Plans for the campaign were adopted Wednesday night at a dinner given by the council in the Chamber of Commerce.

A vigorous campaign for members, with every post cooperating, will be conducted. Mr. Cantwell said. A special meeting of post membership campaign directors will be held Sunday afternoon at 2:30 o'clock, at the campaign headquarters, 147 North Pennsylvania street.

Next week all posts are expected to call special meetings to report on their membership directors, to complete plans for organizing teams and prepare for active solicitation of new members of the legion.

INDICTS JONES AND BERNAUER IN EAD CASE

(Continued From Page One.)

Building and Loan Association. It is claimed that Hunter gave Bullup \$150.

The third indictment accuses Bullup of obtaining \$300 under false pretense from David Dowlen, 714 1/2 North State avenue, by representing that he was able to buy stock for Dowlen in the Lincoln State Bank, which the indictment charges has never been in existence.

Two indictments were returned against Glenn Leach, alias George C. Leach, alias William Lee, alias George C. Spencer, alias H. C. Lynch, alias Lee Spencer. One charges Leach with forging a check for \$22.50 on the People's State Bank and the other charges forgery of a check for \$27.50 on the Fletcher American National Bank.

Louis Namer was indicted on a charge of entering the home of Josephine Markich, 3641 Garden avenue, and stealing goods valued at \$45 and cash in the amount of \$32.

Earl Humphrey was indicted on a charge of stealing goods valued at \$27 from John Lamkins.

Harry Cooper, Thirtieth and Baltimore streets, was indicted on a charge of failing to stop his automobile after striking Edwin R. Echols on Nov. 18, 1920.

Two indictments were returned against Vinton Mingle, one charging him with entering the residence of Howard H. Cantwell, 114 Brookside avenue, and stealing jewelry valued at \$150, and the other charging the theft of goods valued at \$100 from the home of James Grimes.

Richard Roach, Jesse Corn and John Perry, the latter now dead, were indicted on charges of conspiring to rob Elmer Russell of R. R. M.

William Haynes was indicted on a charge of bringing into an inspection shanty of the C. C. & St. L. Railroad and stealing goods belonging to Charles Welsh of Beech Grove.

Lee Brown, 312 West Twenty-Eighth street, was indicted on a charge of breaking into the store of Joe Levinson, 159 West Twenty-Eighth street, and stealing goods valued at \$70 and \$100 in cash.

ACCUSED OF EMBEZZLEMENT. Clifford Moon, 2102 1/2 Boulevard place, or 290 West Fortieth street, was indicted on a charge of embezzling \$107.25 from Edward Frankhouse, 616 McCarty street.

Raymond Ferguson, 642 North Missouri street, was indicted on a charge of obtaining \$100 from the People's State Bank, which the indictment charges has never been in existence.

Lewis M. Jones, 843 1/2 Indiana avenue, was indicted on a charge of attempting to kill Nellie Jones, 320 West Tenth street, Nov. 15, 1920.

Russell De Long, living near New Augusta, was indicted on a charge of manslaughter following the death of Thomas H. McConnell on Oct. 1, when De Long's machine is said to have struck McConnell.

The grand jury returned a new indictment against Edgar Harrison, John Montgomery, Mike McGuire, Henry Lee, Lawrence Allen, Harold Kauffman and William Buckner, charging them with the murder of Adam Naparlu, former city health inspector.

It was explained that the new indictment was in three counts, one charging the men with committing murder to obtain twenty gallons of "white mule," valued at \$400, and the others charging murder.

Buckner was found guilty of manslaughter in the Shelby Circuit Court last week and was sentenced to from two to twenty-one years for his part in the killing. There was no robbery count in the indictment on which Buckner was tried.

The grand jury also recommended that the following be discharged: Hutch Oakley, Charles Weaver, Mary Strife, Leslie Moore, Carl Alchhorn and Chester Clark.

Two indictments were not made public, as the defendants had not been arrested.

Discuss Police Pay Boost of 25 Cents

The board of public safety and city council today were considering a raise of 25 cents a day in the pay of police patrolmen and changes in the terms of ordinance. The policemen would receive \$4.75 a day by the change. A similar increase for firemen also is being considered.

Flat-to-curb parking in the congested district, shortening of the parking time limit and rearrangement of some of the safety zones are being discussed.

TIE-UP LOOMS IN ATTEMPT TO CUT RAIL WAGE

(Continued From Page One.)

and yet they talk of the need of reducing wages.

DOESN'T BELIEVE CUT IS COMING.

"I don't believe wages are going to be reduced, or the men just won't work."

"I won't say there will be a strike if wages are reduced. I don't know; nobody knows, but I do know this, that it is a hard job to keep the men at work right now."

W. Jett Lauck, economist of the railroad labor organizations, is understood to be preparing new facts on railroad earnings which will be used to resist any wage reductions.

President Wilson, meanwhile, is apparently refusing to participate in the controversy that has arisen and it was indicated at the White House that he would take no action on the union's request for an investigation on possible wage reductions until after the railroad board has acted finally in the matter.

PEGG PREDICTS WALKOUT OF 370,000

DETROIT, Feb. 3.—Walkout of 370,000 members of the United Brotherhood of Carpenters and Joiners of America and railway shop laborers was predicted today if the national wage agreement is broken by railroad officials and salaries are cut.

By S. J. Pegg, international grand secretary-treasurer of the union.

Thousands of the brotherhood's members, embittered over present wage conditions are now threatening to leave their jobs, he declared.

Mr. Pegg refused to predict a strike in the event wages are reduced, he declared the men will simply refuse to work for less money, whether union officials wish them to or not.

ATTERBURY REPORTS 200,000 LAID OFF

CHICAGO, Feb. 3.—Two hundred thousand railroad employees have been laid off by sixty-four roads of the country since Sept. 1; thirty-six railroads failed to earn operating expenses in January, and twenty-eight railroads did not earn the taxes and fixed charges.

This statement was made today by W. W. Atterbury, chairman of the labor board of the railroad executives' association in support of the demand of the railroads for a reduction in wages.

Atterbury declared these lines represented 40 per cent of the railroad mileage in the country.

The hearing of the union's side of the question will be continued by the board next Monday.

LABOR ENTERS FIRST COUNTER IN RAIL CASE

CHICAGO, Feb. 3.—Railroads of the country in their efforts to drive down wages are trying to coerce the Federal Railroad Labor Board to disregard the Esch-Cummins law, union leaders charged today.

E. F. Grable, head of the union of unskilled maintenance of way laborers and shop laborers, went before the board to answer the petition filed by the railroads last week, asking abrogation of the national agreements and reduction of wages of unskilled workers.

Grable charged that the railroads are attempting to "trample under foot and disregard the rights of laborers who have submitted their interests to the board."

He said that if the railroads faced a financial crisis, as claimed, it was due to the "careless and inefficient management," the maintenance of "large, unnecessary and expensive official staffs" and contracting at "fabulous prices for cost-plus work."

The question before the board, Grable said, was whether the relationship of the employer and employee shall be settled by just and legal methods or by economic force.

The union leaders attacked the demand of the railroads for immediate action by the board, demanding that the question be given a fair hearing. The hearing by the board today was to determine whether "emergency action" should be taken or a discussion of the proposals permitted.

Grable cited figures in efforts to substantiate his claims that men were not overpaid. He said 236,300 maintenance of way employees received an annual wage in 1919 of \$633.59, while 69,000 others received only \$688.88.

WORKERS REQUEST REFERRED TO PAYNE

WASHINGTON, Feb. 3.—President Wilson has referred to John Barton Payne, director of the railroad administration, the request of railroad union leaders for an investigation of proposals made by railroad executives for wage reductions.

Bar Favors Boost in Judges' Salaries

Members of the Indianapolis Bar Association, in meeting last night with one of the largest attendances in its history, unanimously passed the following resolution:

Resolved, That it is the sense of the members of the Indianapolis Bar Association that the judges of our Indiana courts are inadequately paid. Therefore, so it further resolved, That said association favors the passage of bills numbered 129 and 223 of the House of Representatives, substantially increasing the salaries of the various judges, as therein fixed.

House Bill No. 129 is to increase the salaries of trial judges and Bill No. 223 applies to Superior and Appellate judges.

The minute of the United States established a record in coinage the fiscal year ended June 30, 1920, when a total of \$19,500,000 coins were executed.

More than 31 per cent of all American soldiers admitted to hospitals during the World War were gassed.

Chicago Girl to Wed Britisher

Miss Gladys High and her fiancé, Lieutenant Commander Charles Donnistown Burney, C. M. G.

Mr. and Mrs. George Henry High of Chicago have just announced the engagement of their daughter, Miss Gladys High, one of the prettiest and most prominent of Chicago's society girls, to Lieutenant Commander Charles Donnistown Burney, C. M. G., of the British royal navy. Lieutenant Burney is a son of Admiral Sir Cecil Burney and although he is but 32 years old he has already won fame as a naval authority. Miss High met him at the wedding of her cousin, Miss Roberta Mitchell, to Lord Ossington, in London, three short months ago.

STATE BUILDERS HEAR EASTERN

Indiana Contractors, Holding Sessions Here, Adjourn Tonight.

At this morning's session of the annual convention of the Associated Building Contractors of Indiana, at the Claypool Hotel, Fred G. Weber of New York, secretary of the National Association of Building Trades Employers, spoke of the purposes of the national organization and of the advantages that could be derived by the Indiana association by joining it.

Following his address, it was decided that the executive board of the State association should take under consideration the question of the State association joining the national body and report its recommendation later.

The program for this afternoon's session included the election of officers, the reports of local secretaries relative to local building conditions and the work of local associations and a general discussion of general conditions of the building industry.

The convention will close with a dinner tonight.

DAILEY'S BILL IS UNDER FIRE

(Continued From Page One.)

adopted, that the House do not concur in the Senate amendments to House Bill No. 58, the appropriation bill. Representatives Fiffeld, Clifton H. Givan and David N. Curry were appointed as a committee to confer with a committee from the Senate on the bill.

The bill underwent several changes at the hands of the Senate, particularly an increased appropriation being given to the State board of health. The State conservation department was shorn of \$20,000, but most of this sum was added to other salaries. The Senate also struck out the anti-peonage clause which withstood several attacks in the House.

VERMILION REPEAL PASSED.

A minor skirmish occurred on the House floor when House Bill No. 170, providing for repeal of the law authorizing a referendum in Vermillion County on the question of removal of the county seat from Newport to Clinton, was called down on third reading and passage.

No referendum has yet been taken and objection to the establishment of the law before the people could express their opinion in an election. It was claimed, however, that the people of the county wanted the law repealed, because it was on this issue that John A. Hughes of Vermillion County was re-elected to the Legislature.

The bill passed by a vote of 30 to 22. Twenty-three Senate bills were introduced in the House, eighteen House bills were called down for second reading and one bill was passed during the morning session.

Smith to Be Guest at Tractor Dinner

Lon R. Smith, general sales manager of the Midwest Engine Company of Indianapolis, is one of the 500 bankers and manufacturers of Mid-West States to be guests at a dinner at Columbus, Ohio, next Wednesday, honoring bankers, farmers and manufacturers of farm machinery. The tractor show management has planned the dinner, which will be held at the Deshler Hotel.

AGREE TO DRAFT BILL ON ROADS

McCray and Committees Confer on General Plan.

Following a conference this morning of Governor Warren T. McCray and members of the Senate and House Roads Committees, it was announced that a subcommittee will be appointed to draft an administration road bill.

Details have not been worked out, but it was agreed that the maintenance of State highways must be broadened. It also was suggested that better provisions be made for the upkeep of highways not included in the State system.

Governor McCray described the proposed legislation as among the most important to be considered at the present session. He reiterated his faith in the State highway commission law, but added that the "big end is in the administration."

The subcommittee will confer with engineers of the commission in drafting the measure.

The Governor announced that the proposed bill for a dune park along the shores of Lake Michigan will not be presented to this session. M. S. Mallard, who headed the Chicago group leading in the agitation for the park, has informed the Governor that it will be impossible to present the Legislature with a bond showing that the citizens will subscribe \$1,000,000 toward the project if the assembly appropriates a like amount.

A bill authorizing the Governor to appoint a committee to investigate the dune park project and report at the next session probably will be introduced.

The bill will establish a park of a fifty-acre memorial hospital in Indianapolis is being considered by Governor McCray. He indicated that he is in favor of the system if it is not impossible of accomplishment.

BOYS TO ENTER JOY-FEZ FREE

Newsies and Messengers Guests Tomorrow Night.

Tonight at the Coney Island Joy-Fez at Tomlinson Hall has been designated by World War veterans as Otis E. Brown Post night and an unusually large attendance is expected.

The newswires and messenger boys of the city will come into their own at the joy-fez tomorrow night, when they will be admitted free. In addition to the regular program of entertainments, recitals, etc., the "Newswires" Band will be heard in concert.

"Coney Island," which is being held under the auspices of the World War Veterans, will be continued Sunday and Monday, according to announcement. The doors of Tomlinson Hall are opened each evening at 7 o'clock and on Saturday there will be a matinee, beginning at 1 o'clock.

The proceeds are being used by the veterans in the erection of a cottage at Fairview park for the use of orphans and wives of veterans.

'Y' MEMBERSHIP DRIVE BEGINS

Reports Indicate 500 Names Will Be Added.

Early reports on the Y. M. C. A. membership, which opened today to continue until tomorrow night, indicate that the association should be able to increase its membership by 500 men. Factories of the city are responding to appeals for cooperation. The Y. M. C. A. company has arranged to take memberships for all its men who may desire them, paying the fee and permitting the men to repay the company in installments. Several companies have agreed to buy student memberships for their employees who desire to take advantage of the night schools.

The Y. M. C. A. campaign directors to canvass their working forces for new members. Individual pieces of signatures are swelling the total. J. W. Estelme, a divisional leader, personally pledged twenty-five new members, and Wallace O. Lee also pledged himself to obtain twenty-five. Orin Jessup has bought ten memberships which will be made out to men designated by the ten members of his team making the best record.

Some of the downtown merchants are buying memberships in lots of from three to six. Their plan is to use these memberships for men on their executive and administrative staffs, to give them recreation in the Y. M. C. A. physical training courses.

The 200 members of the teams are expected to make their first day's reports at the Y. M. C. A. offices tonight between 7 and 9 o'clock. Final tabulation of the campaign results will be made tomorrow night at a luncheon to be served in the association cafe.

Unemployed March on Paris City Hall

PARIS, Feb. 3.—Two thousand unemployed, singing the revolutionary song, "Internationale," attempted to march on the city hall today, but were turned back by the police.

The rioters and a number of the marchers were arrested. Communist pamphlets were found on many of the prisoners.

While the Paris crowd was attempting to storm the city hall, other bands of unemployed were raiding bakery shops and groceries in the suburbs. A large quantity of food was carried off.
