## DOG HILL PARAGRAPHS

Atlas Peck is going to plant some gourds this spring, but he wants some other kind of seed, as the ones he raised last year had such long vines he had to spend part of his time in following them to keep them near home.

A call meeting of the Improvement Association is scheduled for tonight, as they went away last night without adjourning.

Photographic portraits are memory's milestones. How many of these milestones have you? A sitting takes but a few minutes.

Make a "BEE LINE" for a good and permanent position. Prepare, and start where opportunity will be yours without limit. A thorough business college course is what you need. It will do that very thing. Competent bookkeepers, stenographers, accountants and secretaries are always in demand. There is a surprisingly good demand for them right now. Don't waste your time hoping that something will "turn up." Be prepared, and you can "turn up" something. This school specializes on preparing young men and women for office positions. Its EMPLOYMENT DEPARTMENT helps them to make connections when ready. Enter Monday, April 4, or call, write, or telephone for particulars and arrange to start as soon as possible. See, write, or phone Fred W. Case, Principal.

of the

## Sonora Phonographs

which we have arranged for the week of Mar. 30-Apr. 5 on the 1st Floor rear of our store

The variety of designs will amaze and delight you. In the period models, distinctive and authentic reproductions lend an air of rare antiquity. Both period and upright models are the product of finest craftsmanship. The woods used are oak and golden oak, walnut, mahogany and brown mahogany. Polychrome and hand decorations are further used in embellishment.

Incidentally this display is an excellent place to end that wedding gift quest.
