continued From Page One.)

developed it will show a profit rather than a loss.

It was explained that the loss may be accounted for by the fact that the company is carrying a large amount of unguaranteed pending further development. In regard to this statement, Mr. Henry, president of the Indianapolis & Cincinnati Traction Company, demanded to know if the completion of this project would not release land on which freight houses at present are situated. Mr. Todd replied that this would release only a part of the land because some of the space occupied by freight houses is needed to improve passenger facilities.

In answer to another question, Mr. Todd replied that he believed freight terminal facilities are entirely inadequate. The question of track and car interchange was then taken up and Mr. Todd expressed the opinion that interurban cars are about one and one-half times as hard on tracks as city cars. He outlined in detail the tracks used by interurbans which have been rebuilt since 1906.

Figures showing power use and costs were presented to the commission by Mr. Todd. It was shown that in 1919 the street railway company used approximately 40,000,000 kilowatt hours of electricity, of which 28,000,000 were purchased from the Terre Haute, Indianapolis & Eastern Traction Company and the remainder manufactured by the local company.

Mr. Todd in reply to questions stated that the cost of power purchased is much lower than the cost of electricity manufactured. He said he did not know of any other arrangement which could be made under the circumstances because additional power could not be generated.

He said if additional machines are installed at the West Tenth street plant (operated by the Terre Haute, Indianapolis & Eastern Traction Company) it would be necessary to put in substations and that these would involve an investment ranging from \$500,000 to \$1,000,000. It was explained that the difference in costs was brought about by a difference in the efficiency of machines.

It was estimated that the operation of the West Washington street plant of the street railway company will cost approximately \$163,000 without charging off anything for taxes or depreciation. Mr. Todd explained that in event additional machines should be installed in the West Tenth street plant, the installation of substations would require a minimum of nine months.

**ASKED ABOUT CITY TRACKAGE USED.**

Mr. Todd, directly after the opening of the session yesterday afternoon, was called to the stand by Mr. Ashby and was questioned as to the number of miles of city track used by the interurban companies, both for passenger and freight service.

He said that for interurban passenger service the total mileage counting it as single track, was 61.37, and that the miles of track for interurban freight service, figured in the same manner was about ten less than that.

In response to questions by Mr. Ashby, he described the construction of the tracks on lines used for interurban service, but added that the same kind of construction was used on new tracks installed where there was no interurban service.

He was questioned as to the number and kinds of street cars operated by the local company, and promised that data relative to this would be submitted later, together with data as to the number of miles of city track and the kind of construction employed, but in response to a question from Mr. Ashby as to whether it would be possible to show also the relative cost of upkeep of tracks used by interurbans and those not used by interurbans, Mr. Todd said this would not be possible.

## Wilson Funeral Held at Home This Morning

Funeral services for William Taylor Wilson, 38, president of the Indiana Condensed Milk Company, who died Monday night at St. Vincent's Hospital, following a surgical operation, were held at the home, 2702 Sutherland avenue, today at 10 o'clock. Burial was in Crown Hill Cemetery.

Mr. Wilson had been ill only a few days. Surviving are the widow, three children, a brother, B. N. Wilson, a sister, Mrs. Roy Salm, and his mother, Mrs. Ella T. Wilson, all of Indianapolis.

Mr. Wilson was born in Richmond, coming to Indianapolis in early boyhood, later going to Sheridan, where the plant of the Indiana Condensed Milk Company is located. After the death of his father, Mr. Wilson became president of the organization, plants since having been located at Lebanon and Albany, Wis. The family moved to Indianapolis four years ago from Sheridan.

Mr. Wilson was a member of the First Friends Church, a Mason, belonging to the Scottish Rite and the Shrine, and a member of the Knights of Pythias. He held membership also in the I. O. O. F., the Chamber of Commerce, the Rotary Club, Highland Golf Club and the Indianapolis Country Club.

## Federal Agents Round Up Tax Delinquents

William L. Elder, collector of internal revenue, announced this morning that good progress is being made by Federal agents in rounding up income tax delinquents. He said a drive which was started Nov. 15 would continue until Jan. 15 in an effort to uncover tax payers.

Mr. Elder declared that his department has been checking up real estate sales, finding in a number of instances that people who sold property failed to insert their profits on their income returns. Most of these cases were due to ignorance of the law, he said.

**CHARLES ASSUMES DUTIES.**

John Carlisle, formerly attached to the office of the township trustee, today began his duties as bailiff to the Marion County Commissioners' Court at a salary of \$1,500. Mr. Carlisle, who held the position of bailiff some time ago, was reappointed by the commissioners, following the resignation of William Fox.

## U. S. Revenues Fall Short During First Five Months' Period

Income Taxes in December Expected to Bring Boost of Over Billion.

WASHINGTON, Dec. 1.—Government revenues, mainly from income and profit taxes, have reached \$2,014,000,000 for the first five months' period of the fiscal year. This is \$113,000,000 less than totals for the same period in 1919, Secretary Houston was informed today.

More than one billion dollars is expected to be added by collections this month on the last installment of the income taxes, based upon returns for earnings last year. These revenues are payable Dec. 15.

Receipts for November totaling \$234,000,000 are about \$24,000,000 in excess of receipts for November last year.

Reduced imports caused sharp decreases in customs dues during November, but for the five months up to Dec. 1 such revenues were ahead of the corresponding period last year by \$12,000,000. Heavier December imports including shipments to meet the demands of the holiday trade assessed as luxuries, are expected to increase these figures.

## COURTESY TRIP PLANS OUTLINED

Wholesalers to Visit Indiana Cities Dec. 7.

Plans for the Courtesy Trip to be conducted by the wholesale trade division of the Indianapolis Chamber of Commerce to Muncie, Anderson, Daleville, Fortville and Pendleton on Dec. 7, are practically completed.

Already more than fifty men have made actual reservations with F. B. Bakeman, secretary of the wholesale trade division, for the trip.

It is the intention to have two special cars which will leave the Traction Terminal station at 7 o'clock. A battery of speakers will be taken along to spread the message of Indianapolis courtesy and good-will along the line.

Mr. Bakeman was in Anderson and Muncie yesterday, where he made arrangements for the reception of the Indianapolis business men at the Hotel.

A special dinner will be given by the Muncie Chamber of Commerce for the Indianapolis business men that evening.

Those who have made reservations for the trip follow: O. D. Lefter, John H. Lederer, Alex. Scott, C. L. Weaver, R. D. Jackson, E. M. Wiles, W. W. Shipp, E. Edwards, B. E. Helms, C. O. Mueller, Max Ziegler, Parker & Geddes, H. C. Kahlo, George Winders, C. B. Crets, R. Van Camp, Fred Willis, A. G. Ruddle, A. I. Clifford, J. A. Cronch, Percy Ohlman, H. E. Rasmussen, Fred Hollweg, Walter Bozell, J. M. Haines, L. S. Ferguson, T. A. Alford, William Scott, Fred A. Wilkening, R. W. Ingalls, H. E. Buschmann, Claude Crowder, W. S. Wilson, G. M. Beckwith, Charles T. Lee, John G. Henley, C. D. Brackett, Andrew H. Smith, Don Prentiss, James Branson, Don Bridge, W. D. Keenan, F. R. Shepherd, Ralph H. Gausepohl, John B. Reynolds, Fred Mills, F. B. Bakeman and H. B. Williams.

These papers stated that neither Judge Collins nor Prosecutor Adams would aid in obtaining this commutation, but added neither had any objection to a "temporary parole." The explanation of "temporary parole" as given at the Governor's office was that his mother wished him in the city when she underwent an operation at an Indianapolis hospital.

In assigning reasons for asking a parole at this time, Whitehead stated "that he did not receive any other compensation for delivering the bodies to the anatomical board of the Indiana Medical College, and that the services actually rendered to the county were well worth the money."

He adds that his wife is in poor health and has to make her own living. Sheriff Robert Miller and Recorder John W. Castor have recommended to the board of pardons that Whitehead be granted a parole. The papers on file with the board of pardons state that Charles Adams, prosecutor, refused to recommend a parole, and add that he gave no reasons why he refused such recommendation.

Stephen Beck, who was convicted in the Marion County Criminal Court, on the charge of involuntary manslaughter, is also seeking a parole. Beck ran down and killed William Greenup, an employee of the Times, and was sentenced to 2 to 21 years in the Indiana State prison at Michigan City. Beck declares his health has suffered greatly from his imprisonment, and adds that he feels he has had punishment enough, since the accident which caused Greenup's death was entirely unintentional.

Harry Hornstein and John Y. Blackwell, who were implicated in the theft of an auto in Indianapolis and who were sentenced to terms of one to fourteen years in the Indiana reformatory for grand larceny, on March 12, 1920, also are seeking parole.

Other cases listed with the pardon board, in addition to those filed several days ago, are: Walter Hoffmann, De Kalb County, June, 1920, 1 to 8 years, petit larceny; Indiana Reformatory; Leslie Keever, Delaware County, Jan. 13, 1919, 20 years, burglary; State Prison.

## WHITESIDE TO SEEK FREEDOM FROM PRISON

Convicted of Presenting False Claims for Burial of Marion County's Dead.

Arthur C. Whiteside, sentenced Sept. 23, 1919, by Judge James A. Collins in the Marion County Criminal Court, for presenting false claims to the county for the burial of pauper dead, will go before the State board of pardons in its session beginning Dec. 6 to ask for a parole.

Although Whiteside has been in the reformatory at Jeffersonville a little more than one year, he has in that time enjoyed a "temporary parole," which granted him time enough to spend a week-end in Indianapolis about April 23 of this year.

Whiteside was given a fine of \$500 and costs, amounting to \$516.95, and sentenced to an indefinite term of two to fourteen years in the State reformatory. He pleaded guilty to an indictment of the Marion County grand jury charging him with presenting false claims for \$34 for the burial of Horace Smallwood and Frederick Plim, two former inmates of the Marion County Jail.

It was charged, and not denied by Whiteside, that he had turned these bodies over to the Indiana Medical School as the law permitted, and presented a bill for burial to the county, and was allowed the money.

It was asserted in the trial of Whiteside, by Charles Adams, prosecuting attorney, that Whiteside had charged a poor mother for the burial of her child, and then had presented a bill to the county for the burial of the child. Another woman, the prosecutor said, even pawned her wedding ring to pay \$4 on her account for the burial of her little boy. This woman had been charged \$20 for the burial of her child, and then a bill was presented to the county by Whiteside, for another payment, it was charged.

STATE READY TO PROVE CHARGES.

At the time of Whiteside's trial, the State was ready to prove the following: That some of the graves were only eleven and eighteen inches below the surface of the earth.

That some of the bodies were wrapped only in a sheet.

That seventeen bodies were thrown in one hole.

It was in this hole that Whiteside buried his poodle dog in a little casket lined with silk while the bodies of the human dead were wrapped only in sheets, said Prosecutor Adams at the time of the trial.

Judge Collins refused to grant Whiteside's request for a suspended sentence. Papers in the Governor's office at the time of Whiteside's "temporary parole" indicated that efforts were being made then to obtain a commutation of sentence for Whiteside.

These papers stated that neither Judge Collins nor Prosecutor Adams would aid in obtaining this commutation, but added neither had any objection to a "temporary parole." The explanation of "temporary parole" as given at the Governor's office was that his mother wished him in the city when she underwent an operation at an Indianapolis hospital.

In assigning reasons for asking a parole at this time, Whitehead stated "that he did not receive any other compensation for delivering the bodies to the anatomical board of the Indiana Medical College, and that the services actually rendered to the county were well worth the money."

He adds that his wife is in poor health and has to make her own living. Sheriff Robert Miller and Recorder John W. Castor have recommended to the board of pardons that Whiteside be granted a parole. The papers on file with the board of pardons state that Charles Adams, prosecutor, refused to recommend a parole, and add that he gave no reasons why he refused such recommendation.

## GOVERNORS OF STATES GATHER

Legislative Issues Form Basis of Program at Harrisburg Session.

HARRISBURG, Pa., Dec. 1.—Governors and Governors-elect from twenty-seven States are gathered here for the twelfth annual conference for discussion of legislative matters pertaining to housing, industrial courts, State budgets and business methods, agriculture, uniform State laws and centralization of governmental activities. Three days will be given over to a program full of topics of utmost importance to the people at this time and messages of the State executives to Legislatures soon to convene will bear recommendations based on the interchange of ideas forthcoming during the session.

Most of the State executives with their wives and members of their official staffs arrived yesterday and last night and were given an informal reception by Governor and Mrs. William C. Sproul at the executive mansion.

The Governors sounded a note of optimism, a belief that although the country was undergoing a general reconstruction that there should be no fear of distress.

More efficient production is the greatest need of the country, according to Governor C. E. Milliken of Maine.

"We must realize that conditions of the last few years are at an end," he said, "once again we will have foremen in industry whose word will carry weight and whose instructions will not be disregarded at the expense of efficiency."

Governor Simon Bamberger of Utah said that labor had overplayed its hand and is realizing it today. He said that efficiency was the password in industry today.

**5th Member of Coal Thief Gang Gets His**

Gilbert Hooeks, 1312 Mill street, said to be the fifth member of a gang of coal thieves, who stole four wagon loads of coal from the Big Four yards at Seventeenth street, was convicted in City Court today and fined \$1 and costs and sentenced to serve 100 days on the penal farm.

The city police department and Captain Manlove and Sergeant Jacobs, railroad detectives, appeared against Hooeks. The other four men, who were convicted some time ago and received similar sentences, are: James Britt, Sunny Hayes, William Phillips and James "Cat" Curry.

**JUDGE LAHE'S STENO. RESIGNS.**

Mabel Seyfried, stenographer to Judge Frank Lahe of Juvenile Court, will resign Thursday. Mrs. Seyfried will leave in a few days for Los Angeles, Cal., where she intends to make her home with her husband. Her successor has not been appointed by Judge Lahe.
