

## SAYS SINGLE FILE RULE SOLVES IT

Col. Perry Backs Up Engineers  
on Circle Plan.

The proposed plan of the Indianapolis chapter, American Association of Engineers, to regulate traffic about the Monument Circle today was endorsed by Col. Oran Perry, superintendent of the soldiers' and sailors' monument. In commenting on the proposal Col. Perry emphasized the necessity of motor vehicles traveling in single file.

"The tracking of automobiles at the intersection of Meridian and Market streets with Monument circle forms a natural triangular safety zone that would be, if outlined with white paint by the street commissioner, a guide for drivers and a haven for pedestrians," said Col. Perry. "If the board of safety would issue an order forbidding an automobile from passing another while in transit about the circle, compelling them to travel in single file, racing would be eliminated, the street made safer, and the danger of accidents would be lessened."

"This action would cause no hardship to motor vehicle drivers. They now have to travel single file when entering the circle from Washington, Pennsylvania, Ohio and Illinois streets, and there is no reason for allowing them to break loose and make a roadway of the circle while they are on it."

## Making Plans for Roosevelt Memorial

Plans for a State-wide observance of the third anniversary of the death of Theodore Roosevelt are being made by the Indiana branch of the Roosevelt Memorial Association. Col. Roosevelt died Jan. 6, 1918. It is planned to have Sunday, Jan. 9 (the Sunday following his death anniversary), observed as Roosevelt Sunday throughout the State, especially in the churches.

Churches of all denominations are requested to devote one service as a memorial to Col. Roosevelt. Ministers are asked to emphasize Mr. Roosevelt's Christianity, his ideals and his life principles. In addition it is requested that Roosevelt's favorite hymn, "How Firm a Foundation," be sung at all services. It is explained that no solicitation of funds is contemplated. The Roosevelt Memorial Association hopes that all communities will hold appropriate memorial services and that the exemplary virtues of Col. Roosevelt be emphasized publicly. Some towns will hold union services while others will have proper observances in the various churches.

## Say Reputed Bunko Men Clean Up \$600,000

LOS ANGELES, Dec. 17.—Secret indictments here have been returned against two alleged members of a gigantic bunko ring which is declared to have cleaned up \$600,000 from about thirty-five tourists last spring from Iowa, Kansas and the Middle West.

It is understood one of the men was a member of the notorious Norwood gang and said to be the slayer of "Army" Sullivan, who was killed in Salt Lake City. The case upon which the indictment was based, it is said, was the swindling of a Kansas banker out of \$33,000.
