STEP TO ACQUIRE PROPERTY TAKEN

Park Board Acts in School Ground Purchase.

The first legal step in the program of acquisition of property adjoining public school grounds for the establishment of playgrounds was taken by the board of park commissioners at the weekly meeting when a resolution was adopted condemning a plot 200 by 300 feet lying east of school No. 22, Kansas and Illinois streets. The park board and school board will join in the program, which contemplates the purchase of ground near eleven school buildings.

Ten houses are situated on the ground near school No. 22. A public hearing on the condemnation resolution will be held March 31.

Russell Willson, attorney, and E. W. Steinhart, president of the bankrupt Indianapolis Athletic and Casino Club, offered to sell the clubhouse and grounds of the organization to the park board. The clubhouse, grounds and equipment are said to be worth approximately \$70,000. It is situated on the west bank of White River, north of the Emerichville bridge. It was stated that the property might be used as a clubhouse for the Highland golf course which lies north of it and as a center for activities in Riverside Park. Part of the park lies north and part across the river from the clubhouse.

Park Superintendent James H. Lowry proposed that the board submit to the city council an ordinance providing for the licensing and bonding of all tree experts and another requiring the removal of all Carolina poplar trees within a certain period. The matters were referred to J. Clyde Hoffman, attorney for the board.

Representatives of the Brightwood Circle Association requested to board to buy a tract of ground on the east side of Stewart street between Roosevelt avenue and Twenty-fifth street and establish a playground or small park thereon. The request will be investigated.

Bids for the park department's supply of road tar for the coming summer were taken under advisement.

Peter Hendrie was reapointed golf professional for the Riverside links.
