FRECKLES

March Worst Month for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of Othine—double strength, from your druggist and apply a little of it at night and morning, and in a few days you should see that even the worst freckles have begun to disappear. While the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if Othine fails.—Advertisement.

PUTS STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or, for better, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in the can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effecting and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.—Advertisement.

"Emperor Jones," the play presented by the Little Theater Society of Indianapolis last week, under the direction of George Sommes, will be repeated on Friday, April 1, in the Masonic Temple. The same cast, including Arthur B. Long, negro educator, in the role of the Pullman porter-emperor, will appear. 'Jokers' in Education, Chesterton's Theme

Human follies were treated with a kindly satire by Gilbert K. Chesterton, on "The Ignorance of the Educated," at the Masonic Temple last night. "It is not our ignorance which matters so much, as it is the things we know which aren't so," said the master of paradox.

In a description of his first impression of New York's Broadway, with its mil-

lions of flashing lights, he said: "I could not help feeling what a perfect fairyland it would be to a person unable to read. But to the creature with an education it becomes a sermon on the advantages of this brand of beans or that of pills."

Mr. Chesterton was introduced by Albert J. Beveridge.
