

810 INDIANA
MEN ENLISTPeace-time Recruiting Active
in November.

All records for peace-time recruiting were broken in November when 24,308 men were accepted for enlistment in the regular Army, according to word received by the Indianapolis recruiting office. During that period 510 men were accepted in Indiana. This is the greatest number ever obtained in the history of recruiting, according to figures made public by Maj. Gen. P. C. Harris, the adjutant general of the Army, and 6,729 more than October's 17,579.

The previous record had been made during the height of demobilization, when many men signed up again for a year because they had no particular job in prospect.

For the last ten days of the month, which contained only seven working days, 8,374 men were accepted, or more than 1,000 a day. Officers can hardly explain such a tremendous flood of recruits except on the theory that the news of the Army's program for education and industrial training has begun to reach the young men of the country. This is borne out by the fact that almost 40 per cent are recruits again, against only 15 per cent in bygone years.

In this landslide of recruits the 2d Division, now at Camp Travis, San Antonio, Texas, went over the top in the drive to raise it to full strength, with ten days of the thirty allotted to that historic outfit for its whirlwind campaign to enlist 6,000 new men.

Month's Report Shows
Results of Nursing

A report by Miss Mary L. Crist, assistant superintendent of the Public Health Nursing Association, shows that 717 patients were visited during the month of November. A total of 2,750 visits, of which 1,000 were educational free from charge. One hundred free cases were carried over from October. Visits in which educational work was done numbered 408. Anti-tuberculosis work included forty-six visits. In the cases of twelve patients partial payment was made for the service rendered.

Miss Edna Locke Hamilton, who has arrived and taken up the duties of superintendent, held a committee meeting of nurses this morning at which suggestions for extension of the work were drawn up. These will be submitted to a board meeting on Thursday morning.

Warns Against Seals
on Foreign Packages

Persons who expect to mail Christmas packages to friends or relatives in foreign countries were advised by Postmaster General Frank L. Stearns to remember that all foreign countries regard as unallowable all matter which has any stamps or seals, other than lawful postage stamps, placed on the address side.

If Red Cross or other seals or stickers of any nature are used, they must be placed on the back of the package or letter addressed to a foreign country, or they will be refused admission to the mails, the postmaster said.

Found Shot to Death

WILLIAMSON, W. Va., Dec. 7.—John R. Marcus was found shot to death Monday on the N. & W. right-of-way near Breeden, this county. A charge of buckshot struck him in the back. Marcus was under \$5,000 bond charged with shooting M. C. Burchett at Breeden on election day. Marcus was the reputed head of the Marcus McCloud gang, which is accused of many attacks on freight trains recently.

WHO IS RIGHT?

Half the people know that we are to have a war with Japan, and the other half of the people know that we aren't going to have any war with Japan. And there you are.

"End Your
RheumatismLike I Did Mine!"—Says
Pastor Reed: Wife Also
Rid of NeuritisSuffered Torture For Years—Now
Telling Good News To Others

"Don't Believe That Old Humbug About 'Uric Acid' Being the Cause of Rheumatism—It's Not So!"

Emphatically asserting that thousands of unfortunate sufferers have been led into a life of torment and misery by the old and false belief that "Uric Acid" causes rheumatism, Pastor H. W. Reed says:

"To some of our highest medical authorities I know that 'Uric Acid' never did and never will cause rheumatism! But it took me many years to find out this truth. I learned how to get rid of it and how to keep it from re-entering my body. I never did suffer from my health and strength through reading 'The Inner Mysteries of Rheumatism,' a work written by an authority who has scientifically studied the cause and treatment of rheumatism for over twenty years. It was indeed a veritable revelation!"

"I had suffered agony for years from rheumatism and associated disorders, and Mrs. Reed, my wife, suffered from neuritis almost beyond endurance. We had read and talked so much about 'Uric Acid' that our minds seemed poisoned. But when 'The Inner Mysteries of Rheumatism' made it all clear to us and now we are both free from the suffering and misery we endured so many years. I believe this was the hardest man the world over to convince, and to disbelieve the old 'Uric Acid' theory, and what I now know to be absolutely false for the new, scientific understanding of the cause and cure of rheumatism, was like asking a child to eat his medicine before he ate it! But it did change, and it was a fortunate day for me and mine when I did so."

Now, "The Inner Mysteries of Rheumatism" referred to above by Pastor Reed lays bare facts about rheumatism and its associated disorders overlooked by doctors and scientists for centuries past. It is a work that should be in the hands of every man or woman who has the slightest symptoms of rheumatism, neuritis, lumbago or gout. Any one who is not now in touch with H. W. Reed, 152-M Street, Hallowell, Maine, will receive it by mail, postage paid, and absolutely free. Send now, and forget the address! Not a sufferer can out this explanation and hand it to some afflicted friend.—Advertisement.

285 Ex-Service Men
Seeking EmploymentU. S. Not to Insist on
Release of Cabrera

Applications of 285 unemployed ex-service men are now in the hands of Claude Miller, commander of Orla E. Brown post, World War veterans who has appealed to all members of skilled cooperation in securing work for them. During the past week the post cared for forty-three ex-service men seeking work. Commander Miller has announced that the post has secured clubrooms at the G. A. R. hall at 222 East Maryland street and will hold its meetings the first and last Friday of each month.

U. S. Cases Moved Up

WASHINGTON, Dec. 7.—The United States Supreme Court late Monday granted a motion by the Government to advance an early hearing case testing the validity of the trading with the enemy and suits to recover property held by the alien property custodian.

Marmons That You
Saw

You've noticed through the windows all those beautiful Marmons in our show room. It never entered your mind that they were anything but new cars. Well, just as a little surprise—those are renewed Marmons.

Here's One of Them

1918 model 34 sedan: Your first glance reveals a beautiful brewster green car with black fenders and running gear. When a little closer examination is made, however, it is evident that the tires, you find all new cord. All mechanical parts are renewed where it is necessary. What's old about the car? You can see: the year it was made—that's all!

Our clearance is in clearing some cars. You had better get in on this. See our other bargains in Classified Section.
