# "The Inside of the Cup"

From the Noted Novel  
By Winston Churchill

Gilded gentry of the "better sort." Prating of "social standing"! Deftling the church with their heartless hypocrisy! Building their empty pride with the blood and toil of others!

And then that "other sort" of person! The heart-hungry girl who finds the narrow path too hard. The boy who tries, loses, stumbles down. The poor who riot when their "betters" steal their homes.

Two mighty, human millstones, grinding out life, drama, radiant romance—in the thrilling scenes of this great picture.

A story of dark souls filled with light by the power of a boundless love.
