## WEDDED BLISS

HELD 67 YEARS

Noblest Pair Score in  
Team Work.

Special to The Times.  
NORLESTON, Ind., March 3.—Mr. and Mrs. Frederick Gintert observed their sixty-seventh wedding anniversary recently by entertaining at dinner their children, grandchildren, great-grandchildren and friends to the number of 150. They are among the oldest, if not the oldest, married couple in Indiana. Of the forty guests who were present at their wedding, only three are living. They are Mrs. Mary Scully, 1135 Reid place, Indianapolis, sister of Mrs. Gintert, who was a child of 6; Mrs. Harriet Stumpf, also of Indianapolis, who was 4, and John Buecher of Atlanta, Ind., a brother of Mrs. Gintert, now 83.

Mr. Gintert is a man of remarkable vitality. He enjoys good health, works about the house and tends his garden, although he is 93. Mrs. Gintert is 92 and also has good health. They are the parents of ten children, five of whom are living. They are Austin Gintert, Mrs. Margaret Herr, Mrs. James Leach, Mrs. Albert Biegel and Miss Elizabeth Gintert. Both Mr. and Mrs. Gintert were born in Germany. He came to this country in 1833 and she in 1830. Both came to Hamilton County, Indiana, a short time later, each having relatives who had located here.

In the home of Mr. and Mrs. Gintert is a Seth Thomas clock which they purchased when they went to housekeeping immediately after their marriage, and it has been keeping accurate time during all these years. While telling the story of the clock, Mr. Gintert recalled the fact that he had hauled 100 bushels of oats to Strawtown about sixty years ago and exchanged the whole load for a clock valued at \$1.

The sixty-seven years of the married life of Mr. and Mrs. Gintert have been passed practically in one community, but the entire county knows and loves "Uncle Fred" and "Aunt Lisie," and their friends are always present when they celebrate their wedding anniversaries.

## New Reservoir Contract Let

View of the southeastern end of the old "open gallery," the use of which was abandoned about fifteen years ago.

The contract for the excavation for a 10,000,000-gallon reservoir at the Riverside station of the Indianapolis Water Company has been let by the company to R. H. Scott & Co.

The work of excavating is to begin within a few days, and is to be completed by July 1.

The new reservoir—sides, top and bottom—is to be of re-enforced concrete, and it is probable that it will be completed by the end of next year.

It will be 547 feet by 233 feet, with a height, from top to bottom, of about ten and one-half feet, and will be for pure water—both that from deep wells and from the filter beds.

With the completion of the new reservoir there will be a complete reservoir capacity of fifteen and one-half million gallons of pure water at the Riverside station.

This, it is explained, will enable the company to make more continuous use of its filter beds and afford it a much greater reservoir capacity from which to draw during "peak" demands, such as are met during certain periods of the day in hot summer months and during big fires.

The cost of excavating will be about \$35,000 to \$40,000, and the estimated cost of the reservoir is about \$285,000.

The new reservoir will occupy in part the site of the old gallery reservoir at the station, commonly known as the "open gallery."

The use of this old gallery was abandoned about fifteen years ago and no water has been pumped from it to the mains during that time, even for emergency purposes.

## Police Forestall Battle of Revenge

The "Battle of Revenge" failed to take place in the 900 block in West Washington street last night. When the police arrived they found twenty-five civilians and an equal number of soldiers drawn up in battle formation. However, they quickly scattered the civilian army after searching for weapons. Then they made the soldiers retreat, with the exception of one who gave his name as David Johnson. Police say he had a pair of knucks.

The police investigation of the trouble showed that a civilian had a fight with a soldier, who was accused of being too familiar with the civilian's wife. That fight was Tuesday, and the soldiers are said to have gathered to "clean out the west end." Johnson was turned over to an officer from Ft. Benjamin Harrison.

The police say the soldiers are members of Company K, Fortieth Infantry.

## Suspended Sentence of Noblitt Revoked

Special to The Times.  
COLUMBUS, Ind., March 3.—Francis Noblitt, son of Thomas Noblitt, manager of an Indianapolis drug store, will be required to serve a sentence of from one to eight years at the Indiana Reformatory at Jeffersonville through the revoking of the suspension of the sentence by Judge John W. Donaker of Bartholomew County Circuit Court Wednesday.

Young Noblitt was sentenced on a larceny charge several months ago after he, with four other Indianapolis youths, confessed to entering and robbing the home of Homer Roberts, a farmer living near here. Reformatory sentences were pronounced against the other youths at the time and also suspended.

The revocation of the suspension in the case of Noblitt was made by Judge Donaker upon information from the chief probation officer at Indianapolis that Noblitt had been convicted of child delinquency in that court, fined \$500 and sentenced to six months at the Indiana State Farm.

## HOOVER STAYS ON RELIEF JOB

Telegram Assures Workers of Direction.

Herbert Hoover will continue to direct the work of the European Relief Council in expenditure of the money raised in the national collection now being closed for 3,500,000 starving children in central and eastern Europe.

In a telegram received today by Caleb S. Denny, State chairman of the Hoover fund, Mr. Hoover said:

"Having taken the responsibility to the American people for between thirty and forty millions of dollars for relief work, I cannot abandon them by resignation. I discussed that with Mr. Harding and I feel that I must continue to take the responsibility for the general direction of the relief work. You may give Indiana contributions full assurance that 100 per cent of all money collected will be used for direct relief to European children who need our help to live."

Mr. Denny also received announcement that the campaign for \$33,000,000 now closing has been successful. Mr. Hoover's statement further said:

"The campaign has been completed in thirty-six of the forty-eight States and with the completion of the quotas of these remaining States the total will be brought to \$30,000,000. Owing to reduced cost of commodities, the distributing organizations will be able to carry through their program of child-feeding."

Indiana has not raised its full quota of \$500,000, but the activity of the State organization is in process of closing, though a number of "invisible guest" luncheons are scheduled for March.
