

## LIKE WILD WEST WAS BOOZE RIDE

Local Men Find Trouble at Shelbyville.

SHELBYVILLE, Ind., March 4.—John Cameron and George Egan, motormen of Indianapolis, who were arrested here Wednesday afternoon, on charges of operating a motor car while under the influence of liquor and were held in the Shelby County Jail under bonds of \$2,000 from city court, were released this afternoon when they provided bond.

The bond of each was reduced to \$1,000 today. William A. Green of Ripley County, father-in-law of Cameron, provided the sum for Cameron's release. An additional affidavit was filed today against Egan in the Shelby Circuit Court, charging him with violating the motor vehicle law of the State in failing to stop his car, following an accident, and assisting the victim of the accident.

An investigation by the police today on the wild ride which was staged by Cameron and Egan, disclosed two other smash-ups which had not been reported by the car owners.

A touring car owned by George Poland of this city and another car were each struck by a careening car driven by the Indianapolis men. Will Shelton, employee of a local hardware company, who was driving the truck which was struck by the auto driven by Cameron and Egan, and who was thrown beneath a wheel of his truck, was somewhat improved today from the injuries he received.

## Varied Use Made of Railing Before City Court Bench

Providing the matrons at police headquarters have their way, a ladder will be placed at the east end or left side of Judge Pritchard's bench so that attorneys will have a place to rest their legs. In front of Judge Pritchard's bench there is a brass railing about four feet high. On first thought one might think that it was placed there for the protection of the judge. But, remembering that "there are two sides to all cases," it leads one to the conclusion that the railing was placed there as sort of "lawyers' rest or lounge."

A lawyer in on "business" at one session of court caused amusement when he was noticed with his legs wrapped around the brass railing. Few contentions could have performed the unintentional stunt.

## Morristown Men in Shelby Court

SHELBYVILLE, Ind., March 4.—Charges of petit larceny, contained in indictments returned during the recent session of the Shelby County grand jury resulted in the arrest and arraignment today of Richard Heck, Lawrence Porter, Garnet Copple and James Coers, all young men of the Morristown community.

Charles F. Zike and Orville D. Sampson, poultry dealers of Morristown, were also arraigned in Circuit Court on separate indictments charging them with purchasing poultry without having a

license. Mr. Zike and Mr. Sampson entered pleas of not guilty to the charge and were released on bond of \$100 each. The four young men arraigned on the petit larceny charges pleaded guilty and the matter of punishment was taken under advisement by the court. Heck and Coers are charged with having stolen a quantity of corn belonging to Mrs. Anna Zike, which was stolen from the sale crib on her farm near Morristown. Heck is a son of Ray Heck, who was convicted of grand larceny and perjury

**Protect the Children**  
Healthy Blood and a Healthy System is a Child's best protection against Colds, Grip and Influenza. Give them GROVES' IRON TONIC SYRUP. 75c.—Advertisement.

In the Shelby Circuit Court and is now serving a sentence in the State prison. According to the prosecuting attorney, the two boys have been committing a number of thefts during recent months. Porter and Copple were charged with stealing chickens belonging to Frank Curson, a farmer living east of Morristown. The boys are said to have sold the poultry to Zike and Sampson, who purchased the fowls at a time when they held no dealers' license, which resulted in their arrest also.

An interesting fifteenth century tombstone has been discovered at Workop, England, which is being restored as a memorial to local men who fell in the war.

## Farmers Hold Grain Conference March 15

A meeting at which all farmers' organizations in Indiana are expected to be represented, to discuss plans for Federal cooperative marketing of grain, is to be held at the Claypool Hotel Tuesday, March 15.

It will be one of a series of State conferences throughout the country on the report of the Farmers' National Marketing Committee of Seventeen. Seven delegates will be elected to represent Indiana grain producers at a national meeting in Chicago April 6 to ratify the marketing plans.

## Is This You Nervous Man or Woman?

Did your first symptoms start with pain in back of head, a constant "tired feeling"—especially in the back, chest and feet—And then, did you notice irritability; trembling from slightest exertion or mental excitement; inability to sleep soundly; nervous indigestion; sour stomach; constipation; dizziness; headache; backache; decline in bodily vigor; neuralgia; rheumatic twinges; chills and hot flashes?—And perhaps you do not know that these symptoms lead toward neurasthenia, nervous exhaustion; serious mental disturbances; loss of self confidence and inability to qualify in any kind of work or play?

IF SO—YOU NEED CADOMENE. Such symptoms indicate LACK OF NERVE FORCE.

NERVE FORCE is the mysterious source of energy manifested in high spirits, vitality, vigor and keenness for work or play. The High-Stepping, prancing, dancing horse has an abundance of Nerve Force—that's what you need.

Cadomene makes you "STRONG AS A HORSE" and this is how it does so: Cadomene supplies what the blood and nerves need to give nature when Nerve Force is being slowly exhausted—taking Cadomene a few days proves it to the most skeptical.

The digestion improves, better nutrition follows: the stomach, liver, kidneys, and all the vital glands of the body are supplied with needed elements, which also enrich the blood; and then the blood with its toned-up, new richness, proceeds to build up that mysterious source of energy, known as Nerve Force—the force that makes us speak of a man, woman, horse or dog as "high-spirited."

This is knowledge—and knowledge is power.

Begin the Cadomene treatment today and see how quickly the results astonish you with renewed Nerve Force—High Spirits, and all that glorious vigorous health means to mankind.

Good druggists supply Cadomene tablets in sealed tubes with full directions.—Adv.

## "Gets-It" Ends All Corns

Just As Good For Calluses. Money Back If It Fails.

Thirty seconds after you touch the corn with this liquid corn remover the jabbing stabbing pain of it stops, for all time.

Simple As A, B, C.

No corn, hard or soft, is too old or too deeply rooted to resist "Gets-It." Immediately it dries and shrivels, the edges loosen from the true skin and soon you can peel it right off with your fingers as painlessly as you trim your nails.

Don't coddle corns. Don't nurse and pamper them. Don't cut and trim them. REMOVE them with "Gets-It."

Get a trial at any drug store. Mfg. by E. Lawrence & Co., Chicago, Adv.
