

PUT BRAKE ON SALES OF OLD CITY PROPERTY

Foes in Council Join Hands to Defeat Move for Hasty Disposal.

ONE AUTO SET AT \$25

City councilmen counted as supporters of the administration of Mayor Charles W. Jewett joined with anti-administration members at the regular meeting of the council last night to defeat a move for immediate consideration, to defer a suspension of the board of public safety to authorize the board of public safety to dispose of approximately \$10,000 worth of city property said to be obsolete.

Councilman Gustav G. Schmidt declared he thought the council ought to be informed who the bidders were or might be on some of the property listed in a report of appraisers which accompanied the ordinance, but President Russell Wilson ruled him out of order. Before he was sat down, however, Mr. Schmidt managed to add:

"I refer to when Buick automobiles were sold by the city for \$25 each and checks given in payment which could not be collected on."

Some of the items in the appraisers' report which attracted Mr. Schmidt's attention and caused him to make the statement included a vintage 1908 touring car for \$600; Ford roadster at \$25; a house wagon at \$5 and several fire engines at \$100 each. The appraisers, J. S. Schmidt, real estate dealer; A. B. Carter, real estate dealer, and Roy L. Zapf were appointed by the Circuit Court some time ago.

AUTOMOBILES ALSO APPRAISED.

They appraised not only the property which the board of safety desires to sell, but also six automobiles under control of the board of public works. An ordinance authorizing sale of the six cars was introduced, but suspended on the rules for it was not asked. The total value of the six automobiles is \$1,500.

Included in the report on the board of safety property are appraisals of ninety-five horses to be sold as rapidly as they are displaced by the motor equipment now being bought. Forty of these animals have been replaced to date and George W. Williams, executive secretary for the board of public safety, in a letter to the Indiana State Auditor, explanation of the sale ordinance, said it is costing the city \$40 a day to feed them while they stand idle. Dwight S. Ritter, city purchasing agent, has stated he has an immediate market for these horses. An Anglo-American war would be a calamity to the first magnitude of the world."

When the motion to suspend the rules was put, Councilman Schmidt and Louis W. Johnson, attorney for the city, and President Wilson and Jesse E. Miller, administration members, voted against it and it was lost. The ordinance then was referred to the committee on public works.

TRAFFIC MASTERS AMONG ORDINANCES.

The new traffic ordinance, the critic, was introduced by a number of employees under the board of public safety, a measure to change the names of several streets, bills to approve four contracts for the purchase of fire hose and a few minor ordinances were introduced.

Considerable surprise was expressed when an ordinance to increase the salary of Claude W. Williams, secretary to Mayor Jewett, from \$2,000 to \$3,000 a year was introduced. The measure was sent to the council by Mayor Jewett; it was understood. It carried an appropriation of \$1,000 additional to the salary fund of the department of finance to cover the increase this year.

SALARIES TO BE INCREASED.

Salaries would be increased under the board of safety amendment to the general salary ordinance as follows:

Executive secretary to the board, from \$2,400 to \$2,500; police surgeon, \$1,440 to \$1,600; assistant police surgeon, \$800 to \$1,000; building commissioner, \$3,000 to \$3,200; fire chief, \$1,620 to \$1,750; assistant market master, \$1,220 to \$1,500; electrical engineer (head of electrical department), \$3,300 to \$3,600; repairmen and cable splicers, \$1,788.50 to \$1,800; cable splicers helpers, \$1,500 to \$1,732.75; instrument repairmen, \$1,788.50 to \$1,800; first assistant chief of fire department, \$2,720 to \$2,800; fire chief, \$3,000 to \$3,200; firemen, \$800; battalion chiefs, \$2,200 to \$2,400; captains, \$2,007 to \$2,200; lieutenants, \$1,642.50 to \$2,000; chauffeurs and engineers, \$1,752 to \$1,800; wagons, \$1,679 to \$1,752; turnkeys, \$1,552 to \$1,600; patrolmen, first year, \$1,450 to \$1,651; patrolmen, second year, and police officers, \$1,612 to \$1,752; sergeant as assistant to bachelors of children's guardians, \$1,620 to \$1,600; bailiffs in city court, \$1,425.25 to \$1,600; painters and repairmen, \$1,186.25 to \$1,200.

PROPOSED CHANGES IN STREET NAMES.

The proposed street name changes are as follows:

Montez street from Sherman drive to East Fifteenth street; Fulton street, same name to East Thirteenth street; Russ street, same, limits to East Twelfth street; Bentwood street from Twenty-First street to Massachusetts avenue to North Lal Street; Senate avenue from Forty-Sixth to Fifty-Second street, to Boulevard place; Winona avenue from Forty-Sixth to Forty-Ninth, 200 feet north to Rockwood avenue.

House contracts up for approval are as follows: Central Rubber and Supply Company, 2,000 feet of two and one-half inch hose, \$1.20 a foot; \$2.25 for couplings, total \$2,400; United States Rubber Company, Chicago, 2,000 feet of three-inch hose, \$1.80 a foot, couplings included \$200; Van Wert & Lima Traction Company and the Indiana Service Corporation of Ft. Wayne, by which certain employees of the latter company are to give part of their time to the management and operation of the traction company.

The contract covers the services of a general manager, engineer of maintenance of way, superintendent of transportation, engineer of distribution, auditor and treasurer.

Traction Plan O. K'd by Judge Anderson

Judge Albert B. Anderson in Federal Court today approved a contract entered into between Henry G. Paul, receiver of the Ft. Wayne, Van Wert & Lima Traction Company and the Indiana Service Corporation of Ft. Wayne, by which certain employees of the latter company are to give part of their time to the management and operation of the traction company.

The contract covers the services of a general manager, engineer of maintenance of way, superintendent of transportation, engineer of distribution, auditor and treasurer.

Wish Rockville Road Made Hard Top Route

Seventy-five taxpayers and farm owners along the Rockville road in Wayne township appeared today before the county commissioners and asked them to make the road a hard surface highway.

Some of the taxpayers, the commissioners explained, had a contract for the surface of a part of the road, but no actual work has been done, the commissioners explained. The farmers desire that contracts rescinded and new bids advertised on improvements made on the road in the township. The farm owners said they were ready and willing to meet their share of the expenses under the three-mile rule. Estimated cost of the improvement is \$20,000.

The commissioners deferred action until Feb. 14.

Anderson Hearing Auto Patent Fight

Alleged infringement of patents owned by Alanson P. Brush, doing business as the Brush Engineering Association of Detroit, Mich., on the part of the William S. Smith Company, a division of the Morris automobile, is being fought out before Judge Albert B. Anderson in Federal Court. The case probably will continue tomorrow.

The suit, which was filed May 29, 1920, involves the torque arm, lubricating system, construction of frame and hot spot ignition on the Monroe automobile.

A permanent injunction, accounting and triple damages are asked.

Brindell, Builder, Gets Sing Sing Term

NEW YORK, Feb. 8.—Robert P. Brindell, head of the Building Trades Council, found guilty of extortion in the criminal branch of the Supreme Court, today was sentenced by Judge McAvoy to not less than five years nor more than ten years at hard labor in Sing Sing. A motion by counsel for Brindell for a new trial was denied.

LLOYD GEORGE FAVORS FRENCH DEBT PROPOSAL

(Continued From Page One.)

United States by charges which the people of this country will accept as a matter of course. The British nation would regard any suggestion for the remittance of our debt to America as highly derogatory to their national honor."

It was learned from an authoritative source that the British treasury more than a year ago communicated to the United States Treasury a suggestion that the British debt be canceled, Britain at the same time ceding to the debtors ownership of the British colonies in the Americas.

Despite the fact that fully twenty stars are expected to make personal appearances during the opening days, there will be no reserved seats at the opening or any other day, the playhouse embarks immediately on its policy of continually showing several boxes and loges.

It is the opening night for those guests who will take active part in the dedication ceremonies.

The train bearing Marcus Loew and twenty stars will arrive in this city about 11 o'clock Monday. They will be met by delegations from various organizations.

The stars will be escorted through the city by the sunburst civil appropriation bill which would provide additions to Army hospitals in St. Louis and Memphis. The amendment was defeated, 45 to 12.

Among those who accompanied Mr. Loew to the opening of his State Theater in Cleveland recently and who have prominent positions in the city are H. W.
