CHARGES BOOZE GANG WITH CRIME

Blackford County Official Believes Frazier Murdered.

Special to The Times.
HARTFORD CITY, Ind., Dec. 10.—That William Frazier, former tenant on the Merritt Chapman farm, east of the city, where the body of a man was found in the ruins of a dwelling which burned last Friday, was murdered by the members of a bootlegging gang, is the belief of one Blackford County official who is taking an active part in the investigation.

This officer, whose name is withheld, has returned from a trip to Greenville, Ohio; Muncie, Portland, Redkey, Ridgeville and Dunkirk, where he investigated the affair.

According to this officer he secured evidence to show that members of the alleged gang, of which Frazier is said to have been a member, feared he would be arrested on a charge of forgery and would tell of the gang's operations.

Farmers in the vicinity of Frazier's former home report that on several occasions he made an effort to sell liquor to them. Frazier is said to have passed several forged checks at Muncie and the police there were preparing to arrest him when the fire occurred and he disappeared.

Mother Pleads for Freedom of Youth in Prison

Peru Woman Wishes Boy Home to Aid in Filling Family Larder.

"We'd like to have Omer home for Christmas. The little fellow don't realize where he is, and it will be a pretty poor Christmas at our house without him."

This parting plea was made to the State Board of Pardons by Mrs. Clara Siegford of Peru, mother of Omer D. Siegford, 21, who is confined in the Indiana Reformatory on a charge of stealing automobile tires from a box car. Siegford was a clerk for the Wabash Railroad at Peru.

Mrs. Siegford, who made the trip to Indianapolis at a sacrifice of the money needed to keep the family larder stocked up, pleaded in a way in which only a mother can, for her boy's freedom. She said her boy was not a criminal at heart, and that it was due to bad company and evil influences that led him to commit the crime.

Mrs. Siegford told the board of pardons that she is working in a basket factory in Peru to keep the family in food. Her husband, who is aged and an invalid, is not able to work and she told the board she wished her son back to aid in keeping the family.

Verner Davidson, a Peru taxi driver, who was implicated in the theft for which Siegford is doing time, is also asking a parole. Leroy Arnold, prosecutor of Miami County, in a letter to the board, asked the same consideration for Davidson, which the board might extend Siegford.

Cop Takes Auto, but Fails to Get Thief

Motor Policeman Wilson almost caught an automobile thief.

He was on his way home when Leon Moroney, 234 West Michigan street, stopped him and said a man had just stolen an automobile from in front of the English Hotel.

The policeman got into Moroney's automobile and they pursued the thief, who turned west to Illinois street and thence north. When near Michigan and Illinois streets, the thief stopped the car, ran down an alley and escaped.

The policeman took the stolen car back to the English Hotel. Riley Adams living at the hotel owned the automobile.

DOG HILL PARAGRAPHS

Columbus Allsop is terribly bothered and put out, as he cannot find his curru comb. The last time he saw it one of the tolerably large children had it combing the littlest one's head.

A swarm of bees got after Slim Pickens yesterday and chased him to almost where he was going.

Washington Hocks stated at the post-office today that some persons can't settle down, as they are already as far as they can go.

Eating Houses to Be Graded by Health Board Direction.

All eating houses of Indianapolis will be graded by Dr. Herman G. Morgan, secretary of the board of public health, and certificates showing the grades issued, it was announced today. In conjunction with the grading system, which will necessarily involve detailed reports on condition of silver, glassware, linen, storage rooms, serving and cooking facilities and the health condition of the help, Dr. Morgan announced a crusade will be made to clean up every place where food is served or kept.

The drive will open with the campaign to exterminate rats next Monday. Inspectors will be turned loose on the downtown eating places then. There will be vigorous prosecution of all violations of health laws discovered. Dr. Morgan threatened. If restaurant and cafe owners fail to clean up after a warning is given their names and the names of their places will be made public, he said.
