

A Dime a Day

isn't much to spend—on trifles. Neither is it much to save—for something much more important, namely, that uncertain future in which you are sure to need money for an emergency and, without saving, may not know where to turn to get it. A dime a day will start you in the savings habit and \$36.50 a year plus interest is a convenient sum to have at your command. Ask for one of our small metal dime banks.

DOCTORS DIDN'T HELP HER SICKLY CHILD

Strong and healthy now. Mother says Milks Emulsion saved its life.

"Last May my 3-year-old baby was taken very ill, got so bad that we expected her to die at any time. Had four doctors, but they did not know what ailed her and finally stopped coming. She had been sick about five months when I started her on Milks Emulsion. I noticed results from the first, and by the time she had taken two bottles she was absolutely strong and healthy. I am thankful to say Milks Emulsion saved her life."—Mrs. Willis S. Pitts, Nacogdoches, Texas.

For restoring appetite, health and strength in sickly children, mothers will find Milks Emulsion the thing they have always sought. Most children like to take it, because, like many emulsions and tonics, it really tastes good.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose weakness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved. This is the only solid emulsion made, and so plain that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles. Home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advertisement.
