Representatives Are Expected

Delegates from every county in Indiana, representing the recently formed Salvation Army county advisory boards, will meet here on Thursday, March 31, according to a call just issued by the Salvation Army's Indiana State advisory board of which Ed Jackson, secretary of State, is president.

The opening session is set for 10 a.m. in the assembly room of the Hotel Sherman. Luncheon will be served at 12:30 o'clock and the afternoon session is to be called at 2 o'clock.

Salvation Army officials and workers of note from this central territorial headquarters at Indianapolis will be here and will attend the delegation.

At the meeting, in which it was decided to call this convention, the State advisory board elected officers. Governor Warren T. McCray is the honorary chairman, Major Jackson, chairman, and Thomas R. **Luxury Money Sought
for Relief Service**

"The price of a hip stick—I am told they cost 20 cents—will almost keep one of our Armenian kiddies alive for two whole days," suggests Mrs. Grace Duff, busy little stenographer at headquarters of the Armenian orphan appeal and chairman of the Armenian funds, 403 City Trust Building.

It is estimated that an orphan of the Bible lands can be supported on 17 cents a day. In its appeal to Indiana people for a big Easter sacrificial offering, the Armenian and Chinese relief organization has been digging up some Government statistics showing colossal sums spent each day on luxuries that might dispensed with while the starving millions are being fed.

Load Car With Corn

All farmers of the vicinity contributed in amounts ranging from five to twenty-five bushels. The work was organized by the Wayne farm bureau. The delivery was made a gala occasion by the short program, speeches explaining the purpose of the gift and a speech by A. C. Wang, Chinese student at Franklin College, who accepted the corn on behalf of Chinese sufferers. The school was dismissed late in the forenoon and the students marched down to the elevator, every student carrying five ears of corn, which were thrown into the bin as the students marched through the elevator.

It is expected that a total of three cars will be contributed by Wayne County farmers, although their quota is but one car.

IN GROWING TOE NAIL

How to Toughen Skin so Nail Turns Out Itself

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain, and toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—Advertisement.
