

GARBAGE BILL MAY END CITY CONTROVERSY

House Measure Would Give Sanitary Commissioners Full Authority. PROVIDES 4 CENTS LEVY

The controversy in which the members of the Indianapolis board of public works and the board of sanitary commissioners have participated for months past, over the question of garbage collection and disposal, would be eliminated by the first of the city administration measures to be presented in the 1921 session of the Legislature, introduced by Representative Thomas Harvey Cox of Marion County.

The bill would place the entire question of garbage collection and disposal and disposal in the control of the Indianapolis board of sanitary commissioners. It would include the removal of all garbage and ashes, and the commissioners would also be responsible for the condition of the streams in and around Indianapolis as regarding pollution.

The commissioners would be authorized to construct a sewage disposal plant and would be given authority to condemn land necessary for its construction. A plant would also be provided for the converting of sludge into marketable fertilizer, and the commissioners would be authorized to sell the fertilizer as a by-product and turn the proceeds over to the city treasury.

FOUR CENTS LEVY ASKED.
For carrying out the provisions of the act there is appropriated, according to the bill, 4 cents on each \$100 of taxable property in the city of Indianapolis. The bill was referred to the Committee on the Affairs of the City of Indianapolis.

Seventy-six citizens of Adams County have sent a petition to the lower house asking support of the measure seeking repeal of the public service commission. The petition, received by the Adams County Representative in the House, was read in the session Tuesday afternoon, and was referred to the Committee on Judiciary.

PROVIDES BLIND RELIEF COMMISSION.
A State tax of six-tenths of one mill on each dollar of taxable property in the State would be levied to provide funds for the carrying out of the act. A "blind relief commission," consisting of three persons appointed by the Governor, would have charge of the enforcement of the act.

Two judicial circuits in Indiana would be defined by the provisions of a bill introduced by Representative H. H. Hunsicker of Marshall County and Hugh B. Holman of Fulton and Miami Counties. Marshall County would comprise the Seventy-first judicial circuit and the Governor would be required to name a judge for the bench therein, and Fulton County would comprise the Forty-second judicial circuit and the Governor would be required to name a prosecuting attorney for this circuit, according to the bill.

F. ELLIS PRESENTED.
Other bills introduced yesterday were: Osborn, Miller, Slew and Beyer, amending the soldier memorial act, Cities and Towns.

Gill, fixing the rate of interest on loans and sale of county bonds for construction of county hospitals, County and Township Business.

Not amending an act concerning municipal corporations, Cities and Towns.

Newman, concerning power and authority of guardians to lease real estate belonging to their wards, Judiciary A.

Newman, amending an act concerning taxation, Judiciary B.

Beigold, amending an act concerning municipal corporations, Cities and Towns.

Low, prohibiting and making it an offense for chauffers to take any money they are driving for another, for their own use, without permission, and fixing a penalty of imprisonment on the penal farm from thirty days to six months, Criminal Code.

Clapp, amending the automobile registration law, Roads.

Cooper, authorizing counties to expend not to exceed \$10,000 in the purchase of a county world war history, and providing that the county may sell the books at cost, the money to go to the county treasury, County and Township Business.

Lowe, fixing the salaries of the boards of trustees of the state benevolent, reformatory and penal institutions at \$300 a year and fixing expense money at \$125 a year and making contractors or persons interested in providing supplies for the institutions ineligible to membership, Fees and Salaries.

Lowe, providing for the fee license to former service men and women or their heirs of certificates of marriage, birth, death or divorce that may be necessary to allow them to participate in benefits from the Federal or State Governments, Military Affairs.

Hougham, providing a fine of not more than \$10.00 or imprisonment for not more than one year, or both, for persons found guilty of uttering false statements about the conditions of banks and trust companies, Banks.

NEW ROAD MEASURE.
Calef and Anderson, providing for an additional method of constructing highways. The bill divides the area abutting on the road into the first zone, the area for a mile back into the second zone and the area within two miles into the third zone, and gives the commissioners power to assess the property in proportion to the benefits derived. The county or township cannot be requested to pay more than 40 per cent of the assessment, Roads.

Home-made Remedy Stops Coughs Quickly
The best cough medicine ever used. A family supply easily and quickly made. Serves about 32.

You might be surprised to know that the best thing you can use for coughs, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, children like it.

Four 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It cures whooping cough and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for healing the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

MISS ROBERTSON RAPS BLUE LAWS

Congresswoman-Elect Attacks First Dance Since 1879.

MUSKOGEE, Okla., Feb. 2.—Alice M. Robertson, Congresswoman-elect from Oklahoma, today was preparing for war on the Sunday blue law enforcement.

Miss Robertson attended her first dance since 1879 last night as the guest of the American Legion here, following a scathing denunciation of Sunday "frivolities" by the Rev. New Harris. The Congresswoman-elect, hearing of the minister's attack on the legion's blue laws opposition, voluntarily attended the dance.

"I stand for anything the soldier boys wish," she explained. "After my service in Congress I will go into mission work."
