

POLICEWOMEN LOOK INTO CASE

Girl Found in Early Morning
Refuses Information.

The policewomen are investigating the mysterious circumstances under which Naomi Jordan, 15, of 1419 Montclair street, was found near the Technical High School grounds on Tenth street at 2 o'clock this morning.

The girl had been reported as missing, the police say, earlier in the night, but efforts to locate her failed until she was brought to police headquarters by a taxi driver, who stated he found her near the high school grounds.

The police say she refused to tell where she had been or why she was in the high school grounds at that time of night.

She had a bundle of clothing in a package which she carried. The girl was taken to her home by her parents.

Parents of Helen Holliday, 15, of 1090 Second avenue, Mrs. Hill, today reported their daughter missing from home. She disappeared yesterday.

Mitchell read a paper on "Virginia and the Carolinas, Kentucky and Tennessee," and Mrs. J. J. Rust talked on "Way Down South." Mrs. Housewife,
Do You Know?

Each of these household problems has been worked out by the author, who has not only taken a course in scientific housewifery and dietetics at Columbia University, and written and edited women's newspaper and magazine features for years, but is a practical housekeeper as well.

1. Are potatoes ever poisonous?
2. Why is unpollished or brown rice to be preferred to the usual polished or white sort?
3. What is a good way to keep mice out of trunks and packing boxes?
(These questions will be answered tomorrow by the Housewife.)

ANSWERS TO YESTERDAY'S QUESTIONS.

1. The white potato contains about 75 per cent of water.
2. Bread flour may be used with fair success for pies and cakes, but it is a mistake to attempt to make bread with pastry flour.
3. Pumpkin seeds are very attractive to mice and traps baited with them will soon destroy this little pest.—Copyright, 1920.

TELLS SECRET

A Beauty Specialist Gives Home-Made Recipe to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water and 1 ounce of bay rum, a small box of Barbo Compound and ¼ ounce of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. IF SKIN BREAKS
OUT AND ITCHES
APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place. Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Advertisement.
