

## TOL OF DEAD MOTIVIS; REDS ARE UNABATED

Rout Police With Machine  
Guns—Berlin Strike  
Call Fails.

### 2,000 PRISONERS HELD

BERLIN, March 30.—Twenty-eight communists were reported killed in heavy fighting between the security police and Reds today at Gevelsberg, in Westphalia. The police casualties were not given. Two officers of the security police and ten men were reported killed in a clash with communists near Groeters. The Reds were armed with machine guns which they used so effectively that the police were compelled to retreat. Attempts of the communists to terrorize the Berlin workers and bring about a general strike seemed today to have failed completely. The ringed-out police and disorders to further their terrorist plot, but the city has remained comparatively calm. No outbreaks of shooting have been reported up to early this morning. There were some unimportant walk-outs, but nothing like general paralysis has fallen upon industry. PICKETS DISPERSED.

MANY ARRESTED. Pickets established around public service and industrial plants by the communists were dispersed by the police and many arrests were made. The situation generally is changed. While the "green" police have cleaned up some middle German towns which had been hotbeds of communist disorders, outbreaks were reported from other regions. The good results achieved by the government forces in the Elbe Valley were counter-balanced by new violence in Saxony and the Ruhr district, where postoffices and banks were looted. Dynamite stored in the communist headquarters at Breslau exploded, destroying the building.

### BREMEN VOICED WIRE CUT DOWN

REDS AT BREMEN CUT ALL THE LONG distance phone wires and the telegraph wires, isolating the Ruhr district. The situation has become so serious that the Ebert government has ordered drumhead court-martials for prisoners and has authorized special military courts with three judges to travel with the troops so that no time will be lost in bringing the Red leaders to trial after they are captured. Officers of the "green" police are complaining bitterly over the restrictions imposed upon them. Summed up, their complaint is this: "The politicians are murdering us by delaying so long before issuing orders permitting us to use firearms against an enemy. This gives the Reds a chance to consolidate and it will now cost ten times as many lives to put down the revolt as it would otherwise."

### 2,000 PRISONERS

It is estimated that Red prisoners captured since the revolt began now total over 2,000. This gives the government a quandary as to what to do with the rank and file of the communist prisoners. It fears to adopt a too drastic attitude for fear of inciting the revolutionary class, and adding fuel to the revolutionary movement. The suggestion of wholesale executions has been rejected. The jails are overcrowded and the disposition of prisoners taken within the next few days will furnish the government with a serious problem. The two main railway lines running from northern Germany to the Ruhr are in operation, although traffic is disrupted because of the further destruction of bridges, trestles and viaducts in the districts held by the Reds. In the rural districts of Saxony, armed bands are roving the country, plundering farms and seizing large quantities of food. Interference is in the hands of the government police.

Halle is quiet. The few strikes that have broken out there were described as unimportant.

Two important Red leaders were captured in the battle at Lfuna Tuesday. One of them is Alfred Lemuck, "commander of the Red army."

## LEMAUX FAVORS SOUTH SIDERS

(Continued From Page One.)

sent a petition signed by 300 residents asking for the old routing. The board promised to call in experts of the street railway company to look into the matter in the near future.

Otto Schopp, owner of a drug store at 602 South Illinois street, complained to the board that the new brick was not as good as the old. He said the contractor was selling the old brick at a fancy figure and putting the poorer grade in the gutters.

DELAUX VIGILANT. City Civil Engineer Frank C. Delaux, said that the new brick has been tested and found to be of a quality meeting up to more than the city's standard.

The board rescinded all action on resolutions for the resurfacing of St. Clair street from the intersection of East street and New York street from Alabama to East streets; confirmed resolutions for the permanent improvement of the first alley east of Ritter avenue from Washington street to Clark street; and local sewer in Blue Ridge road and Buckingham Drive from Boulevard Place to Sunset avenue, and postponed final action on a resolution for the resurfacing of Virginia avenue from Pennsylvania to Delaware streets on request of J. P. Frenzel of the Indiana Trust Company.

Frank C. Jordan, secretary of the Indiana Trust Company, reported to the board that the company has let contracts for excavation for the new 10,000-gallon reservoir at the reservoir plant, have new wells at the Park Creek plant, working on the new bridge over the creek at St. Clair street and is negotiating contracts for pipe with which to make water main extensions ordered by the board.

Orders were made for the extension of water mains in East Garfield drive from Bradbury street to North Garfield drive, and in Nineteenth street from Rural street to Parker avenue, and for gas mains in Chester avenue from Bradbury street to North Garfield drive, and in Nineteenth street from Rural street to Parker avenue.

County Recorder Quits; Woman Named

NEWCASTLE, Ind., March 30.—Harold E. Kirk has resigned the office of county recorder. County commissioners have appointed Mrs. Mary Caldwell, who has been a deputy in the office for the last two years, to fill Mr. Kirk's unexpired term.

Mrs. Caldwell is the first woman to be elevated to a county office here. She was sworn in by Miss Eva Granger, a deputy in the office of the county clerk.

## POEM MEMORIAL TO NATURALIST

Edward Markham Writes  
Lines on Burroughs' Death.

NEW YORK, March 30.—Edward Markham, foremost American poet, author of the "Man With the Hoe," at the request of the International News Service, today penned the following touching lines in memory of John Burroughs, widely known naturalist, who died yesterday.

The poem reads:  
JOHN BURROUGHS CALLED BACK  
In glorious hour the great soul passed  
And left his body at last.  
Upon the edge of April, while  
The earth is quickening, mile on mile  
His young soul, thrilled by the mystic  
Breath  
Goes singing thru the doors of death;  
He who was charmed by the heron,  
He who was brother to the birds,  
He who had all the flowers for friends,  
He has gone the road that never ends.  
Crowned with his gold hair, he goes  
While earth is dreaming of the rose;  
And, as he passes, he leaves behind  
The far song of the dawning year.  
While grasses hurry into earth,  
He rises to his higher birth  
Where Audubon and Jeffries are  
Exploring nature in their star.  
Where Ruskin, lover of old roads,  
Turner have their bright abodes.  
He goes and round his head is hurled  
The April vision of the world.  
The warm love of the whole world's heart.

## KIWANIS CLUB IS INITIATED

New Rushville Organization  
Gets Charter.

Delegations from the Kiwanis Clubs of Indianapolis, Connersville and Newcastle attended the presentation banquet of the Kiwanis Club at Rushville last night, at which the Kiwanis Club of Rushville received its charter.

The program included an address of welcome by J. T. Arbuckle, district trustee; response by John N. Bromert of Indianapolis, one of the lieutenant governors of the Indiana district; the presentation of the charter by Col. J. L. McCulloch of Marion, governor of the Indiana district, and the acceptance of the charter by Samuel L. Trabue who, as president of the Rushville club, presided as toastmaster.

Among the features of the program were vocal selections by B. F. Miller, a member of the Rushville club; music by the McGinnis orchestra, and special features by the Bob White quintet, consisting of Miss Brenda Kinsinger, Miss Lavinia Campbell, Miss Clara Arbuckle, Walter McGinnis and Paul Spitzer.

The officers of the Rushville Kiwanis Club are as follows: President, Mr. Trabue; vice president, George Y. Hogsett; treasurer, Lewis H. Sexton; secretary, William A. Young; directors, Clara L. Bebout, Fred M. Hammer, Harry Kramer, Byron Cowling, Charles S. Green, Wilmer W. Brown and Fred G. Arbuckle; district trustee, J. T. Arbuckle.

The members of the club are: J. Kennard Allen, F. G. Arbuckle, J. T. Arbuckle, Amos Baxter, Clara L. Bebout, Charles C. Brown, J. L. Brown, J. C. Caldwell, Fred A. Caldwell, J. C. Caldwell, P. H. Chadick, Byron Cowling, Jack Epstein, James Foley, C. M. George, Charles S. Green, Frank Green, Fred M. Hammer, R. C. Hargrove, Homer Havens, George G. Helm, Curtis S. Hester, George Y. Hogsett, Scott Hester, G. H. Hunt, T. G. Kelly, Irwin C. Kinney, Joseph B. Kinney, Harry Knecht, Harry Kramer, H. Y. Logan, John McCoy, John P. Madden, B. F. Miller, Frank E. Moore, Glenn E. Moore, Wallace Morgan, John B. Morris, Norm Morris, Earl E. Osborn, J. T. Paxton, Frank Reist, Jesse Poe, A. L. Riggs, G. C. Rucker, Francis Schaub, Charles Schlichte, Cullen Sexton, L. M. Sexton, Wilbur Stiles, Walter E. Thomas, Fred L. Trabue, Samuel L. Trabue, William Treppel, O. E. Truesler, W. W. Weakley, A. W. Wilkinson, William A. Young.

## PLANS MADE TO CLEAN UP CITY

Week of April 18 Set for  
Doing Work.

An old-fashioned clean-up with a few new-fangled but practical wrinkles will be given Indianapolis the week of April 18 if plans made at a conference in the city hall yesterday afternoon are carried out.

Mayor Charles W. Jewett named Thomas A. Riley, Democratic member of the board of public works, chairman of the clean-up week committee, which includes representatives of the Boy Scouts and the Junior Chamber of Commerce. Street Commissioner A. O. Meloy, Park Superintendent James H. Lowry and City Sanitarian Dr. Herman G. Morgan, F. O. Holter, representative of the Boy Scouts, Myron M. Hughe, president; George Mize vice president; Floyd Chaskey, secretary; Herbert Krauch and Storey Larkin the Junior Chamber of Commerce.

The clean-up work as planned at the conference will be divided among the city, the scouts and the commercial body.

The city ash hauling equipment will clean up the streets and rub out the regular schedule during the week. Three trucks from the park department and five from the street department will be diverted to the campaign for use in picking up unsalable refuse such as rags, paper bottles and scrap iron. The Junior Chamber of Commerce will attend to publicity for the event and the Boy Scouts will charge of the sale of the salt to sweep, paper, bottles and iron. Proceeds of these sales will be added to the fund with which the Scouts intend to purchase a memorial drinking fountain.

## ARKANSAS MAN IN LONG SLEEP

Ozarks Produce a Rip Van  
Winkle Who Baffles.

FT. SMITH, Ark., March 30.—Saloons, the war and \$5 salutes have passed since the Rip Van Winkle of the Ozarks went to sleep in his cot in the Sebastian Hospital.

Jim E. Slinger dropped off in a dose two years and eight months ago and is still doing. Jim almost awakened this week. He got up in bed, looked at the nurse and said, "What time is it?" The only sign of life Jim shows is when he is fed through a tube. Then he snacked his lips.

Jim was buried and for years used a wheeled chair. Then he went to the hospital and went to sleep. Some of the hospital attendants, who have to work so hard they get very little sleep, are jealous of him.

It was they who started stories that Jim was cheating; that he rises up in bed once in a while when no one is watching and takes a look around.

Nurses who keep the vigil over the Rip Van Winkle of the Ozarks have been unable to verify this. A staff conference is held at the bedside each morning. But reports to match him from the arms of Morpheus are futile.

For Colds, Grip or Influenza and as a preventive take GROVE'S LAXATIVE BROMO QUININE Tablets. The grove and the grove. Write to Dr. Grove. Be sure you get GROVE'S. —Advertisement.

## REDISTRICTING PLAN PROMISES FIGHT TONIGHT

Anti-Administration Force to  
Attack Proposed Ordinance  
as It Stands.

BAR DOORS 'AS USUAL'

COUNCILMAN LOUIS W. CARNEK, one of the four anti-administration members, declared today that he will insist in the coming meeting of the council tonight, sitting as a committee of the whole upon the ordinance to revise the boundaries of the city precincts, that if any change is made from the lines as they were fixed in 1917 that they be relocated only as to conform to the county boundaries as fixed by the county commissioners last year. This attitude was expected to be that of the three other anti-administration, who hold the whiphand in the redistricting situation.

The proposed ordinance as prepared by the city administration provides for creating twenty-seven new precincts over the 141 city districts now in effect. The present boundaries do not take in several districts that have been added to the city by annexation since 1917. Mr. Carnick said he was willing to see this territory added to contiguous precincts, but he carried out his idea it would be necessary to write practically a new proposed ordinance.

### SUPPORTERS PLAN TO FORCE IT THROUGH

Meanwhile the administration was going ahead with plans to try to force through the proposal introduced at the special meeting of the council last night. Another special meeting for this purpose is set for Thursday evening. A few minor changes were being made in this proposal to eliminate specific objections which the anti-administration objected to on Tuesday evening. Most of these are in the Third ward to which Councilman Gustav G. Schmidt objected and a few are in the Fifteenth ward, where Councilman Carnick pointed out that one precinct was split in two. He said that this was necessary because there would be only 300 votes in each, and that if the administration made most of its changes on the basis of having not more than 1,000 votes in a precinct he could not see why two, with only 300 in each, were created.

The ordinance must be passed in time for publication Saturday and every effort is being made by the administration members of the council to force it through.

When the ordinance was introduced Councilman Gustav G. Schmidt, anti-administration leader, and Councilman Louis W. Carnick, who had introduced the ordinance, objected to any attempt to rush it through. Following this objection no effort was made to suspend the rules. The effort to suspend the rules, which was required to suspend the rules, Councilman Otto B. Pettijohn, one of the five administration members, was not present because of illness.

Realizing the urgency of the social needs of the State, as disclosed by the confidential source the Salvation Army's eighty-five county advisory boards have been making in all parts of Indiana during the past few weeks, the army's State advisory board, through Secretary of State Ed Jackson as chairman, has called these delegates to Indianapolis for a day's conference.

The convention will open at 10 a. m. in the assembly room of the Hotel Severin. An afternoon session will be held at 2 p. m. Mr. Schmidt would discuss this point no further after the meeting, but other members of the council said precincts in the Third ward were referred to.

Mr. Schmidt complained that he had no opportunity to discuss the ordinance before it was presented. He said he had an engagement with Robert H. Bryson, city controller, who had much to do with the precinct changes, at 2 o'clock Tuesday afternoon. He said he waited until 2:22 o'clock and when Mr. Bryson did not appear, he left. Mr. Bryson, who was present at the meeting, said he arrived five minutes later.

Mr. Carnick suggested that ward committees be called before the committee on the ordinance and that later the public be called in. President Russell Willis said he had his own ideas about a public hearing, but that this question should be settled by Councilman Sumner Furness as chairman of the elections committee and of the committee of the whole.

### CARNEK WISHES THOUGHTFUL

Mr. Carnick further told the council that he was not opposing the ordinance, but that he wished it to be thoroughly investigated. He said he was willing to take in annexed territory, but that the council should have an opportunity to look into the other changes.

Mayor Charles W. Jewett made a brief statement of the best naval commanders of both the past and present, and paid particular tribute to Admiral Niblack and Rear Admiral George Brown.

In commenting upon the promotion of Americanism as a means of making the United States a greater Nation, he urged the members of the order to "take such a stand as will uphold the ideals we fought for in the past and which we have always fought for in all our wars."

The address of welcome was made by Mayor Charles W. Jewett.

Lieut. Com. Harry W. Hill, a member of the order, made a brief statement of the best naval commanders of both the past and present, and paid particular tribute to Admiral Niblack and Rear Admiral George Brown.

## Salvation Army's Advisory Council to Meet Tomorrow

CHICAGO, March 30.—Industrial peace is dependent upon the continuation of national agreements between railroad corporations and employees. W. J. Lauck, counsel for the unions, told the United States railroad labor board today.

"Employer and employee is organized into strong national bodies," he declared. "Planning and practically all business relationship is on a national scale. Hence it is of utmost importance for the peaceful and productive development of industry that employer and employee make work out national trade agreements."

Lauck said an investigation of the labor situation of many industries tended to show:

1. Industrial peace is attained by national agreements.  
2. Establishment of uniformity in working conditions is socially important.  
3. The unions observe their contracts.  
4. Trade agreements are not inconsistent with the genuine open shop.  
5. Trade agreements humanize the industrial situation.

Lauck presented documentary evidence showing the movement toward national agreements in the railroad and a number of other industries.

### TRADES ASS'N DINNER SLATED

Local Branch Hold Annual  
Feast Tomorrow Night.

In addition to the address of Dr. Charles Aubrey Eaton, editor of Leslie's Weekly, two motion picture plays of two reels each will be shown at the fifteen annual dinner and meeting of the Indianapolis branch, National Metal Trades Association, tomorrow evening at 6:30 o'clock in the Riley room of the Clapp Hotel.

The pictures are entitled "The Big Idea" and "The Kick Back." They are industrial dramas and are from the pen of Rufus Steele.

There will be orchestral music and singing by Mrs. Arnold Spencer and the Hoosier Harmony Three-Means. Hofmann, Henderson and Tillman.

Officers and committees of the association are to be elected for the ensuing year and brief reports will be submitted by present officers and committees.

### Transom Burglar Gets Silk Hose and Cash

A burglar early today climbed through a transom of McCarthy & Co. goods for the clothing store, 17 North Pennsylvania street. S. C. Mendel, manager was un-able to determine the exact loss, but reported that \$3 was missing from the cash register as well as twelve pairs of men's silk hose valued at \$15.

Louis Stantow, a guest at Lincoln Hotel, today reported to the police that he was robbed of a diamond and pearl stamper while on a stroll from the corner of Indiana and Madison streets.

The plan was valued at \$835.

### RETAIL CLERKS ARE TO BE BENEFITED

throughout the country clerks are praising Peppen. Inasmuch as so many local indorsements have been published it will no doubt be interesting to note what people are saying in other cities.

Mrs. Elsie Herold, clerk, who resides at 22 Mumma Avenue, Dayton, O., furnishes a good example of what people in that city are saying. Mrs. Herold says:

"I found Peppen to be a splendid medicine for the blood and nerves. For many months I was not a day that I felt exactly right. I was always tired, no matter whether I worked or not. I scarcely ate enough to keep a bird alive."

"I dreaded to see night come because it meant long hours of rolling and tossing in bed without sleep. When I got up in the mornings I felt more fatigued, if such a thing is possible, than when I went to bed. Peppen did a wonderful lot of good for me and now I feel like a different woman."

Homer A. Ireland is vice president of the Miami Valley Drug Co., which is the State of Ohio. They sell hundreds of thousands of dollars' worth of medicine every year. In view of Mr. Ireland's wide experience, special significance attaches to what he has to say about Peppen. His statement follows:

"The enormous popularity of Peppen seems to be due to its good effects in stomach, liver and bowel troubles. No medicine of insignificant merit could pile up the huge sales record that has Peppen, nor gain as has Peppen the unqualified indorsements of druggists by the scores who stand for the best of the irrefragable communities."

Those who wish to try Peppen may obtain it from Huder's drug stores, Washington and Pennsylvania, St. Louis, Mo., Michigan Sts., or from any other leading drug stores anywhere. —Advertisement.

Peppen is composed of a number of different kinds of roots and herbs which are well-known for their tonic properties. Sick headaches, dizzy spells, sleeplessness, nervousness, spall, complexion, tired feelings, under weight and other symptoms are frequently caused by feeble or slow digestion or by habitual constipation. When such is the case Peppen seldom fails to relieve.

Right here in Indianapolis scores of clerks have recommended Peppen. Many statements to this effect have been published in the local newspapers day after day.

Not only in this city but elsewhere
