Johnson, W. F. Molt, H. Alburker, C. L. Cabalizer and William Doppfers.

Farmer Is Killed When Hit by Auto
Special to The Times.
COLUMBIA CITY, Ind., Dec. 21.—John Alles, 58, a farmer, was struck and killed by an automobile driven by Edward Scheiber while Alles and a neighbor, Monroe Frick, were walking along a country road.

When the machine approached the men parted, each going to the opposite side of the road. Alles attempted to cross in front of the automobile and was struck. His neck was broken.

He is survived by four children.

Holds Up Petroleum Rates Until Jan. 25
WASHINGTON, Dec. 21.—The Interstate Commerce Commission today suspended until Jan. 25 the operation of the proposed rate increases on petroleum and its products from points in Kansas, Oklahoma and Missouri to Chicago, Milwaukee and related territories.

FIFTEEN ESCAPE IN RAID
NORLESTON, Ind., Dec. 21.—As the result of a raid in an upstairs room of a business block in this city last night by Chief of Police Fanett the following men entered place of safety by gaining charges in city court today: Horace C. rer, Charles Rambo, Calvin McClelland, Dorus Granger and John and Jasper De Hart. All were assessed fines. Officers say at least fifteen men escaped. Money and cards were found on the table by the police.

Fortune in Bonds, Found in Taxi, Is Bugaboo to Couple

CHICAGO, Dec. 21.—Some folks might figure themselves lucky to find \$150,000 in bonds for which no owner has been discovered. Carl Jagger, Gary, Ind., whose wife picked up \$150,000 worth of treasury certificates in a Chicago taxicab last May, is beginning to think it is bad luck.

Federal authorities declare the bonds became income when they matured Sept. 14. Hence Carl may have to pay an income tax. Carl did not earn the bonds; his wife found them. Inheritance tax due the Government, \$31,000.

Lawyers have discovered that Carl's wife had no legal right to remove property from a common carrier. They threaten a writ of replevin to restore the bonds to the taxicab company. If they get the writ, Carl says, he will be \$50,000 shy, because five of the bonds, worth \$10,000 each, have passed from his possession.

The net result is that, if all these things happen Carl may find himself \$101,000 or more in debt.

Rain May Relieve Roof Fire 'Epidemic'

The Indianapolis fire department welcomed the rain and sleet today because it was expected to put a stop to an "epidemic" of roof and chimney fires that have kept the firemen constantly on the run for the past seven days.

Reports to the board of public safety showed that from 7 o'clock on the morning of Dec. 13, until 7 o'clock on the morning of Dec. 20, a total of ninety-one still and twenty-six box alarms were answered. Last Saturday was the heaviest day, with thirty-seven alarms. Twenty-five turned in yesterday had been reported up to noon today and more were expected to come in from outlying stations.

The necessity for bigger fires in stoves and furnaces because of the cold weather caused the unusual number of roof blazes, it was said.

32,000 in County Join Red Cross

Practically complete reports on the results of the recent Red Cross membership campaign indicate that more than 32,000 citizens of Marion county became members of the organization, according to a statement made at the headquarters of the Indianapolis chapter today. This is an average of one out of every ten of the total population, including all ages. The enrollment of members was larger than had been anticipated.

The women who directed the campaign and the districts which they organized were: Mrs. Wolf Sussman, business district; Mrs. Herbert T. Wagner, north side; Mrs. William Herschell, east side; Mrs. Orville Dunn, west side; Mrs. Edward E. Kuhn, south side, and Mrs. Alexander M. Stewart, Marion county, outside of Indianapolis.

The campaign was conducted this year almost entirely by women volunteer workers, who showed a thorough understanding of the task of organizing the county.

Father Is Stingy With His 'Candy'

Led by the innocent information of Bernice Harmon, 3-year-old daughter of Thomas Harmon, 5504 East Sixteenth street, that her father's business was that of making candy and that he kept the jars in the clothes closet, two moral squads, under the command of Lieutenants Wooten and Jones, raided the home and found the jars contained nine gallons of "white mule."

The squads were conducted by Harmon's daughter to the barn, where they found additional liquor cached under the floor.

"My papa never gives me any of the candy he makes," Bernice informed the officers. Harmon is being held in the City Prison on the charge of operating a blind tiger.

SIX PIONEERS DIE IN ONE DAY

WARASH, Ind., Dec. 21.—Six pioneer residents who have made Wabash County their home for more than a half century died Monday. Mrs. Charles Grump, 61, passed away in Room after two months illness; Mrs. Carrie Grinn, 51, of Urbana died in a hospital here; Jesse B. Coon, 57, died of heart disease at Lafontaine; Mrs. John McKinnon, 57; Mrs. Alice Roswell, 62, and John B. Finger, 57, the last three of this city, were among the number.

TO CELEBRATE TERCENTENARY

Mayflower Descendants Will Banquet Tonight.

The Society of Mayflower Descendants of Indiana will celebrate the tercentenary anniversary of the landing of the Pilgrims at a banquet in the Riley room of the Claypool Hotel tonight.

A musical program will be given, which will include numbers by Thomas Nealls.

Joseph F. Minturn, governor of the society, will preside and the following toasts will be given: "Pilgrims," by Mayor Charles W. Jewett in behalf of the Sons of the American Revolution; "Pilgrim Mothers," by Miss Ellen Browning, in behalf of the Daughters of the American Revolution; "The Return of the Mayflower," by Robert L. Moorehead, in behalf of the Sons of the Revolution.

Charles F. Coffin, president of the Indianapolis Chamber of Commerce, will extend greetings in behalf of the Society of Colonial Wars of which he is governor, to the Mayflower Society, and the Rev. Lewis Brown, rector of the St. Paul's Episcopal Church, will respond in behalf of the Sons of the Colonial Wars.

Farm Legislative Body to Organize

The first meeting of the new legislative committee of the Indiana Federation of Farmers' Associations will be held next Monday. The committee will organize at that time and will take up whatever plans for legislation they may desire, according to Senator Maurice Douglas, a member of the executive committee of the organization.

The members of the committee are Earl Crawford of Milton, Henry Lechery of Franklin, Russell Van Hook of Rensselaer, Artemus Myers of Noblesville, and Everett McClure of Aurora.

It is expected the committee will pay special attention to proposed road legislation.

Dr. Morgan Is Seeking Ban on Roller Towel

The city health department will back an ordinance in the city council and a bill in the Legislature to make unlawful the roller towel and the common drinking cup in public places. Dr. Herman G. Morgan, secretary of the board of public health, has announced.

"Indianapolis should no longer be guilty of countenancing these two insanitary articles," he said.

Christmas Program Planned for Patients

Plans were completed for a Christmas tree and entertainment for ex-service men at the city hospital by the Templeton-Perry post of the American Legion and the auxiliary of the post at a social held at the post headquarters, 409 North Meridian street, last night.

The presentation of a playlet, "Man Proposes," by Miss Lillian Hoag, Miss Helen Barrett and Cecil Lancaster of the Metropolitan School of Music, was a feature of the evening's entertainment. The program included games and refreshments.

The auxiliary is planning to have a social for the post and other service men every third Monday evening. Plans are also being made to provide entertainment for the city hospital service men.
