

## 'MA' MANN WEEPS REAL TEARS When Acting Mother Roles on the Screen

This is the era of screen mothers. When Margaret Mann took the role of the mother in "Heart of Humanity," the Universal war picture, she inaugurated a new epoch in screen history. Up to that time characters in film plays had been pushed into the background. But Mrs. Mann's remarkable characterization and emotional talent appealed so strongly to the public that she was one of the chief attractions of "Heart of Humanity." Her tears are the real article.

Now the original screen mother is scoring another hit in a similar role in "Once to Every Woman," the Universal Jewel, starring Dorothy Phillips. Several scenes in this picture in which Mrs. Mann features, are declared by critics to be the "most touching ever filmed." Mrs. Mann came to this country from Scotland six years ago and started her American screen career at Universal City.

MARGARET MANN.

ON VIEW TODAY.

On view today: "Buddies" at the Murat; "Monsieur Beaucaire" at the English; Big time vaudeville at Keith's; popular vaudeville at the Lyric and Broadway; musical comedy at the Rialto; "Grown Up Babies" at the Park; "Blackbirds" at the Alhambra; "To Please One Woman" at the Isis; "Behold My Wife" at the Ohio; "The Border Riders" at the Regent; "The Little Grey Mouse" at the Regent; "The Palace of Darkened Windows" at the Colonial.

## 110 Naval Recruits Accepted During Week

With acceptance of 110 men for service in the United States Navy during the week ended yesterday, all enlistment records for the State were broken. It was announced today by officers in charge of Navy recruiting in Indiana.

The N. R. T. Hoosier, local Navy recruiting truck, has returned to the city after a State-wide campaign lasting throughout the summer, during which time practically every city and town in Indiana was visited.

The effect of heavy enlistments is already being felt, according to the Bureau of Navigation, which also announced that schools for yeoman, shipfitters and mechanics are temporarily closed to enlistments. Trade schools and the training station at Hampton Roads, Va., are filled to capacity and also are closed temporarily.

## For Itching Eczema, Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema, to stop the itching at once and any reliable drug will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little itching eczema, and it cured it. It did the work."

Then there is Alex. Lowel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed to cure it. I used PETERSON'S OINTMENT and it cured it. It did the work."

For itching eczema, old sores and piles, Peterson's Ointment is the best thing I ever hit. A big box for 35 cents. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.—Advertisement.

## Argentine Province Riddled by Locusts

BUENOS AIRES, Dec. 17.—A plague of locusts, like that which in ancient Egypt "covered the face of the earth," this year descended upon the province of Santa Fe.

Similar offensives are almost annual events in one part or another of Argentina.

The locusts come suddenly and without warning. Where for a year or several years perhaps not one of the insects has been seen, a veritable cloud of them will one day appear and settle on the ground.

At first little damage is done, but as they progress through the country they bore holes into the earth, into which they deposit their eggs. Within a short time the larva are hatched and come forth. At first these cannot fly, and it is at this stage that they devour every living plant within their path, with the

exception of a few species, such as willow trees.

A little later the insects develop their wings and, leaving the country through which they have passed a desert, they disappear almost as suddenly as they came. Where they go to has never been discovered.

## Douglass Re-elected Head by Assessors

J. C. Douglass of Marion County again will head the County Assessors' Association of Indiana, following his election at the closing session of the annual conference of the assessors with the State Board of Tax Commissioners yesterday. Another conference of the assessors may be held here March 1, Fred A. Sims, chairman of the tax board, announced.

It was said by Mr. Sims that financial conditions may have changed so much by that time that a session will be imperative. Resolutions were passed pledging as-

essment of all property at its true cash value, and providing that the cash value assessment be maintained without making more burdensome.

THE UMBRELLA AGENT.

The first umbrella ever seen in this country reached Baltimore from England in July, 1770. Hardly any of them found purchasers for quite a while. People laughed at the molly-coddle contrivance, which was not only foolish but unnecessary, inasmuch as rain would not melt anybody.
