

SEES FARMERS' REVOLT UNLESS AID IS GIVEN

William Allen White Expects Reaction in 1922 Election.

THREE FACTORS NAMED

BY L. B. MICKEL.
(Copyright, 1920, by the United Press)
EMPORIA, Kan., Dec. 6.—A dangerous political reaction to the present maladjustment in the matter of agricultural interests was forecasted in an interview today by William Allen White, one-time Bull Moose national committeeman for Kansas.

White believes this reaction will take the form of an "agrarian uprising like that of the nineties which expressed itself in the Farmers' Alliance and Populist party."

These factors, he feels, are the disturbing elements:

1. A steady decline in the price of everything the farmer has to sell.

2. Continued increase in land rent and interest rates.

3. Failure of unemployment in cities to reduce farm labor wages.

Unless the farmer gets relief, White expects this political reaction will show itself in the 1922 election.

DESCRIBES MEETING

LAST SATURDAY.

"I really think there will be a dangerous political reaction to the present maladjustment in the matter of agricultural interests," White said.

"Last Saturday there met in Lyon County Courthouse, in response to a more or less spontaneous feeling, seventy-five good staunch, methodical, Republican farmers, the type that is on the county central committee, and served on the district precinct committees—the big farm owners in this county."

"These men had no organization or leaders, but they were discussing earnestly but not excitedly the terrible conditions which the farmer has to face. They saw rather definitely a steady decline, and an almost inevitable decline in the things the farmer had to sell—his livestock, his grain, his poultry, his hay."

"And they have seen this decline coming as interest rates have been rising and as the rent on land has also been increasing."

FARMER LABOR ON WAY UP.

"And while interest and rent have been increasing and prices decreasing, farm labor has also taken a steady upward trend, and has not been affected as yet by the unemployment of the great cities."

"Moreover, it will take a vast measure of unemployment in the great cities to bring farm labor down to the point where it will correspond to the decline of farm products."

"The farmer is not talking politics, he is not even thinking about political relief—not now. But unless he does get relief, if this situation should become acute during the campaign we will see, or 1922, this economic condition is going to take a political turn which is liable to be revolutionary in its character, not unlike the agrarian uprising of the nineties, which expressed itself in the Farmers' Alliance and the Populist party."

TOTALS ASKED MORE THAN 1920 APPROPRIATION

(Continued From Page One.)

than they are receiving during the present year are the war risk insurance bureau, the pension department, the Federal Board for Vocational Education, the Department of Agriculture and the White House. The executive proper appropriation for this year is \$701,320, while next year the request is for \$430,800.

The increase in appropriations asked by the various departments, follow:

State, \$3,183,831.03.

Treasury, \$116,000,000.

Interior, \$21,531,000.

Postoffice, \$192,600.76.

Commerce, \$10,033,852.20.

Labor, \$5,023,135.75.

Justice, \$3,318,385.85.

Interstate commerce commission, \$881,400.

Federal trade commission, \$100,000.

Shipping board, \$147,450.00.

Railroad labor board, \$100,000.

Federal power commission, \$357,003.

Enforcement of prohibition, \$7,500,000.

Army and navy requests for aviation appropriation totaled \$65,000,000 as compared with \$33,000,000 granted for the current year, indicating a larger army is expected. The pay for the pay of the army is \$215,000,830. Although the chemical warfare service was granted no appropriation for experimental work during the current year, it asks \$4,457,470.20 for next year.

Requests for the National guard totals \$74,808,000, an increase of \$46,000,000.

OTHER GOVERNMENT INNOVATIONS

Other Government innovations from which appropriations are requested are:

Weather bureau service on condition of \$200,000,000, weather bureau stations to forecast forest fires; a prison exclusively for women to cost \$200,000.

To continue the fight against influenza and the search for an effective cure an appropriation of \$200,000 is asked by the United States health service. To build public health service hospitals for wounded soldiers, an additional appropriation of \$35,000,000 was requested.

The Secretary of Agriculture believes \$1,000,000 is necessary to fight the foot and mouth disease and \$600,000 the pink boll worm. He also proposes to make an investigation of the cost of farm products, economic problems of the farm and rural life at a cost of \$612,000, while much larger appropriations are asked to assist in marketing crops.

SUMMARY OF OTHER REQUESTS

Summarized, other important requests are:

Return of American soldier dead, \$200,000.

The United States employment service, \$1,834,491.50, as compared with \$225,000 for the current year.

For enforcement of anti-trust laws, \$300,000, increase of \$200,000.

Bureau of immigration, \$146,000, increase of \$68,000.

Bureau of naturalization, \$226,000, increase of \$300,000.

Child welfare, \$382,770, increase of \$292,770.

Women's labor bureau, \$92,500, increase of \$84,000.

Investigation of foreign distribution against American ships, \$100,000.

South American and Far Eastern commerce, \$300,000, increase of \$100,000.

Commercial attaché service, Department of Commerce, \$200,000, increase of \$125,000.

Work in improving rivers and harbors appropriations \$68,797,865 were asked as compared with \$19,452,700 allowed during the present year.

The main requests included: Mississippi River passes, \$2,121,000; Mississippi River, Minneapolis to Ohio River mouth, \$3,000,000; Chicago, Indiana and Michigan City harbors, \$1,228,000; ship channel in Great Lakes, \$1,144,000 (including \$1,010,000 for the Detroit River).

The Department of Agriculture again pressed to request an appropriation for free seed distribution by Congressmen, although Congress voted for the seeds during the present year.

SUPERIOR JUDGES MEET

The judges of the Marion County Superior Courts today met in room 2, in general terms. The court considered in a case of the Metropolitan Life Insurance Company, but no action was

Search Texas Towns for Reputed Slayer of Oklahoma Oil Man

Theory Advanced That Vanishing Woman in Case May Have Killed Herself.

ARMORE, Okla., Dec. 6.—Search for Clara Smith Hamon, wanted in connection with the death of Jake L. Hamon, millionaire oil man and politician, extended into the byways and prairies of Texas towns today. Alarmed over the vanishing of the woman, officials here have decided to investigate the theory that the missing woman may have killed herself. According to reports received here she was last seen leaving a hotel at Cisco, Texas. Efforts to trace her from that time have failed. Officials here, wired Cisco authorities to search for her body. Mrs. Hamon was reported to be carrying about \$10,000 with her in her hand.

Reports received here said County Prosecutor Russell Brown had requested Federal officials at Muskogee to charge Clara Hamon with violation of the Mann act.

Mrs. Jake L. Hamon, widow, was to leave today for Oklahoma City.

CHICAGO, Dec. 6.—Parting of the ways had just been decided upon by Clara Smith Hamon and Jake L. Hamon when a revolver shot caused the death of the millionaire oil operator and politician, at Ardmore, Okla., according to friends of Hamon here.

Friends told the United Press that Hamon and his wife, who had been living apart from him in Chicago, had effected a reconciliation and that she was going back to him at Ardmore.

Once before Hamon and Clara Smith Hamon had decided to sever their friendship of years, according to acquaintances, who said Hamon gave the girl \$100,000, but that his love for her caused him to effect a reconciliation.

CONVICT DIES AFTER ARREST

Had Lived in Caves and Subsisted on Herbs.

SPECIAL TO THE TIMES.

EVANSVILLE, Ind., Dec. 6.—Clarence Carter, alias "Bad Prisoner," from the Tennessee State prison, is dead here today.

Carter, who became desperate, ill and weak from a hospital following his arrest by Evansville detectives before his death, related a strange story of his flight from the mines in the Tennessee mountains, which he was not permitted to leave because of his bad prison record.

He told how he had subsisted several days and nights on herbs and berries and lived in caves, while he was hunted by bloodhounds; how he finally made his way to Fargo, Ark., and after being supplied with money, he made his way to Evansville.

Carter was serving time for burglary and when arrested he put up a desperate fight with the police and leaped from the patrol wagon, then tried to end his life by hitting his head against a concrete sidewalk.

120 Soldiers Attend Recruiting Banquet

One hundred and twenty soldiers connected with the army recruiting service in Indiana attended a banquet and cabaret performance at the Hotel Lincoln Saturday night. In an address Major W. F. Farrell, recruiting officer, praised the record of American soldiers in the world war and complimented the service for the splendid recruiting record made in the last year. He said that Indiana leads all states in proportionate enlistments and that only the New York and Chicago districts are leading in points of recruits.

The major based his address on the recruiting slogan, "The Army that Drains the Young Men for Peace." Among the other officers present were Major A. S. Boyd, Capt. Earl Allman, Lieut. John Hepler, M. H. Meeks, R. N. Atwell, P. S. Rosa and J. F. Stoeckel.

INDIGESTION GOES, GONE!

"Pape's Diapepsin" at once fixes Your Sour, Gassy, Acid Stomach

Stomach acidity causes indigestion! Food souring, gas, distress! Wonder what upset your stomach? Well, don't wonder! The moment you swallow two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great.—Advertisement.

DOCTORS SAID LUNGS MIGHT LAST 6 MONTHS

Mrs. Anthony thought her time had come. Found road to health, gained 40 pounds.

"I want to tell others what Milks Emulsion has done for me. Doctors told my husband not to live 6 months, said I had tuberculosis. When I began taking your wonderful medicine I began to get better and am now strong, able to do all my work. Weigh 40 pounds more, have a good appetite and sleep fine at night. Before using Milks Emulsion I could not do anything, had to sleep in a chair, had no appetite and thought my time had certainly come."

Mrs. Robert M. Anthony, Box 63, Guin, Ala.

To give your body strength to resist disease, try building it up with Milks Emulsion. A trial costs nothing.

Milks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and purgatives. It promotes appetite and quickly puts the digestive organs to work to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee: Take six bottles, your money back if you do not feel better. Price 75c. Money back if you do not feel better.

Emulsion is sold by

STIVENS CASE MAY END COURT HABIT

Police Bench Right to Suspend Sentence Questioned.

Action may be taken by Judge Solon J. Carter of Superior Court, room 3, which practically will set aside the practice of suspending sentences in the city court.

The legal right of the city court to suspend sentences will be argued tomorrow morning before Judge Carter in the case of Pat Stevens, 330 Agnes street, who is seeking to be released from jail on a writ of habeas corpus.

Stevens was sentenced to 185 days on the Indiana State farm and fined \$50 on a third trial charge by Judge Pro Tem. Frank Symmes of the city court on Nov. 11, but the court suspended the days on condition that he did not engage in the illegal sale of whisky. On Saturday Judge Symmes, following the arrest of Stevens on another blind tiger charge, revoked the suspended sentence and ordered Stevens committed to the Indiana State farm.

Stevens previously had agreed to the suspended sentence, but his attorney, Dan Brown, appealed to the county courts in an attempt to get Stevens released from jail so he would not be compelled to serve the days. Brown argued the legal right of the city court to suspend a sentence.

Judge Carter intimated it is his opinion that the entire system of suspending sentences in the city court was illegal, but stated that his "idea" on the matter was subject to change and revision after hearing argument on the question.

"The whole system of suspended sentences is obnoxious to jurisprudence," said Judge Carter.

Attorney Brown attacked the record as made in the city court and held that the former committing Stevens to the penal farm was void on its face. Judge Carter on seeing the order stated that it was "time to lighten up."

Judge Carter said that since the question of suspended sentence was so vital to the city court he would request the prosecutor and other attorneys as friends of the court, to appear Tuesday and engage in the arguments.

The court refused to release Stevens on bail and ordered him remanded to the county jail pending the hearing.

Reports \$35,000 in John Mitchell Fund

More than \$35,000 in contributions for a memorial to John Mitchell, former international president of the United Mine Workers of America, have been received by William Green, international secretary, according to a statement by Mr. Green. The Illinois district has contributed more than \$25,000 of this amount, the remaining \$10,000 having been subscribed throughout the other States of the country.

Mr. Green is chairman of a special committee appointed by the international executive board last summer, which has been working on the project following a resolution, authorizing the memorial, passed at the international convention in Cleveland last spring.

'White Mule' Puts Man in Hospital

Physicians at the City Hospital here that Lee Gamble, 29, 939 South Harding street, will recover, but admit that he was in a sad state for a time. Lee was brought to the hospital Sunday after having been found unconscious at his home. The police says he inhaled too much "white mule." City Hospital doctors pumped part of the "dynamite" out of Lee's stomach.

Grocer, Foiling Two Masked Robbers, Is Shot in Left Arm

When William Lancaster, a grocer at 1501 East Nineteenth street, attempted to escape from two masked hold-up men, who entered his store at 5 o'clock this morning one of the robbers shot him in the left elbow.

The robbers then made a quick getaway.

Lancaster had about \$300 in his pocket and the lower part of his face covered with handkerchiefs.

He had just opened his store when the thugs entered the front door. Both had the lower part of their faces covered with handkerchiefs.

One of the robbers covered Lancaster with a revolver before he gave the grunt command to hold up his hands.

Lancaster attempted to knock the revolver from the robber's hand, running in the direction of the rear door. As he did so the hold-up man fired one shot, which hit Lancaster in the arm, and then the intruder ran from the store.

IS EXPECTED TO MARK TIME FOR 67TH MEETING

(Continued From Page One.)

while the most insistent, is only one of a dozen facing Congressmen.

A bill to suspend immigration for two years was one of the first to be introduced in Congress as it reconvened today.

This measure which probably will be one of the first to be acted on because of the alarming increase in immigration, was placed in the "bill basket" on Speaker Gillet's desk by Representative Johnson, Washington.

Next in importance was the bill of Representative Volstead, Minnesota, chairman of the judiciary committee, providing for repeal of the war legislation. Big piles of bills were on the desks of Vice President Marshall in the Senate, and Speaker Gillet in the House.

Several bills were introduced to aid farmers during the present price decline. Senator Capper, Kansas, suggested a prohibitive tax of 10 per cent on all dealings in cotton and grain futures.

Representative Tinscher, Kansas, desired to place a tariff of 35 cents a bushel on all imported Canadian wheat. A resolution of Senator Calder, New York, requested the revival of the war finance corporation.

A few reform measures were dropped into the "hopper" by Senator Jones, Washington, and Representative Temple, Pennsylvania.

Jones also wishes to prohibit the exportation of narcotics and to make the Philippines dry.

Other bills are: Senator Smoot, embargo on export of wool for one year; Senator Sterling, creation of Federal board to control immigration; Senator Smith, Georgia, authorizing Federal reserve board to redempt cotton factors' paper; Senator Jones, Washington, exemption of national parks from provisions of water power law; Senator McNary, Oregon, reorganization of the reclamation service; Senator Reed, providing personal liability under corrupt practices act for presidential and other candidates for whom campaign funds are raised; Representative Madden, Illinois, resolution authorizing joint committee to frame plans for reorganization of the executive departments; and Representative Tinkham, Massachusetts, authorizing House Census Committee to reduce southern representatives in Congress unless negroes are allowed to vote.

APPEAL MADE TO INSURANCE MEN

War on Tuberculosis Held of Special Concern to Them.

Insurance men are urged to take an active interest in public health work as a matter of public spirit and of vital importance to their own businesses, in a letter sent today to all insurance agents and companies in the city by W. W. Dark, secretary-treasurer of the Business Men's Indemnity Association. Mr. Dark appealed especially for cooperation with the Marion County Tuberculosis Association's Christmas seal sale. He pointed out that the anti-tuberculosis workers should have the assistance of every insurance man because tuberculosis is the greatest single cause of loss to insurance companies.

Joining with Mr. Dark in the appeal are Herbert H. Woolen of the American Central Life Insurance Company, Glenn E. Harsh, Federal Savings and Insurance Company; Frank P. Manly, Indianapolis Life Insurance Company, and Charles Rennick of the Indiana National Life.

The letter of appeal follows:

"Those engaged in life, health and casualty insurance during the past year have awakened to the immense importance to their business to actively support all meritorious movements conducted in the interest of public welfare. Tuberculosis is recognized as the greatest single cause of loss to insurance companies. The work of the National Tuberculosis Association should have the financial support of every company and every individual engaged in life or health insurance."

"Our association is making a subscription of \$50, and believes that every life and accident and health company, can well afford to subscribe as liberally in proportion to their volume of business."

"The companies all over the United States during the past year have been urged at their conferences to cooperate in the interest of public welfare. The Marion County Tuberculosis Association is certainly furnishing the opportunity to the many companies which have their home offices in Indianapolis, to show that they are abreast of the times by making a splendid showing not only for themselves, but for the city of Indianapolis as an insurance center."

U. S. GOVERNMENT WINS COAL CASE

(Continued From Page One.)

thracle coal suits, the other against the Reading Railroad combine being decided favorably to the Government.

The court affirmed the action of the Court of Claims in denying the \$40,000 claim of the Great Western Serum Company, Chicago, against the Government. The claim was for hog serum which Department of Agriculture agents sent during the foot and mouth disease and which was allowed to deteriorate.

The court decided the order of the I. C. C. requiring railroads to equip 85 per cent of the cars in a train with air brakes applies to operations between two yards of a railroad, and that the Federal employees' liability act does not apply to express companies, but only railroads engaged in interstate commerce.

The court ordered a revision of the admiralty rules in accordance with suggestions made by the American Bar Association and other legal organizations.

CARR ESTATE VALUED AT \$45,000

Thomas Carr Howe, former president of Butler College, today was appointed executor of the estate of the late David Carr of Irvington, whose estate is estimated at \$45,000. The estate is divided among his children and relatives.

DE PAUW GIRL STUDENT SHOT

Sophomore Is Mistaken for Auto Thief.

SPECIAL TO THE TIMES.

GREENCASTLE, Ind., Dec. 6.—Miss Hilda Varney, a sophomore in De Pauw University, was shot and seriously wounded her late Saturday night, when William P. Sackett, manager of the shoe department of the Hurst & Co. store in this city, fired a shot which he says was intended to drive at what he supposed was an automobile thief, away from his garage.

At the time of the shooting Miss Varney was walking with another De Pauw student. The couple had left a sorority house a few minutes before and stopped for a few moments by a stone wall to meet other students.

Mr. Sackett said he heard the couple talking and, knowing that his garage was not lock, suspected automobile thieves. Securing his revolver, he fired one shot, he says, to frighten them away. He thought no more about the incident until officers came to tell him that he had seriously wounded the girl.

Miss Varney is a daughter of Mr. and
