

MISS GARDINER GIVES MASH NOTES To Her Mother, Who Is Always Her Companion

All the mash notes which Miss Arline Gardiner, the blonde figure of "Take It From Me," which comes to the burlesque Monday for a week's engagement, receives are turned over to the mother of the actress.

The mother of the actress has never been away from her daughter for a single day since Miss Gardiner went on the stage.

"I got into the show business," said Arline Gardiner recently, "when I was 3 years old. My sister and brother and I were billed as the Three Baby Wonders."

"My earliest recollections are of tense and exciting controversies. I was so young when I started in vaudeville that mother didn't have to pay railroad fare for me. When I got to be 7 years old mother had contracted the habit of not paying any fare for me, and like any one else who becomes the victim of habit, she didn't want to pay my fare. So they used to hide me in big baskets and put me down in a corner out of sight or view of the conductor, and it used to be a merry argument."

"The Gerry Society was active in the East twenty years ago, more so than now, and after mother had persuaded the conductor that I was less than 6 years old, she frequently had to begin on a new tack when we arrived in town, and convince the Gerry agents that I was more than 14. This dual controversy so complicated my age statistics that I went on for a long time not knowing how old I really was."

"We have a nice home in Philadelphia, but we don't see it very often. Still, I wonder that so many girls with good homes are so eager to get into the show business. I would rather they remain at home and get married and have babies around them. Lots of girls consult me about entering the show business and I advise every last one of them to stay out of it, and I don't think one of them ever took my advice."

STILL ON VIEW.
"Florodora" will close its engagement at the Murat with a Saturday afternoon and night performance. Not to be missed by those who enjoy the best.

BOMB DAMAGES TWO BUILDINGS

Attack on Negro Realty Dealer Causes Panic.

CHICAGO, Feb. 4.—Occupants of two buildings at Grand boulevard and Forty-Eighth place were thrown into a panic and fled into the streets in night attire early today when a bomb wrecked the fronts of the buildings and shattered windows in other buildings two blocks away. Several were cut by flying glass.

The bomb was directed at the home of Robert B. Jackson, wealthy negro realty dealer.

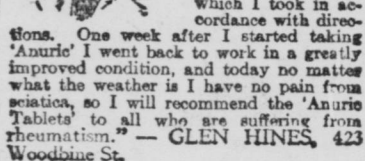

HOOSIER PLANT TO REOPEN.

HARTFORD CITY, Ind., Feb. 4.—The plant of the Hartford City Paper Company here will resume operations next Monday, after a shutdown of two weeks, with a reduction of 30 per cent in wages.

The South Glass Company Thursday announced a cut of 15 per cent in wages, effective at once.

Rheumatism Caused by Uric Acid

Laporta, Ind.—"I suffered for nearly a year with sciatica. I was unable to work for two months in the spring and about three weeks in the fall. I took electric treatments and several different kinds of medicine but got no relief until a short time ago when I came in possession of a bottle of Dr. Pierce's Anurie (anti-uric-acid) Tablets, which I took in accordance with directions. One week after I started taking 'Anurie' I went back to work in a greatly improved condition, and today no matter what the weather is I have no pain from the sciatica, so I will recommend the 'Anurie Tablets' to all who are suffering from rheumatism." — GLEN HINES, 423 Woodbine St.
