

GARDEN WORD NOW AVAILABLE

Bulletins May Be Obtained at
City Hall Office.

Late Government bulletins on planting and caring for gardens are available at the office of the Patriotic Gardeners' Association, on the third floor of the city hall, it was announced today.

Applications for assignment of vacant lot gardens are being received in large numbers and plans already are being made for planting. A garden and home beautification meeting will be held at Tomlinson Hall within a short time, with speakers of note on the program.

Among the bulletins which are being distributed is one just prepared upon the subject of "Pruning" by George R. Morgan, head of the special service of the public park department. The bulletin states that Indianapolis trees generally are in need of expert attention.

Two More Held for Emrichville Job

Police today are holding two more men believed to have been implicated in the Emrichville filling station robbery March 10.

Detectives gave the names of the men as Royal Hooper, 23, 241 Adams street, and Aaron Lewis, 27, 538 East Market street, a taxicab driver. Hooper is charged with burglary and grand larceny. He is believed to be the man who escaped from the police when Arthur Eaton, arrested several days ago on burglary charges in connection with the case, was arrested. Lewis is charged with vagrancy. Both men are held under \$5,000 bond.

Hoosier Credit Men Will Go to 'Frisco

The Indianapolis Association of Credit Men is planning to have a special train from Indianapolis to San Francisco for the national convention of credit men, June 14 to 17.

It is felt by officers of the National Association of Credit Men that the San Francisco convention will have unusual industrial and financial problems to take up, and an effort is being made to obtain as large a representation of the membership of the national body as possible.

Several special trains are being planned from various parts of the country.

200 Wisconsin U. Girls Escape Poisoning

MADISON, Wis., March 18.—Two hundred young women students of the University of Wisconsin are recovering today from poisoning believed to have been caused by food served from the general university kitchen. Dr. R. Van Valzah, chief of the clinical department, said none of the girls is seriously ill and most of them probably would attend their classes today. An analysis is being made to determine what articles of food caused the girls' illness.
