Spring Is The Time To "Clean House" Bodily

In the springtime a great many people find themselves below normal health. The body, weakened by colds and coughs and other ailments of the winter time cannot carry out the processes of repair, cannot efficiently "clean house" bodily. In such cases a food medicine and not a drug medicine is safest and best. Father John's Medicine is a real food medicine. It helps to make richer, more active blood. It invigorates and makes more active the tired, run down body cells. This natural food medicine is quickly taken up by the digestive organs and supplies nourishment that is needed by the blood and the nervous system. It is the ideal food tonic to take in the springtime.—Advertisement.

Memorial Edifice for Wayne County

Special to The Times.
RICHMOND, Ind., March 8.—A Wayne County memorial hall to cost approximately \$500,000, dedicated to the memory of all the soldiers of this county who took part in the wars of the past and of those of the future, is recommended in the report of the county memorial committee.

The proposed building will cover an area of approximately 180 by 230 feet. Plans, drawings and specifications were submitted with the report. It is proposed to make this structure one of the finest of its kind. It is to have an imposing facade of stately columns flanked by two pavilions. A flight of fifteen to eighteen steps from the ground level will lead to a large entrance vestibule, the walls of which are designed to hold tablets commemorating the soldier dead or suitable statuary for that purpose. On each side of the vestibule will be clubrooms. A stage at the rear will be suitable for all entertainments. The basement beneath the auditorium will be equipped with modern kitchens.

Road Contractor Gets Judgment

Special to The Times.
SHELBYVILLE, Ind., March 8.—Judgment in the complaint of William Reddington, Greensburg road contractor, against the Board of Shelby County Commissioners, has been given for the defendant in the Johnson Circuit Court where the hearing was held on a change of venue granted the plaintiff. The court refused to annul the contracts awarded Mr. Reddington for the construction of two Shelby County roads. An appeal probably will be taken by the plaintiff. The contracts for the roads were awarded in 1918 and the grade of the McKay road in Liberty Township and the N. Kent road in Hanover Township were partly completed when work was stopped and an appeal was filed by Mr. Reddington to be released from the contracts, which he stated could not be filled at the pre-war prices on account of the advance in the cost of supplies. The commissioners of Shelby County refused to grant the petition on the ground that Mr. Reddington had made no effort to complete the road before the advance in prices and when he had an opportunity to do so at the contract price and realize a reasonable profit.
