Railroad Employees View 'Safety' Films

Safety first motion pictures, under the title "Bulletin No. 70," the New York Central Railroad Company's latest safety film, were presented at two performances to large audiences at English's theater last night. Special trains were run by the Big Four railroad from points within a radius of 150 miles of Indianapolis to enable employees of the company, and their families, to see the film.

Preceding each show well known entertainers appeared. The singing and acting of Phil Barker, Scotch comedian, was one of the features of both performances.

Marcus A. Dow, general safety agent for the New York Central Railroad, was in charge of the meeting and gave lectures warning against carelessness.

Mrs. Housewife, Do You Know?

Each of these household problems has been worked out by the author, who has not only taken a course in scientific housewifery and dietetics at Columbia University, and written and edited women's newspaper and magazine features for years, but is a practical housekeeper as well.

1. How much water is contained in the white potato?
2. May bread and cake flour be used interchangeably?
3. A good use for pumpkin seeds?

These questions will be answered tomorrow by the Housewife.

ANSWERS TO SATURDAY'S QUESTIONS.

1. It is sometimes claimed that lemon juice is more wholesome than vinegar. This is hardly more than a matter of opinion, as there is no reason to suppose that the small amounts of vinegar usually used are in any way harmful.

2. To make a good sauce for raw oysters mix a dessertspoon of Worcestershire sauce, the juice of half a lemon, a sprinkle of pepper, a little salt and half a small onion grated fine. The best way to keep fresh the bugs used in making drip coffee is to put it in fresh cold water immediately after taking it from the coffee pot. Do not let it

Alexandria Woman Can Not Aid Coroner

Special to The Times. MONTPELIER, Ind., Dec. 6.—Mrs. William Frazier of Alexandria appeared Sunday at a coroner's inquest here in an effort to learn the identity of the body found in the ruins of a dwelling burned on the farm of Morritt Chapman, near Trenton. She was unable to add any new information. She was called upon to view the body in the belief that it was that of her husband, from whom she had been separated for some time.

There were no marks of identification to be found. Frazier and his wife formerly lived in the dwelling and their household effects were destroyed by the fire.

Parts of the body were sent to Ft. Wayne today for an examination by a pathologist to determine whether the body is that of a man or woman.

FOOD PRICE DROP NOTED BY RITTER

Hospital Purchases Show Trend Downward.

The drop in food prices during the month of November is reflected in a comparison of wholesale prices paid by the city for edibles for the City Hospital so far in December with those for last month made by City Purchasing Agent Dwight S. Ritter today.

The comparison, which is on prices of food of first quality, is as follows:

	Nov.	Dec.
Beef, per lb.	\$15	\$13 1/2
Smoked ham, per lb.	25 1/2	23 1/2
Fresh ham, per lb.	25 1/2	23 1/2
Bacon, per lb.	25 1/2	23 1/2
Spencer's, per lb.	22	19 1/2
Fresh link sausage, lb.	22	20
Pork loins, per lb.	35	32
Lard compound, per lb.	37 1/2	34
Dressed chicken, per lb.	45	38
Coffee, per lb.	22	18
Flour, per bbl.	11.20	9.2
Corn meal, 100 lbs.	3.00	2.25
Sugar, per lb.	12	6 1/2

A drop of not quite such extensive proportions was noted in a comparison of November with October last month.
