

CITY POLICE ALSO WANT PRISONER

Surface Once Escaped Indianapolis Jail.

Special to The Times.
GREENSBURG, Ind., March 9.—Authorities here today are in receipt of a communication from Chief of Police Kinney of Indianapolis, stating that Edgar Surface, alias "The Chief," was wanted in Indianapolis on a charge of having escaped from the Marion County Jail in 1919.

Chief Kinney mailed the local officers a picture of the man, which is an exact likeness of the man held here. Inquiries also have been received from Scott and Johnson Counties stating that he is wanted in those two counties on charges of forgery.

Further information from Indianapolis reveals the fact that his wife and family have not been heard from him since Feb. 5 and also that his wife had not received the \$50 which he says he sent to her out of the \$100 received through the Western Union office here.

He pleaded guilty when arraigned before Judge Craig yesterday and will appear again tomorrow, when it is thought he will be sentenced.

Edgar Surface was indicted by the grand jury of Marion County in 1919 for passing worthless checks, and was awaiting trial when he was taken into the custody of Robert Miller, sheriff, and was made a trusty.

As a trusty his duty was to mow the grass in the city yard, the jail, the firing of the work, Surface walked away, and was not again heard from, police say, until numerous bad checks began to appear in this city. These checks are alleged to have been passed by Surface. Police say Surface's Indianapolis address was 725 Beville avenue.

PROPAGANDA OF ALIENS OPPOSED

Service Star Legion Chapter Adopts Resolution.

Hamilton Berry chapter of the Service Star Legion, at the meeting held yesterday in the Y. W. C. A., as a protest against meetings being held that favored of alien propaganda, endorsed the following resolution:

Referring to the mass meeting held Feb. 28 in Madison Square Garden, New York City, under the leadership of Edmund Von Mach and George Sylvester Viereck, we herewith express our disapproval of meetings that can be constructed as alien propaganda, or meetings tending toward separatism, just as we disapprove of all agitation tending to incite racial prejudice among the American people instead of promoting good will, national harmony and unity; and

Whereas, Col. F. W. Galbraith, national commander of the American Legion, has said "meetings which are disgraceful examples of propaganda are being held throughout the Nation, not only to disunite the American people but also to alienate us from those peoples who gave with us their life's blood on a common battle field, and a time has come to American people when it must prepare itself to meet a common foe," therefore be it

Resolved, That we, the Hamilton Berry chapter, protest against any racial meetings which are used for dissemination of ill feeling in this country against our allies.

The resolution was signed by Mrs. Linnton Cox and Mrs. Thomas Eldred Stucky. Mrs. C. F. Neun, former president of the Reconstruction Club, presented the sum of \$14.04 from the club, which lately was disbanded, to be used for markers of the trees in Memorial Grove for a group of soldiers, including the following: Ernest H. Lockwood, Ernest Wilson Leveering, Norman Craig Vinson, David D. Miller, Wallace Garrett Bridgeford, Ellisha Baker, Bert Arbuckle, Arthur Harris Negley, Charles E. Roach and Walter Summers.

Shelby Women Ask Law Enforcement

Special to The Times.
SHELBYVILLE, Ind., March 9.—Members of the Shelbyville Council of Clubs, at their monthly meeting, adopted a resolution in which it is declared cigarettes are being sold to minors and that minors are being permitted to enter poolrooms, and calling upon the authorities to give special attention to the enforcement of the law.

The council also discussed the practice of speeding, which they declared is growing with the opening of spring, and advocated a plan for a city-wide campaign for "Safety First" among auto drivers and pedestrians.

According to statements made by several of the women at the meeting hundreds of young boys of this city have acquired the cigarette habit during the past winter and are becoming inveterate smokers. Several of the women on the council stated they had discovered that their sons were smoking, but had been unable to learn where they were obtaining their smoking supplies.

The city authorities claim they have given much attention to the habit of boys loitering about the poolrooms and have cleared up this problem. Tobacco merchants have been notified of the regulations on sales to minors and have indicated, the police state, that they are adhering to the law.
